Crisis And Catharsis The Power Of The Apocalypse:

Crisis and Catharsis Adela Yarbro Collins,1984-01-01 For the first time in complete form the results of recent analyses of the Apocalypse are presented in a way that is easily understood by the beginning student and challenging to the scholar looking for a fresh approach In a clear and vivid manner Adela Yarbro Collins discusses the authorship of the book of Revelation when it was written the situation it addressed the social themes it considered and the psychological meaning behind apocalyptic language

Power and Place Gregory Stevenson,2012-08-06 Archaeological epigraphic numismatic and historical research is used to illuminate the meaning and function of temples in both Jewish and Greco Roman cultures This evidence is then brought into a dialogue with a literary analysis of how the temple functions as a symbol in Revelation

Heavenly Space in Hebrews and Its Jewish and Christian Environment Stephen C. Wunrow,2025-06-12 Stephen Wunrow addresses the pressing question of what the author of Hebrews meant by his descriptions of heaven arguing that the author intended his references to heavenly space to be interpreted as realistic descriptions of a real place Wunrow posits that language about heaven is neither metaphor nor a description of a place outside the creation by examining other early Jewish and Christian texts that narrate or describe humans ascending into heaven Given the nature and the function of heavenly space as described in these texts Wunrow suggests it is most probable that the authors of the texts intended their descriptions of heavenly space to be

understood as realistic Wunrow thus explores 1 and 2 Enoch 4 Ezra 2 and 3 Baruch the Apocalypse of Abraham the Testament of Levi the Testament of Abraham the Ascension of Isaiah and Revelation investigating how other roughly contemporary authors described heavenly space and considering that the rhetorical aims of most of these authors fail unless their readers understand their descriptions of heavenly space in realistic ways Turning then to examine Hebrews Wunrow suggests that while the letter does contain unique features and rhetorical aims it also fits comfortably with other early Jewish and Christian texts that describe humans ascending into heaven in a realistic manner He concludes with reflections on how this conclusion helps to clarify other topics in Hebrews including atonement and eschatology

The Violence of the Lamb Paul Middleton, 2018-05-03 The act of martyrdom in the worldview of the Apocalypse has been considered to be an exemplification of non violent resistance Paul Middleton argues here however that it is in fact a representation of direct participation by Christians through their martyrdom in divine violence against those the author of Revelation portrays as God's enemies Middleton shows that acceptance of martyrdom is to grasp the invitation to participate in the Revelation's divine violence Martyrs follow the model laid down by the Lamb who was not only slain but resurrected glorified and who executes judgement The world created by the Apocalypse encourages readers to conquer the Beast through martyrdom but also through the experience of resurrection and being appointed judges In this role martyrs participate in the judgement of the wicked by sharing the Lamb's power to judge Different from eschewing violence the conceptual world of the Apocalypse portrays God the Lamb and the martyrs as possessing more power might and violent potential than the Emperor and his armies Middleton believes that martyrdom and violence are necessary components of the worldview of Revelation

Satan, the Heavenly Adversary of Man Cato Gulaker, 2020-12-10 Cato Gulaker employs narrative criticism to explore where the depiction of Satan found in the Book of Revelation is positioned on the axis of two divergent roles The literary character of Satan is commonly perceived to gradually evolve from the first divine agents in the Hebrew Bible representing the darker sides of the divine governing of affairs Job 1 2 Zech 3 1 Chr 21 1 Num 22 22 32 to the full blown enemy of God of the post biblical era However Gulaker posits that texts referring to Satan in between these two poles are not uniform and diverge considerably This book argues for a new way of perceiving Satan in Revelation that provides a more probable reading as it creates less narrative dissonance than the alternative of the ancient combat myth cosmic conflict between Satan and God From this reading emerges a subdued Satan more akin to its Hebrew Bible hypotexts and Second Temple Judaism parallels one that fits seamlessly with the theology cosmology and the overarching plot of the narrative itself Gulaker explores the functions of Satan in a text written relatively late compared to the rest of the New Testament but with strong affinities to the Hebrew Bible concluding that Satan is characterized more as the leash rod and sifting device in the hand of God than as his enemy

