David Kirk

Children And Criminality Children And Criminality:

Juvenile Crime, Juvenile Justice Institute of Medicine, National Research Council, Commission on Behavioral and Social Sciences and Education, Board on Children, Youth, and Families, Committee on Law and Justice, Panel on Juvenile Crime: Prevention, Treatment, and Control, 2001-07-05 Even though youth crime rates have fallen since the mid 1990s public fear and political rhetoric over the issue have heightened The Columbine shootings and other sensational incidents add to the furor Often overlooked are the underlying problems of child poverty social disadvantage and the pitfalls inherent to adolescent decisionmaking that contribute to youth crime From a policy standpoint adolescent offenders are caught in the crossfire between nurturance of youth and punishment of criminals between rehabilitation and get tough pronouncements In the midst of this emotional debate the National Research Council's Panel on Juvenile Crime steps forward with an authoritative review of the best available data and analysis Juvenile Crime Juvenile Justice presents recommendations for addressing the many aspects of America's youth crime problem This timely release discusses patterns and trends in crimes by children and adolescents trends revealed by arrest data victim reports and other sources youth crime within general crime and race and sex disparities The book explores desistance the probability that delinquency or criminal activities decrease with age and evaluates different approaches to predicting future crime rates Why do young people turn to delinquency Juvenile Crime Juvenile Justice presents what we know and what we urgently need to find out about contributing factors ranging from prenatal care differences in temperament and family influences to the role of peer relationships the impact of the school policies toward delinquency and the broader influences of the neighborhood and community Equally important this book examines a range of solutions Prevention and intervention efforts directed to individuals peer groups and families as well as day care school and community based initiatives Intervention within the juvenile justice system Role of the police Processing and detention of youth offenders Transferring youths to the adult judicial system Residential placement of juveniles The book includes background on the American juvenile court system useful comparisons with the juvenile justice systems of other nations and other important information for assessing this problem Atrocity Crimes, Children and International Criminal Courts Cécile Aptel, 2023-04-28 This book shows how international criminal courts have paid only limited and inconsistent attention to atrocity crimes affecting children It elucidates the many structural legal financial and even attitudinal obstacles often overlapping that have contributed to the international courts focus on the experience of adults rendering children almost invisible It reviews whether and how different international and hybrid criminal jurisdictions have considered international crimes committed against or by children The book also considers how international criminal justice can help contribute to the recognition of the specific impact that international crimes have on children whether as victims or as participants and strengthen their protection Finally it proposes an agenda to improve this situation making specific recommendations encompassing the urgent need to further elaborate child friendly procedures It

also calls for international investigative and prosecutorial strategies to be less adult centric and broaden the scope of crimes against children beyond the focus on child soldiers This book is an invaluable resource for academics researchers and fieldworkers in the areas of international criminal law international human rights law child rights international humanitarian law child protection and transitional justice

Children and Crime Connie M. Tang, 2018-08-02 Children and Crime offers a multidisciplinary and research based approach to the study of child maltreatment and juvenile delinquency Connie M Tang first examines children as victims of maltreatment exploring how developmental trauma and societal factors influence children s behavior and psyche Topics covered include child neglect physical abuse sexual abuse and psychological abuse Later chapters address how children come into conflict with the law and discuss gang membership and substance abuse Engaging real life case studies illustrate the intersectionality of race gender and crime as well as the role of Child Protective Services and juvenile courts In particular Tang examines how abuse and neglect can later play a role in a child s delinquency Children and Crime provides an innovative and accessible text for psychology social work and criminal justice courses in child abuse neglect and delinquency

Children and Crime Rob Allen, 1996

Child Protection Laws and Crime in the Digital Era Rawat, Romil, Sarangi, Sanjaya Kumar, Arun Raj, A. Samson, Richmond, Janet Olivia, Bhardwaj, Purvee, 2025-07-17 In the digital era the protection of children becomes complex as technology enables new forms of exploitation and abuse Online platforms social media and communication tools have created both opportunities and vulnerabilities making it easier for predators to exploit minors In response child protection laws have rapidly evolved with many countries enacting stricter regulations around digital content data privacy and the tech company responsibilities However challenges remain including jurisdiction limitations offender anonymity and the rapid speed of technological development over policy and lawmaking As cybercrimes against children rise a strong legal framework combined with global cooperation advanced digital forensics and public awareness may safeguard future children s rights and well being Child Protection Laws and Crime in the Digital Era explores the effects of technology on digital policy and regulations It examines new laws related to child protection and crimes associated with the rising usage of social media and digital technology This book covers topics such as government and law criminology and childhood development and is a useful resource for policymakers government officials engineers sociologists academicians researchers and scientists

Criminal Conversations Judith Rowbotham, Kim Stevenson, 2005 The essays in this book set out to explore the ways in which Victorians used newspapers to identify the causes of bad behavior and its impacts and the ways in which they tried to distance criminals and those guilty of bad behavior from the ordinary members of society including identification of them as different according to race of sexual orientation It also explores how threats from within normal society were depicted and the panic that issues like baby farming caused Victorian alarm was about crimes and bad behavior which they saw as new or unique to their period but which were not new then and which in slightly different dress are still causing panic today What is striking about the essays in this collection are the ways in which

they echo contemporary concerns about crime and bad behavior including panics about new types of crime This has implications for modern understandings of how society needs to understand crime demonstrating that while there are changes over time there are also important continuities BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved Criminality and the Common Law Imagination in the 18th and 19th Centuries Erin Sheley,2020-04-02 Through interdisciplinary readings of a range of literary and legal texts across a 200 year period this book uncovers how the cultural narrative affected the development of the law itself in the 18th and 19th centuries in three case studies adultery child criminality and rape testimony **The Battle for Children** Sarah Fishman,2002-07-09 Sarah Fishman links two areas of inquiry namely crime and delinquency with war and social change In a study based on archival research Sarah Fishman reveals the impact and legacy of the Vichy regime s criminal justice policy on children

