## **Exile And Embrace Contemporary Religious Discourse On The Death Penalty:**

Exile and Embrace Anthony Santoro, 2013-07-09 With passion and precision *Exile and Embrace* examines the key elements of the religious debates over capital punishment and shows how they reflect the values and self understandings of contemporary Americans Santoro demonstrates that capital punishment has relatively little to do with the perpetrators and much more to do with those who would impose the punishment Because of this he convincingly argues we should focus our attention not on the perpetrators and victims as is typically the case in debates pro and con about the death penalty but on ourselves and on the mechanisms that we use to impose or oppose the death penalty An important book that will appeal to those involved in the death penalty debate and to general religious studies and American studies scholars as well **Exile and Embrace** Anthony Santoro, 2013-07-09 Examining the religious debates and dimensions of the death penalty in America

**The Jews of Africa and Asia: Contemporary Anti-Semitism and other pressures** Tudor Parfitt,1987-11-01 The archetypal oppressed minority For centuries Jews have lived in Africa and Asia including the Middle East Over recent decades however their numbers have declined dramatically and in countries like Syria Iraq Iran Egypt and Morocco have been reduced sometimes to only a few hundred people Within a few generations these and other communities are likely to disappear altogether either because of the attraction that Israel provides or because of overt anti Semitic animosity For many there is a precarious balance between survival and persecution Persecution of Jews by a variety of host societies permeates history and continents In Europe anti Jewish prejudice existed in Greek and Roman times and later the Christian church waged ideological warfare for centuries against the synagogue Wide scale and violent destruction of Jewish lives and property erupted periodically especially in troubled times when people looked for scapegoats Waves of European Christian anti Semitism spread to many countries chiefly to areas of the Islamic world where traditional social and religious attitudes towards Jews provided fertile soil for discrimination Under Islam the State was required to protect Jews but they were nearly always reduced to second class citizens Alarmingly anti Semitic hostility has recently spread to countries where Jews have never lived and are virtually unknown such as in Japan By contrast there are a few countries in which small and less historic Jewish communities continue without discrimination The Jews of Africa and Asia the new Minority Rights Group Report provides an historical analysis of European and Islamic experiences of anti Jewish prejudice and persecution and the rise of contemporary anti Zionism The Report gives a graphic detailed picture of the current situations of Jewish communities remaining in Africa and Asia in a country by country survey It is essential reading for all those concerned with racism and history

Karen Dabrowska,1997-01-01      *Visions, Prophecies and Divinations* Ana Paula Torres,Luís Filipe Silvério Lima,2016-05-18

*Visions Prophecies and Divinations* is an introduction to the vast and complex phenomena of prophecy and vision in the Spanish and Portuguese Empires This book is dedicated to the study of the millenarian and messianic movements in the early modern Iberian world and it is one of the first collections of essays on the subject to be published in English The ten chapters range from the analysis of Mesoamerican and South American indigenous prophetic beliefs to the intellectual history of the Luso Brazilian Jesuit António Vieira and his project of a Fifth Empire passing through new approaches to the long lasting Sebastianist belief and its political implications

Prophetic Imagination Walter Brueggemann,2001-06-26 In this challenging and enlightening treatment Brueggemann traces the lines from the radical vision of Moses to the solidification of royal power in Solomon to the prophetic critique of that power with a new vision of freedom in the prophets Here he traces the broad sweep from Exodus to Kings to Jeremiah to Jesus He highlights that the prophetic vision and not only embraces the pain of the people but creates an energy and amazement based on the new thing that God is doing In this new edition Brueggemann has completely revised the text updated the notes and added a new preface

*British Asian Fiction* Neil Murphy,Wai-chew Sim,2008 In this outstanding collection of essays editors Neil Murphy and Wai chew Sim seek not so much to demarcate the field of British Asian fiction but to offer due acknowledgment of the artistic merit of the works of selected authors and simultaneously register their cultural significance This volume demonstrates in situ the virtues of commentary that engages in a substantial manner with formal and aesthetic considerations even as it implicates the discourses of alterity that dominate contemporary cultural criticism Additionally the essays delineate the complex subject positions explored by authors and texts and focus on the way writers negotiate the exigencies of their location within and between different social formations If it is the case that British literature can no longer be discussed in monocultural terms because of the impact of the writers under consideration it is also the case that the diverse trans cultural positions they explore are often less specified than proclaimed Addressing difference commensurability and form related notions of truth content these essays enlarge our understanding of the range of British and affiliated identities as well as the cultural contexts from which they arose Working as academics and critics from Singapore a useful vantage point Murphy and Sim have extended the

parameters of British Asian to include not just writers from South Asia as is traditionally the case but writers whose parents or who themselves have migrated to Britain from other regions of Asia for example Japan Hong Kong and Malaysia This initiative has made it possible for professors Murphy and Sim to bring together first an interestingly varied group of authors among them those who came to prominence in the 1980s Salman Rushdie Timothy Mo Kazuo Ishiguro as well as their younger contemporaries Meera Syal Romesh Gunsekera Monica Ali Hari Kunzru Ooi Yang May and second a broad and diverse range of novels that span Timothy Mo's *Sour Sweet* 1982 and Tariq Ali's *A Sultan in Palermo* 2005 the fourth volume in his *Islam* quintet