Discovering Revelation David A. deSilva, 2021-04-29 The book of Revelation has been received over the past several centuries with both fascination and aversion but one thing is certain it has profoundly shaped Christian history and

culture And the way it has shaped history and culture has been determined in large part by how the book has been variously and sometimes irresponsibly interpreted David A deSilva addresses the interpretation and reception history of Revelation in this compact up to date and student friendly introduction to the book of Revelation focusing on its structure content theological concerns key interpretive debates and historical reception Discovering Revelation draws on a range of methodological approaches author text and reader centered as complementary rather than mutually exclusive ways of interpreting the text DeSilva pays special attention to defining features of Revelation such as its use of sequences of seven as a major structuring device its nonlinear plotline and its deployment of contrast and parody As deSilva writes A text as rich and multidimensional as Revelation calls for its readers to adopt a rich and multidimensional approach that draws upon a variety of interpretative angles and skills

What are They Saying about New Testament Apocalyptic? Scott M. Lewis, 2004 Scott Lewis begins his volume focusing on New Testament apocalyptic with Albert Schweitzer's famous 19th century book *The Quest for the Historical Jesus* that concludes that both the worldview and the message of Jesus were thoroughly apocalyptic And he brings us to the present with the heated debates generated by the historical Jesus research of the last 20 years and the rebirth of apocalyptic fervor at the beginning of the new millennium The book focuses on five areas 1 the attempts since Schweitzer to define the apocalypse genre and its constituent eschatology and theology 2 the debate over the question concerning the nature of Jesus teaching and proclamation and whether the apocalyptic statements attributed to him are genuine or products of the early church 3 the apocalyptic nature of Paul's proclamation and the central role it plays in his moral exhortation ecclesiology and spirituality 4 the nature of the message of the Book of Revelation and the different approaches to its interpretation 5 the application of apocalyptic theology and eschatology to the life of the church in the form of preaching ethics spirituality and social justice and 6 a concluding reflection A special concern of the book is the reappropriation of the apocalyptic tradition by the modern church in a manner that avoids the many misuses of this genre in the past To this end it is most important that apocalyptic theology be recognized for what it is a theology of hope rather than a theology of fear

A Theology of the New Testament George Eldon Ladd, 1993-09-02 Ladd's magisterial work on New Testament theology has well served thousands of seminary students since its publication in 1974 Enhanced and updated here by Donald A Hagner this comprehensive standard evangelical text now features augmented bibliographies and two completely new chapters on subjects that Ladd himself wanted to treat in a revised edition the theology of each of the Synoptic Evangelists and the issue of unity and diversity in the New Testament written respectively by R T France and David Wenham

Uncovering Violence Amy Cottrill, 2021-10-26 It is no surprise that the Bible is filled with stories of violence having come into being through the crucible of trauma cultural conflict and warfare But the more obvious acts of physical or sexual violence in the Hebrew Bible often overshadow its subtler forms throughout Scripture and belie the variety of perspectives on violence embedded in biblical narratives This hinders readers ability to recognize the full spectrum of human

engagement with violence both in texts and in their lived experiences *Uncovering Violence Reading Biblical Narratives as an Ethical Project* seeks to provide a theoretical vocabulary for the various forms that violence can take including textual violence interpretive violence moral injury and slow violence and to offer a fresh ethical reading of violence in the biblical text Focusing on four narratives from the Hebrew Bible Cottrill uses the approach of narrative ethics to lay out the many ways that stories can make moral claims on readers not by delivering a discrete lesson or takeaway but by making transformative contact with readers and involving them in a more embodied dialogue with the text Exploring the narratives of Jael s killing of Sisera the toxic masculinity of Samson environmental devastation and failures of legal systems in Ruth and Abigail s mediation with King David *Uncovering Violence* presents strategies for reading that allow for this close encounter In doing so it helps prepare readers to better recognize interpret and even respond to violence and its many effects within and beyond the text *Finding the Force of the Star Wars Franchise* Matthew Kapell, John Shelton Lawrence, 2006 Textbook
