This comprehensive manual has been written for personnel and in-service crisis interveners and addresses all frontline workers in criminal justice, public safety, and social services who come into contact with people in crisis. This latest edition will help provide interveners with necessary control and direction as they assist people who feel that their world is falling apart. Although the book primarily focuses on criminal justice agencies, especially the police, the principles and guidelines presented can be applied in a variety of settings. Step-by-step procedures, case models, and role plays teach personnel how to effectively intervene in crises involving domestic violence, child abuse and neglect, elder abuse, and suicide. The book is an excellent resource for training academics, educational institutions and crisis intervention agencies.
