New Directions in Child Abuse and Neglect Research National Research Council, Institute of Medicine, Committee on Law and Justice, Board on Children, Youth, and Families, Committee on Child Maltreatment Research, Policy, and Practice for the Next Decade: Phase II, 2014-03-25 Each year child protective services receive reports of child abuse and neglect involving six million children and many more go unreported The long term human and fiscal consequences of child abuse and neglect are not relegated to the victims themselves they also impact their families future relationships and society In 1993 the National Research Council NRC issued the report *Understanding Child Abuse and Neglect* which provided an overview of the research on child abuse and neglect *New Directions in Child Abuse and Neglect Research* updates the 1993 report and provides new recommendations to respond to this public health challenge According to this report while there has been great progress in child abuse and neglect research a coordinated national research infrastructure with high level federal support needs to be established and implemented immediately *New Directions in Child Abuse and Neglect Research* recommends an actionable framework to guide and support future child abuse and neglect research This report calls for a comprehensive multidisciplinary approach to child abuse and neglect research that examines

factors related to both children and adults across physical mental and behavioral health domains including those in child welfare economic support criminal justice education and health care systems and assesses the needs of a variety of subpopulations It should also clarify the causal pathways related to child abuse and neglect and more importantly assess efforts to interrupt these pathways New Directions in Child Abuse and Neglect Research identifies four areas to look to in developing a coordinated research enterprise a national strategic plan a national surveillance system a new generation of researchers and changes in the federal and state programmatic and policy response **Unnerved** Jason

Schnittker,2021-06-08 Anxiety is not new Yet now more than ever anxiety seems to define our times Anxiety disorders are the most common psychiatric disorders in the United States exceeding mood impulse control and substance use disorders and they are especially common among younger cohorts More and more Americans are taking antianxiety medications According to polling data anxiety is experienced more frequently than other negative emotions Why have we become so anxious In *Unnerved* Jason Schnittker investigates the social cultural medical and scientific underpinnings of the modern state of mind He explores how anxiety has been understood from the late nineteenth century to the present day and why it has assumed a more central position in how we think about mental health Contrary to the claims that anxiety reflects large scale traumas abrupt social transitions or technological revolutions Schnittker argues that the ascent of anxiety has been driven by slow transformations in people institutions and social environments Changes in family formation religion inequality and social relationships have all primed people to be more anxious At the same time the scientific and medical understanding of anxiety has evolved pushing it further to the fore The rise in anxiety cannot be explained separately from changes in how patients physicians and scientists understand the disorder Ultimately Schnittker demonstrates that anxiety has carried the imprint of social change more acutely than have other emotions or disorders including depression When societies change anxiety follows *Child Physical Abuse: Current Evidence, Clinical Practice, and Policy Directions* Tanya S. Hinds,Angelo P.

Giardino,2017-10-16 This eye opening monograph challenges professionals across disciplines to take a more thorough and focused approach to addressing child physical abuse at the practice and policy levels Positing child physical abuse as a public health crisis as opposed to a more vague social one the authors use empirical findings and clinical insights to advocate for wide scale reforms in screening assessment responses treatment and prevention The book s social ecological perspective delves into root causes of physical maltreatment analyzes the role of family and community risk and support factors and notes forms of discomfort keeping many professionals from meeting the issue head on From there chapters describe coordinated multidisciplinary efforts for intervention and prevention with the potential to avert all forms of child abuse Included in the coverage Adverse childhood experiences ACEs The non verbal child obtaining a history for caregiver s Clinical perspectives on multidisciplinary collaboration Corporal punishment and risk for child physical abuse Intimate partner violence IPV and risk for child physical abuse Evolution of child maltreatment prevention Complementary dynamic