Conceptualizing Cruelty to Children in Nineteenth-Century England Monica Flegel,2016-05-23 Moving nimbly between literary and historical texts Monica Flegel provides a much needed interpretive framework for understanding the specific formulation of child cruelty popularized by the National Society for the Prevention of Cruelty to Children NSPCC in the late nineteenth century Flegel considers a wide range of well known and more obscure texts from the mid eighteenth century to the early twentieth including philosophical writings by Locke and Rousseau poetry by Coleridge Blake and Caroline Norton works by journalists and reformers like Henry Mayhew and Mary Carpenter and novels by Frances Trollope Charles Dickens Wilkie Collins and Arthur Morrison Taking up crucial topics such as the linking of children with animals the figure of the child performer the relationship between commerce and child endangerment and the problem of juvenile delinquency Flegel examines the emergence of child abuse as a subject of legal and social concern in England and its connection to earlier primarily literary representations of endangered children With the emergence of the NSPCC and the new crime of cruelty to children new professions and genres such as child protection and social casework supplanted literary works as the authoritative voices in the definition of social ills and their cure Flegel argues that this development had material effects on the lives of children as well as profound implications for the role of class in representations of suffering and abused children Combining nuanced close readings of individual texts with persuasive interpretations of their influences and limitations Flegel s book makes a significant contribution to the history of childhood social welfare the family and Victorian philanthropy

Children at the Birth of Empire Kristen McCabe Lashua,2023-04-28 This is the first study to focus specifically on destitute children who became part of the early British Empire uniting separate historiographies on poverty childhood global expansion forced migration bound labor and law Britons used their nascent empire to employ thousands of destitute children launching an experiment in using plantations and ships as a solution for strains on London s inadequate poor relief schemes Starting with the settlement of Jamestown 1607 and ending with Britain s participation in the Seven Years War 1756 1763 British children were sent all around the world Authorities parents and the public fought against the men and women they

called spirits and kidnappers who were reviled because they employed children in the same empire but without respecting the complexities surrounding children's legal status when it came to questions of authority consent and self determination Children mattered to Britons protecting their liberty became emblematic of protecting the liberty of Britons as a whole Therefore contests over the legal means of sending children abroad helped define what it meant to be British This work is written for a wide audience including scholars of early modern history childhood law poverty and empire Children and the Criminal Law in Connecticut, 1635-1855 Nancy Hathaway Steenburg, 2020-10-14 This book presents an intelligent overview into the driving forces that shaped American history in the Northeast It draws on primary documents such as farmer's diaries small rural papers of the 19th century and the publications of state agricultural societies **Children and Transitional Justice** Sharanjeet Parmar, 2010 This musical release from the Birmingham Symphony Orchestra under the conduction of Andris Nelsons captures a live performance by the ensemble recorded for the Coventry Cathedral's 50th anniversary on May 30th 2012 Camilla Collar Rovi *Children's Bureau Publication* United States. Children's Bureau, 1926

The Age of Culpability Gideon Yaffe, 2018 Why be lenient towards children who commit crimes Reflection on the grounds for such leniency is the entry point into the development in this book of a theory of the nature of criminal responsibility and desert of punishment for crime Gideon Yaffe argues that child criminals are owed lesser punishments than adults thanks not to their psychological behavioural or neural immaturity but instead because they are denied the vote This conclusion is reached through accounts of the nature of criminal culpability desert for wrongdoing strength of legal reasons and what it is to have a say over the law The centrepiece of this discussion is the theory of criminal culpability To be criminally culpable is for one's criminal act to manifest a failure to grant sufficient weight to the legal reasons to refrain The stronger the legal reasons then the greater the criminal culpability Those who lack a say over the law it is argued have weaker legal reasons to refrain from crime than those who have a say They are therefore reduced in criminal culpability and deserve lesser punishment for their crimes Children are owed leniency then because of the political meaning of age rather than because of its psychological meaning This position has implications for criminal justice policy with respect to among other things the interrogation of children suspected of crimes and the enfranchisement of adult felons **A Companion to Crime Fiction** Charles J. Rzepka, Lee Horsley, 2020-07-13 A Companion to Crime Fiction presents the definitive guide to this popular genre from its origins in the eighteenth century to the present day A collection of forty seven newly commissioned essays from a team of leading scholars across the globe make this Companion the definitive guide to crime fiction Follows the development of the genre from its origins in the eighteenth century through to its phenomenal present day popularity Features full length critical essays on the most significant authors and film makers from Arthur Conan Doyle and Dashiell Hammett to Alfred Hitchcock and Martin Scorsese exploring the ways in which they have shaped and influenced the field Includes extensive references to the most up to date scholarship and a comprehensive bibliography *Punishment and*

Crime Gary Kleck, Brion Sever, 2017-10-04 This book summarizes and synthesizes a vast body of research on the effects of legal punishment and criminal behavior Covering studies conducted between 1967 and 2015 Punishment and Crime evaluates the assertion that legal punishment reduces crime by investigating the impacts both positive and negative of legal punishment on criminal behavior with emphasis on the effects of punitive crime control policies via the mechanisms of deterrence and incapacitation Brion Sever and Gary Kleck author of the renowned Point Blank Guns and Violence in America present a literature review on legal punishment in the United States that is unparalleled in depth and scope This text is a must read for students researchers and policymakers concerned with the fields of corrections and crime prevention **U.S.**
