Responsible Gambling Howard J. Shaffer, Alexander Blaszczyński, Robert Ladouceur, Davis Fong, Peter Collins, 2019-09-02
Responsible gambling refers to a range of strategies initiatives and activities introduced by gambling regulators policymakers and industry operators to reduce gambling related harms There is an absence of agreement about the definition of responsible gambling among these parties and stakeholders experiences reflect varied and often conflicting positions about the development implementation and maintenance of existing responsible gambling programs Complicating these issues further there is little empirical evidence supporting the current crop of responsible gambling activities Consequently there is a pressing need to bring together key similarities and differences associated with disparate stakeholder groups Responsible Gambling Primary Stakeholder Perspectives will inform and better ground both current and future debates focused on the topic of responsible gambling and its intended outcomes Chapters address responsible gambling from the perspective of five groups of complementary stakeholders scientists researchers clinicians gambling operators public policy makers regulators and recovering gamblers Contributors address responsible gambling through the lens of the Reno Model an approach that emphasizes the importance of stakeholders working together and using evidence based methods to reduce gambling related harms Building upon and expanding the Reno Model and addressing conflicts and ethical compromises so that these programs can achieve their intended objectives reducing the worldwide rate of gambling related harms Responsible Gambling will be of value to scientists clinicians policy makers regulators and industry operators interested in responsible gambling strategies and activities **Financial Crossroads** ,1975 Advance Accounting Dr. S.K.
