Publications of the Children's Bureau United States. Children's Bureau, 1917 **The Guardian's Heart** Michel Prince, 2016-05-17 Nominated for Book of the Year 2013 By LASRCase Thomas is always in control whether it's on the basketball court the lab where he works or in his love life He thinks he has everything all figured out All that changes when his parents pass away during his last year of college and Case is thrown into fatherhood when he becomes temporary guardian to two adorable twin toddlers Weeks later exhausted and running out of time Case must decide if he's ready to become a father to these children or give them up and move on with what's left of his life Then he meets Gabbie Vaultst Gabbie is amazing with the kids owns her own business and has all the right curves in all the right places She can tell Case is attracted to her but does he really love her or is he just settling for a surrogate Mom who can wrangle his new kids Knowing that she's falling in love with him she chooses to push him away until his world straightens out Can Case prove to Gabbie and himself that his feelings are real Or is this sudden family too much for both of them to handle The odds as well as members of their past who've come out of the woodwork are against them but when kids are involved all bets are off

Reconceptualising Unaccompanied Child Asylum Seekers and the Law Jennifer L. Whelan, 2022-09-30

Unaccompanied child asylum seekers are amongst the world's most vulnerable populations and their numbers are increasing The intersection of their age their seeking asylum and separation from their parents creates a specific and acute triple burden of vulnerability Their precariousness has long been recognised in international human rights law Yet human rights based responses have been subordinated to progressive global securitisation of irregular migration through interception interdiction extraterritorial processing and immigration detention Such an approach necessitates an urgent paradigm shift in how we comprehend their needs as children the impact of punitive border control laws on them and the responsibility of States to these children when they arrive at their borders seeking asylum This book reconceptualises the relationship between unaccompanied child asylum seekers and States It proposes a new conceptual framework by applying international human rights law childhood studies and vulnerability theory scholarship in analysing State obligations to respond to these children This framework incorporates a robust analysis of the operation and impact of laws on vulnerable populations a taxonomy for articulating the gravity of any consequent harms and a method to prioritise recommendations for reform The book then illustrates the framework's utility using Australia's treatment of unaccompanied children as a case study This book illuminates key learnings from human rights law childhood studies and vulnerability theory and transforms them into a new roadmap for law reform As such it will be a valuable practice based resource for practitioners non government organisations advocates policymakers and the general public interested in advocating for the rights of vulnerable populations as well as for academics researchers and students of human rights law refugee law childhood studies and vulnerability studies *Child Abuse and Neglect Litigation* Howard A.
