**Creating Positive Systems of Child and Family Welfare** Gary Cameron, Marshall Fine, Sarah Maiter, Karen Frensch, Nancy Freymond, 2013-12-31 The North American approach to child protection is broadly accepted despite frequent criticisms of its core limitations parental fear and resistance the limited range of services and supports available to families escalating costs and high stress and turnover among service providers Could these shortcomings be improved through organizational or

system reform Based on findings from a decade s worth of research Creating Positive Systems of Child and Family Welfare provides original reflections on the everyday realities of families and front line service providers involved with the system It includes data from a variety of regions and situations all linked together through a common investigatory framework The contributors highlight areas of concern in current approaches to child and family welfare but also propose new solutions that would make the system more welcoming and helpful both for families and for service providers

**Safeguarding and Promoting the Well-being of Children, Families and Communities** Jane Scott,Harriet Ward,2005-09-20 Improving the well being of children is more effective when social care professionals work with the children s parents families and communities This collection brings together innovative interventions designed to nurture children s health and welfare and analyses which types of programmes are most effective and why

**People, Politics, and Child Welfare in British Columbia** Leslie T. Foster,Brian Wharf,2011-11-01 People Politics and Child Welfare in British Columbia traces the evolution of policies and programs intended to protect children in BC from neglect and abuse Analyzing this evolution reveals that child protection policy and practice has reflected the priorities of politicians and public servants in power With few exceptions efforts to establish effective programs have focused on structural arrangements staffing responsibilities and rules to regulate the practice of child welfare workers Contributors to this book conclude that these attempts have been unsuccessful thus far because they have failed to address the impact of poverty on clients The need to respect the cultural traditions and values of First Nations clients has also been ignored Effective services require recognizing and remedying poverty s impact establishing community control over services and developing a radically different approach to the day to day practice of child welfare workers People Politics and Child Welfare in British Columbia provides a crucial assessment of the state of child welfare in the province Practitioners scholars and students in social work child and youth care education and other human service professions will find this book particularly important

**Everyday Violence in the Lives of Youth** Helene Berman, Catherine Richardson/Kinewesquao, Kate Elliott, Eugenia Canas, 2020-07-25T00:00:00Z Though interpersonal violence is widely studied much less has been done to understand structural violence the often invisible patterns of inequality that reproduce social relations of exclusion and marginalization through ideologies policies stigmas and discourses attendant to gender race class and other markers of social identity Structural violence normalizes experiences like poverty ableism sexual harassment racism and colonialism and erases their social and political origins The legal structures that provide impunity for those who exploit youth are also part of structural violence s machinery Working with Indigenous queer immigrant and homeless youth across Canada this five year Youth based Participatory Action Research project used art to explore the many ways that structural violence harms youth destroying hope optimism a sense of belonging and a connection to civil society However recognizing that youth are not merely victims Everyday Violence in the Lives of Youth also examines the various ways youth respond to and resist this violence to preserve their dignity well being and inclusion in society

**Defining and Classifying Children in Need** Nick Axford, 2017-03-02 Need is a popular but controversial concept in social policy Needs led has become a mantra in children s services in recent years yet theorists still argue about the meaning and value of the concept of need There are lots of needs assessment at the individual child and population levels but case files vary enormously in quality and reports of need analyses frequently gather dust on shelves How then should we define and measure children s needs and how should this influence the design of services This edited collection answers these questions in order to help policy makers managers practitioners and researchers with identifying and serving children in need It offers a critical appraisal of the state of play regarding the theory of need the needs that children have methods for assessing children s needs at the individual and group levels and approaches to designing services to meet identified needs

**A Question of Commitment** R. Brian Howe, Katherine Covell, 2007-06-15 In 1991 the Government of Canada ratified the United Nations Convention on the Rights of the Child requiring governments at all levels to ensure that Canadian laws and practices safeguard the rights of children A Question of Commitment Children s Rights in Canada is the first book to assess the extent to which Canada has fulfilled this commitment The editors R Brian Howe and Katherine Covell contend that Canada has wavered in its commitment to the rights of children and is ambivalent in the political culture about the principle of children s rights A Question of Commitment expands the scope of the editors earlier book The Challenge of Children s Rights for Canada by including the voices of specialists in particular fields of children s rights and by incorporating recent developments

**Succeeding Together?** Kelly Gallagher-MacKay, 2017-04-24 Growing attention has focused on the education of children in the child welfare system particularly those in foster care but ninety two percent of children in the child welfare system stay with their parents and their educational needs receive little attention Succeeding Together is an institutional ethnography that analyses front line

accounts from mothers teachers and child welfare workers to explore the educational issues facing abused and neglected children outside of foster care Kelly Gallagher Mackay examines the complex policy framework and underlying assumptions that shape the practice of collective responsibility for this vulnerable group shining a light on the implications of their status in between private and public responsibility Gallagher Mackay breaks down collective responsibility into three areas surveillance and the duty to report child welfare s poorly defined responsibility to provide educational supports and the privatized nature of teachers professional responsibility for caring The involvement of child welfare represents a public judgment that there should be strong proactive and coordinated intervention to ensure protection and well being Succeeding Together reveals significant shortfalls in coordination and commitment to the well being of society s most vulnerable
