It's not easy coming up with bright ideas let alone when time is tight. What's worse is that we often feel the least creative precisely when we need to be the most creative.

Deliberate Creativity Gautam Gulati, 2020-10-29. WARNING: This book WILL make you more creative. If you are totally cool with being average and having sucky ideas then DO NOT read this book. We've all been lied to. So-called gurus and experts have repeatedly told us that ideas are a dime a dozen and that only the execution of an idea matters. The truth is executing on a bad idea will almost always guarantee a failed result. But here's the rub: most of us are never taught how to develop good ideas yet it is expected of us in our everyday work and life. Ideas are the answers to helping solve our most pressing questions. I believe we all have the hidden potential to creatively excel if deliberately trained. After all, most bad ideas are simply underdeveloped good ideas. This book, based on experience-based principles and methodologies, will help you think differently and cultivate a creative advantage over others. It will serve as a practical guide to help boost your creative performance and maximize your return on ideas.

Growing Great Ideas: Unleashing Creativity at Work Karen (Sieczka) Eugenio, 2008-07-29. Generating new ideas is not a magical process. There are many ways to stimulate ideas and creativity work by getting into a creative state of mind. *Growing Great Ideas: Unleashing Creativity at Work* is a training guide providing easy, inexpensive ways to help ideas flow more freely at work and train employees to think creatively to improve the bottom line. The book explores ideas and innovations, defines creativity's many faces, identifies barriers, and establishes the foundation to unleash problem-solving skills and creative potential, build teamwork, find new and improved processes, and turn business challenges into business opportunities. Show your employees the way: bring enthusiasm and fun, and most importantly, IDEAS back to work with *Growing Great Ideas: Unleashing Creativity at Work*.

Creative Thinkering Michael Michalko, 2011. Shows readers how to liberate thinking and expand imagination by learning to synthesize dissimilar subjects, think paradoxically, and enlist the help of the subconscious mind.

The Power of Creativity (Book 2) Bryan Collins, 2017-01-31.

What a Great Idea! 2.0 Chic Thompson, 2016-03-10. What a Great Idea has sold more than 250,000 copies and is translated into five languages, and now this imaginative guide to thinking creatively is back in a new and improved 2.0 version. Author Chic Thompson knows that everyone wants to be more creative and he knows how to make it possible. That's why the Harvard Business School released a case study on his career. Yoshiro Nakamatsu, the inventor of the CD Floppy Disk and digital watch, called Chic Thompson a creative genius. Based on his entrepreneurial successes and his work at Disney and W. L. Gore Associates, Thompson has had unparalleled success teaching readers how to harness their ingenuity to generate new product ideas and overcome the bureaucratic language that stifles innovation. This fully illustrated, thoroughly updated paperback edition features even more brain-stimulating suggestions, exercises, action sheets, and ideas for encouraging creativity at work, at home, and much more.

A Year of Creativity Kathryn Jacob, Sue

Unerman,2024-09-26 A Year of Creativity demystifies what it means to be creative showing how all of us need to exercise our creativity muscles if we are to meet the challenges of an uncertain world If you want to win at work efficiency is not enough strategy is not enough and analysis is not enough We live in times of increasing complexity and ambiguity even businesses that have themselves been major disruptors fear major new disruption themselves In response leaders are battenning down the hatches the more uncertain the world the more they retreat into stale established patterns of behaviour This is a big mistake The only way to secure competitive advantage is to ensure that creative thinking is driving your organization It will enable workplace satisfaction boost performance and encourage new ideas throughout teams To tackle our uncertain environment and to win in the world of future business we all need to get serious about creativity and the potential it can unleash The authors of Belonging have now written A Year of Creativity which will make creativity accessible to everyone In 52 lessons it explores how to be creative either individually or in groups and teams how to nurture creativity and how as a result to redefine yourself and your career
