Justice and Comparative Law      Legal Process Mulela Margaret Munalula,2004      **International Human Rights Law in Africa** Christof Heyns,Morne van der Linde,2022-11-07 Contrary to popular belief there is a vast body of law dealing with human rights in Africa in existence today The first priority at the moment is consequently not the adoption of new norms or the creation of even more structures the most immediate challenge lies in making the existing structures work and ensuring compliance with the norms already accepted by African societies Access to the relevant material constitutes a necessary precondition for any other gains in this field The aim of this reference work is therefore to make African human rights law accessible to all those involved in or interested in human rights law on the continent in order to strengthen its impact Primary documents are introduced and reproduced and presented in a coherent framework The main institutions public and private dealing with human rights in Africa are identified and discussed Comprehensive overviews of the international human rights legal regimes applicable to Africa as well as country reports are provided Access to this body of law will enable judges practicing lawyers academics and other researchers as well as law reformers NGOs activists and students to both ascertain and assert these rights It will also serve to ensure the development of a stronger indigenous African human rights jurisprudence rooted in local experience history culture and practices This book consequently tries to contribute towards documenting systemising and anchoring the African human rights system This publication replaces and updates the earlier Human Rights Law in Africa Series which appeared on an annual basis from 1996 to 1999 In order to make the publication accessible in Africa the Centre for Human Rights and the Raoul Wallenberg Institute in Sweden have undertaken a targeted distribution campaign on the continent The print edition is available as a set of two volumes 9789004138810      Zambia Law Reports ,2012 Vols for 1972 1973 contain selected judgments of the Court of Appeal for Zambia and other courts 1974 1975 of the Supreme Court of Zambia and the High Court of Zambia      *The National Guidelines for the Multidisciplinary Management of Survivors of Gender Based Violence in Zambia* ,2011      **Suffering in Silence** Janet Fleischman,2002 HIV AIDS which has claimed millions of lives in southern Africa affects girls in Zambia at a much higher rate than boys As this report shows sexual abuse and other abuses faced by girls contribute to this disparity Girls are easy sexual prey to older men who are rarely constrained either by social sanction or inadequately enforced laws from abusing girls      *Policy Paralysis: A Call for Action in HIV/AIDS-Related Human Rights Abuses Against Women and Girl in Africa* ,      Postcolonial Legality: Law, Power and Politics in Zambia Jeremy Gould,2023-03-24 This book interrogates the ideology and practices of liberal constitutionalism in the Zambian postcolony The analysis focuses on the residual political and governmental effects of an imperial form of power embodied in the person of the republican president termed here prerogativism Through systematic long term ethnographic engagement with Zambian constitutionalist activists lawyers judges and civic leaders the study examines how prerogativism has shaped the postcolonial political landscape and limited the possibilities of constitutional liberalism This is revealed in the ways that repeated efforts to reform the constitution have sidelined popular participation

and thus failed to address the deep divide between a small elite stratum from which the constitutional activists are drawn and the marginalized masses of the population. Along the way the study documents the intimate interpenetration of political and legal action and examines how prerogativism delimits the political engagements of elite actors. Special attention is given to the reluctance of legal activists to engage with popular politics and to the conservative ethos that undermines efforts to pursue a jurisprudence of transformational constitutionalism in the findings of the Constitutional Court. The work contributes to the rising interest in applying socio legal analysis to the statutory domain in postcolonial jurisdictions. It offers a pioneering attempt to deconstruct the amorphous and ambivalent assemblage of ideas and practices related to constitutionalism through detailed ethnographic interrogation. It will appeal to scholars, students and practitioners with an interest in theorizing challenges to political liberalism in postcolonial contexts as well as in rethinking the methodological toolbox of socio legal analysis.
