Children Playing Before A Statue Of Hercules:

Children Playing Before a Statue of Hercules David Sedaris, 2010-04-01 When apple picking season ended I got a job in a packing plant and gravitated towards short stories which I could read during my break and reflect upon for the remainder of my shift. A good one would take me out of myself and then stuff me back in, oversized now and uneasy with the fit. Once before leaving on vacation I copied an entire page from an Alice Munro story and left it in my typewriter hoping a burglar might come upon it and mistake her words for my own. That an intruder would spend his valuable time reading that he might be impressed by the description of a crooked face was something I did not question as I believed and still do that stories can save you.

Children Playing Before a Statue of Hercules David Sedaris, 2005-04-01 An anthology of Sedaris's favorite stories. This volume includes the work of some of the most influential and talented short story writers such as Alice Munro, Tobias Wolff, Lorrie Moore, and Joyce Carol Oates, as well as the author's explanation of why readers should love them as much as he does.

The Road to Monticello Kevin J. Hayes, 2012-06-01 Thomas Jefferson was an avid book collector, a voracious reader, and a gifted writer, a man who prided himself on his knowledge of classical and modern languages and whose marginal annotations include quotations from Euripides, Herodotus, and Milton. And yet there has never been a literary life of our most literary president. In *The Road to Monticello*, Kevin J. Hayes fills this important gap by offering a lively account of Jefferson's spiritual and intellectual development, focusing on the books and ideas that exerted the most profound influence on him. Moving chronologically through Jefferson's life, Hayes reveals the full range and depth of Jefferson's literary passions, from the popular small books sold by traveling chapmen such as *The History of Tom Thumb*, which enthralled him as a child, to his lifelong love of Aesop's Fables and Robinson Crusoe, his engagement with Horace, Ovid, Virgil, and other writers of classical antiquity, and his deep affinity with the melancholy verse of Ossian, the legendary third-century Gaelic warrior poet. Drawing on Jefferson's letters, journals, and commonplace books, Hayes offers a wealth of new scholarship on the print culture of colonial America, reveals an intimate portrait of Jefferson's activities beyond the political chamber, and reconstructs the president's investigations in such different fields of knowledge as law, history, philosophy, and natural science. Most importantly, Hayes uncovers the ideas and exchanges which informed the thinking of America's first great intellectual and shows how his lifelong pursuit of knowledge culminated in the formation of a public, offering the academic village which became UVA and his more private retreat at Monticello. Gracefully written and painstakingly researched, *The Road to Monticello* provides an invaluable look at Jefferson's intellectual and literary life, uncovering the roots of some of the most important and influential ideas that have informed American history.

The Story of Narrative Preaching Mike Graves, 2015-03-02 Forty years ago the one thing that could be said about sermons was they were biblical. Unfortunately, they were sometimes tedious too. Narrative preaching aimed to fix that, advocating for a dynamic experience of the text over against a static lecture. Preaching could be like the parables of Jesus, intriguing and compelling. *The Story of Narrative*

Preaching is the story of seven students who are enrolled in Professor Freeman's preaching course. Once a new trend, narrative preaching is now older than most of them. As Professor Freeman notes, two things went wrong with narrative styles over time: the church became biblically and theologically illiterate, and the promised stress on experience didn't always measure up to the weight of the gospel. Readers are invited to sit in on the class to reflect on the expositional nature of preaching and to experience the stories of some modern storytellers: Flannery O'Connor, Alice Walker, and others, to see what they might teach us about narratives of depth. In the end, we discover what may be the most important word in preaching.
