The Leader's Palette Ralph E. Enlow Jr., 2013-02-08 No Not another book on leadership That was my first reaction as I received the manuscript of this book Upon careful reading I came to realize that Dr Enlow has artistically captured the essence of leading by influence and has presented it in a clear and colorful way As a veteran leader Dr Enlow speaks from vast experience but it is not merely subjective anecdotal experience The book is firmly rooted in serious and current research As I meet leaders from all over the globe I am no longer hesitant what to recommend

them to read Riad Kassis director of Langham Scholars Ministry international director of the International Council for Evangelical Theological Education This book under promises and over delivers with a powerful palette of leadership wisdom But drop everything right now and read the warning in the last chapter on doxological leadership I am recommending this book to all my clients and I will likely reread this gem once a year Its that important John Pearson consultant www.johnpearsonassociates.com and author of Mastering the Management Buckets **Sustainable Leadership** David Ducheyne, 2017-05-19 How to lead efficiently in a volatile uncertain complex and ambiguous world Leadership has never been as difficult as it is today And it has never been as crucial In this VUCA world people ask leaders to provide certainty They cannot In the volatile uncertain complex and ambiguous world certainty comes from character Leaders can base their leadership on empathy fairness kindness and reciprocity These basic human elements are under pressure This book provides both emerging and established leaders with the ingredients they need to develop a sustainable leadership style EXCERPT A newly appointed CEO wrote that she wants to find a balance between her own values and what is expected from her I hope for her that both are not too far apart The board of the company chose her to do the job because of who she is not because of who she is not And here is the main challenge for those who are in a leadership role How can you be a leader and still remain yourself Something in leadership or in its context seems to urge people to change and become someone else But leaders are not actors If I can give only one advice do not change who you are You can become more of yourself and grow as a person But the moment you try and change who you are you lose the only thing that is sustainable and dear to you your character This book is about sustainable leadership based on character ABOUT THE AUTHOR David Ducheyne wrote this book as a source of inspiration for leaders who are looking for ways to maintain their leadership in VUCA times It is also a documented intention to try and do better