Advances in Child Abuse Prevention Knowledge Deborah Daro, Anne Cohn Donnelly, Lee Ann Huang, Byron J. Powell, 2015-06-05 This book addresses new avenues in child abuse prevention research that will expand our capacity to protect children These new avenues result from the emergence of new research methods made possible through technologic advances an understanding of the benefits of cross disciplinary research and learning and the entrance of many young scholars in the field The book explores what these avenues produce in terms of clarifying the complex problems that continue to limit our progress in addressing child maltreatment and promoting optimal child development Specifically the book showcases individual contributions from emerging scholars and show how these scholars use the frameworks and advanced methods to shape their work apply their findings and define their learning communities The book highlights the benefits of creating explicit and extended opportunities for researchers to network across disciplines and areas of interest The primary authors are young scholars from universities across the U S who have worked together as Fellows of the Doris Duke Fellowships for the Promotion of Child Well Being seeking innovations to prevent child abuse Through this program the Fellows have engaged in a robust self generating learning network designed to create the type of ongoing professional linkages and decision making style that fosters an interdisciplinary and team planning approach to research design and policy formation *Handbook of Child Maltreatment* Jill E. Korbin, Richard D. Krugman, 2013-11-26 This Handbook examines core questions still remaining in the field of child maltreatment It addresses major challenges in child maltreatment work starting with the question of what child abuse and neglect is exactly It then goes on to examine why maltreatment occurs and what its consequences are Next it turns to prevention treatment and intervention as well as legal perspectives The book studies the issue from the perspective of the broader international and cross cultural human experience Its aim is to review

what is known but even more importantly to examine what remains to be known to make progress in helping abused children their families and their communities *The Child Welfare Challenge* Peter J. Pecora, James K. Whittaker, Richard P. Barth, Sharon Borja, William Vesneski, 2018-09-03 Using both historical and contemporary contexts *The Child Welfare Challenge* examines major policy practice and research issues as they jointly shape child welfare practice and its future This text focuses on families and children whose primary recourse to services has been through publicly funded child welfare agencies and considers historical areas of service foster care and adoptions in home family centered services child protective services and residential treatment services where social work has an important role This fourth edition features new content on child maltreatment and prevention that is informed by key conceptual frameworks informed by brain science public health and other research This edition uses cross sector data and more sophisticated predictive and other analytical processes to enhance planning and practice design The authors have streamlined content on child protective services CPS to allow for new chapters on juvenile justice cross over youth and international innovations as well as more content on biology and brain science The fourth edition includes a glossary of terms as well as instructor and student resource papers available online

Racial Disproportionality and Disparities in the Child Welfare System Alan J. Dettlaff, 2020-11-27 This volume examines existing research documenting racial disproportionality and disparities in child welfare systems the underlying factors that contribute to these phenomena and the harms that result at both the individual and community levels It reviews multiple forms of interventions designed to prevent and reduce disproportionality particularly in states and jurisdictions that have seen meaningful change With contributions from authorities and leaders in the field this volume serves as the authoritative volume on the complex issue of child maltreatment and child welfare It offers a central source of information for students and practitioners who are seeking understanding on how structural and institutional racism can be addressed in public systems

Family Troubles? Jane Ribbens McCarthy, Carol-Ann Hooper, Val Gillies, 2014-10-15 As the everyday family lives of children and young people come to be increasingly defined as matters of public policy and concern it is important to raise the question of how we can understand the contested terrain between normal family troubles and troubled and troubling families In this important timely and thought provoking publication a wide range of contributors explore how troubles feature in normal families and how the normal features in troubled families Drawing on research on a wide range of substantive topics including infant care sibling conflict divorce disability illness migration and asylum seeking substance misuse violence kinship care and forced marriage the contributors aim to promote dialogue between researchers addressing mainstream family change and diversity in everyday lives and those specialising in specific problems which prompt professional interventions In tackling these contentious and difficult issues across a variety of topics the book addresses a wide audience including policy makers service users and practitioners as well as family studies scholars more generally who are interested in issues of family change *Child Maltreatment in Residential Care* Adrian V. Rus, Sheri R. Parris, Ecaterina

