Historic Pulaski County Paulette H. Walter, Alan C. Paulson, 1999. In 1818 long before the state of Arkansas came into existence when the land that would become Arkansas was still part of the Missouri Territory, Pulaski County was created by the Missouri legislature. It was named in honor of Polish nobleman Count Casimir Pulaski who joined the American Revolution in 1777. Featuring over two hundred images from various sources including the author's personal collection, *Historic Pulaski County* covers the communities of Little Rock, North Little Rock, Levy, and Jacksonville. The authors provide a fascinating look at military life at Camp Pike and Camp Robinson. From the 1840s to the 1990s, the county's past is illustrated by scenes of local people, places, and events that helped shape the last two centuries.

Nothing but Love in God's Water Robert Darden, 2014-10-21. The first of two volumes chronicling the history and role of music in the African American experience, *Nothing but Love in God's Water* explores how songs and singers helped African Americans challenge and overcome slavery, subjugation, and suppression. From the spirituals of southern fields and the ringing chords of black gospel to the protest songs that changed the landscape of labor and the cadences sung before dogs and water cannons in Birmingham, sacred song has stood center stage in the African American drama. Myriad interviews, one of a kind sources, and rare or lost recordings are used to examine this enormously persuasive facet of the movement. *Nothing but Love in God's Water* explains the historical significance of song and helps us understand how music enabled the civil rights movement to challenge the most powerful nation on the planet.

Media And Revolution Jeremy D. Popkin, 2021-10-21. As television screens across America showed Chinese students blocking government tanks in Tiananmen Square, the fall of the Berlin Wall, and missiles searching their targets in Baghdad, the connection between media and revolution seemed more significant than ever. In this book, thirteen prominent scholars examine the role of the communication media in revolutionary crises from the Puritan Revolution of the 1640s to the upheaval in the former Czechoslovakia. Their central question: Do the media in fact have a real influence on the unfolding of revolutionary crises? On this question, the contributors diverge, some arguing that the press does not bring about revolution but is part of the revolutionary process, others downplaying the role of the media. Essays focus on areas as diverse as pamphlet literature, newspapers, political cartoons, and the modern electronic media. The authors' wide-ranging views form a balanced and perceptive examination of the impact of the media on the making of history.
