Grabhorn, 2001-05-01 From a New York Times bestselling author, a recovery book for twelve steppers or anyone interested in finding inner peace after overcoming addiction. What will it take for us to stop living dreary lives? What will it take for us to fill the deep ache and longing we all have for that elusive something more? In a courageous departure from the traditional twelve-step views of spirituality, Lynn takes our hungry souls on a life-changing journey to the kingdom within, laying out a path of startling new concepts to reconnect us with our own divinity. For years, Lynn Grabhorn was a passionate student of thought and our divine relation to Self. Raised in Short Hills, New Jersey, she moved to California in 1963, the same year she joined AA. In her own words: "Our inner beings are crying out for us to remember who and what we really are because the call is out big time for us to wake up. All it takes is a deep desire, and anyone can make this journey with ease." Grabhorn shows us how to access that inner source of energy to create the reality we want in our lives. This is a great book for those serious about their spiritual growth and ready for the next steps into mastery. *Convergence* magazine: Truly, this is an important new book which stands out from the plethora of recovery literature. Acknowledging the debt she owes to Alcoholics Anonymous, the author encourages the reader to move beyond self-imposed limitations. *Small Press* magazine: [How to Attract Wealth, Health, Love, and Luck Into Your Life Immediately](#) Aiman AL-Maimani, 2006 When we project the idea on the positive plane of the world, we create a positive energy with a certain frequency and release it to the universe to propagate, and eventually it will reflect back a positive energy of an equal amount and same frequency. We will have a positive sequence of thoughts, actions, and then finally destinations. When we hold the negative energy and choose not to release it, then it will transform into positive energy. This will create a positive attitude and character of us. However, the opposite is exactly true. When we choose to project and interpret an idea on the negative plane of the world, we create a negative energy to the universe, and certainly the reflection will be from the same nature on the quantity and frequency. We will be dragged into negative actions, and then it means that we have chosen an undesirable destination. Furthermore, the matter will amplify more according to the law of attraction, as positive energies and reflections will attract more and more, and you will have a whole lot of positive results. On

the contrary if we decide to have a negative way of thinking then it means we have chosen to receive more and more negative results and bad outcomes
