Stanton, 1987 These original essays comprise a fascinating investigation into women's strategies for writing the self constructing the female subject through autobiography memoirs letters and diaries The collection contains theoretical essays by Donna Stanton Sandra Gilbert and Susan Gilbert and Susan Gubar chapters on specific issues raised by women's autographs such as Richard Bowring's study of tenth century Japanese diaries or Janel Mueller's on The Book of Margery Kempe and annotated autobiographical fragments including texts by Julia Kristeva by a woman who became a czarist cavalry officer and by a contemporary Palestinian poet There are also chapters on the seventeenth century painter Artemisia Gentileschi Mme de S. vign Mendelssohn's sister Fanny Hensel the black minister Jarena Lee Virginia Woolf and Eva Peron The result is a conversation between writers and critics across cultural and temporal boundaries Stanton's essay plays off Virginia Woolf's A Room of One's Own Kristeva begins with a reading of de Beauvoir while a self published French woman writes to defend the joys of family life against the author of Memoirs of a Dutiful Daughter *Biographical Memoirs* National Academy of Sciences, 1992-02-01 Biographic Memoirs Volume 61

Hunter,2012-06-01 Drawing from more than 25 years of literary know how and modeled after a 15 week college course this manual provides guidance for seekers wishing to delve further into self exploration through writing Extending beyond the idea that memoir writing intends to put past events into a more understandable current perspective the guide maintains that keeping a document of one s life is actually the basis of a psychic process called soul work which manifests as a desire to experience the state of being alive to the fullest This unusual approach to memoir writing aims to generate more honest and genuine results that come from inner needs rather than outer expectations Intended to clarify a writer s developmental path this resource emphasizes the importance of self awareness and the need for dealing with difficult material that actually alters the writer in the process resulting in significant growth of the soul Polio Child Carol Rankmore,2016-08-02 During the 1940s and 50s Canadian families lived in a state of panic trying to shield their children from being infected by the often deadly and very widespread disease poliomyelitis No one knew how it was transmitted no one knew why a child was infected Journey with Carol Rankmore as she tells her story from polio survivor to the previously unknown condition now called Post Polio Syndrome Her sensitive memories of childhood coupled with wry humour and historical background make this book a must read memoir that has major implications for ageing polio survivors today Carol was hospitalized for months at a time for each of six corrective surgeries at the newly opened Shriners Hospital for Crippled Children in Winnipeg In these days before Medicare Carol was fortunate that this state of the art hospital offered free medical support to families in financial need Carol takes us through a frightening and lonely childhood into an adulthood thought to be cured of the deadly disease and its after effects But had the experience coloured her adult life Her marriage and her career Or had the after effects of polio helped her Her last challenge was the diagnosis of Post Polio Syndrome Despite her medical trials Carol s memoir is one of hope With frank insights into the challenges of PPS this book offers the possibility of managing it successfully through careful exercise a determination to never give up and a positive attitude Polio Child will prove an invaluable resource for those living with or care giving for someone with Post Polio Syndrome or other disabilities As Told By Herself Lorna Martens,2022-10-25 Introduction Beginnings women s childhood autobiography prior to World War I The interwar years memoirs and semi memoirs The interwar years the golden age of psychological self portraiture Women s childhood autobiography during World War II Women s childhood autobiography from the end of the Second World War through the 1960s Conclusion *Protestant missionary children's lives, c.1870-1950* Hugh Morrison,2024-03-05 Protestant missionary children were uniquely empire citizens through their experiences of living in empire and in religiously formed contexts This book examines their lives through the related lenses of parental institutional

and child narratives To do so it draws on histories of childhood and of emotions using a range of sources including oral history It argues that missionary children were doubly shaped by parents concerns and institutional policy responses At the same time children saw their own lives as both ordinary and complicated Literary representations boosted adult narratives Empire provided a complex space in which these children navigated their way between the expectations of two if not three different cultures The focus is on a range of settings and on the early twentieth century Therefore the book offers a complex and comparative picture of missionary children s lives *Japan and American Children's Books* Sybille Jagusch,2021-06-18

Drawing from the Library of Congress s massive collection this volume takes readers on a fascinating and informative journey through nearly 200 years of American children s books and periodicals depicting life in Japan from fanciful travelogues full of exotic stereotypes to serious works about wartime atrocities Published by Rutgers University Press in association with the Library of Congress **Memoirs of Eliphalet Nott** Cornelius Van Santvoord,Tayler Lewis,1876