Stativa,2017-08-11 This data rich volume reviews short and long term consequences of residential or institutional care for children across the globe as well as approaches to reducing maltreatment Up to date findings from a wide range of developing and developed countries identify forms of abuse and neglect associated with institutionalization and their effects on development and pathology in younger children adolescents and alumni The sections on intervention strategies highlight the often conflicting objectives facing professionals and policymakers balancing the interests of children families and facilities But despite many national and regional variations two themes stand out the universal right of children to live in safety and the ongoing need for professionals and community to ensure this safety Included among the topics Maltreatment and living conditions in long term residential institutions for children Outcomes from institutional rearing Recommendations to improve institutional living Historical political socio economic and cultural influences on Child Welfare Systems Latin American and the Caribbean African Asian Middle Eastern Western and Eastern European countries and the United States of America are presented Child Maltreatment in Residential Care will inform psychology professionals interested in the role of residential care in the lives of children and possibilities for improved outcomes It will also interest social workers and mental health practitioners and researchers seeking evidence based interventions for families adopting children from residential care

Violence and Trauma in the Lives of Children Joy D. Osofsky,Betsy McAlister Groves,2018-08-09 Explains the neurological emotional and behavioral impacts of violence and trauma experienced by newborns infants children and teenagers Traumatic events known as adverse childhood experiences ACEs can affect children physically mentally and emotionally sometimes with long term health and behavioral effects Abuse neglect exposure to community and domestic violence and household dysfunction all have the potential to alter brain development and behavior but few people are able to recognize or respond to trauma in children Given the prevalence of childhood exposure to violence with one in four children ages 5 to 15 living in households with only moderate levels of safety and nurturance and infants and children ages 0 to 3 comprising the highest percentage of those maltreated it is imperative that students and professionals alike be able to identify types and consequences of violence and trauma This book provides readers with the information they need in order to know how to detect and prevent ACEs and to help children who have lived through them Rutter's Child and Adolescent

Problem Solving Courts Richard L. Wiener,Eve M. Brank,2013-07-11 In order to make the criminal court system more effective there has been a growing trend to have courts participate in what is essentially a rehabilitation strategy Such courts are often referred to as problem solving because they are working on root causes of criminal behavior as part of the dispensation of justice This major shift in the role of the courts means that the court works closely with prosecutors public defenders probation officers social workers and other justice system partners to develop a strategy that pressures offenders to complete a treatment program which will ultimately hopefully prevent recidivism Research has shown that this kind of strategy has a two fold benefit It has been successful in helping offenders turn their lives around which leads to improved public safety and the ultimate saving of public funds This book is the first to focus exclusively on problem solving courts and as such it presents an overview of the rationale and scientific evidence for such courts as well as individual sections on the key areas in which these courts are active Thus there is specific attention paid to domestic violence juvenile criminality mental health and more Throughout research findings are incorporated into general discussions of these courts operate and ideally what they are trying to accomplish There is also discussion of how such courts should evolve in the future and the directions that further research should take

Confronting Commercial Sexual Exploitation and Sex Trafficking of Minors in the United States National Research Council,Institute of Medicine,Committee on Law and Justice,Board on Children, Youth, and Families,Committee on the Commercial Sexual Exploitation and Sex Trafficking of Minors in the United States,2013-11-12 Every day in the United States children and adolescents are victims of commercial sexual exploitation and sex trafficking Despite the serious and long term consequences for victims as well as their families communities and society efforts to prevent identify and respond to these crimes are largely under supported inefficient uncoordinated and unevaluated Confronting Commercial Sexual Exploitation and Sex Trafficking of Minors in the United States examines commercial sexual exploitation and sex trafficking of U S citizens and lawful permanent residents of the United States under age 18 According to this report efforts to prevent identify and respond to these crimes require better collaborative approaches that build upon the capabilities of people and entities from a range of sectors In addition such

efforts need to confront demand and the individuals who commit and benefit from these crimes The report recommends increased awareness and understanding strengthening of the law s response strengthening of research to advance understanding and to support the development of prevention and intervention strategies support for multi sector and interagency collaboration and creation of a digital information sharing platform A nation that is unaware of these problems or disengaged from solutions unwittingly contributes to the ongoing abuse of minors If acted upon in a coordinated and comprehensive manner the recommendations of *Confronting Commercial Sexual Exploitation and Sex Trafficking of Minors in the United States* can help advance and strengthen the nation s emerging efforts to prevent identify and respond to commercial sexual exploitation and sex trafficking of minors in the United States
