The Experience of Life Witness Lee, 1988

*The Holy Spirit and Ethics in Paul* Volker Rabens, 2013 Volker Rabens answers the question of how according to the apostle Paul the Holy Spirit enables religious ethical life In the first part of the book the author discusses the established view that the Spirit is a material substance which transforms people ontologically by virtue of its physical nature In order to assess this Stoic reading of Paul the author examines all the passages from the Hebrew Bible early Judaism Hellenism and Paul that have been put forward in support of this concept of ethical enabling He concludes that there is no textual evidence in early Judaism or Paul that the Spirit was conceived as a material substance Furthermore none of these or any of the Graeco Roman writings show that ethical living derives from the transformation of the substance of the person that is imbued with a physical Spirit The second part of the study offers a fresh approach to the ethical work of the Spirit which is based on a relational concept of Paul's theology Rabens argues that it is primarily through initiating and sustaining an intimate relationship with God the Father Jesus Christ and with the community of faith that the Spirit transforms and empowers people for ethical living The author establishes this thesis on the basis of an exegetical study of a variety of passages from the Pauline corpus In addition he demonstrates that Paul lived in a context in which this dynamic of ethical empowering was part of the religious framework of various Jewish groups

**Power and the Spirit of God : Toward an Experience-Based Pneumatology** Bernard Cooke Loyola Professor of Theology College of the Holy Cross (Emeritus), 2004-10-28 In this book the distinguished Roman Catholic theologian Bernard Cooke reassesses the long standing Christian description of divine power The word power evokes the spheres of economic political and social life Cooke suggests however that the deepest questions about conflicting powers are theological and concern what Christians have traditionally referred to as the Holy Spirit and salvation

**The Doctrine of the Holy Spirit** Yacob Godebo, 2025-07-03 The Scriptures teach the church that in biblical times the coming of the Holy Spirit equally entailed objective gift of divine reality and subjective experience of his presence gifts and works There was objective pouring out and imparting of the Holy Spirit from the divine side and subjective experiential demonstration from the receivers side which resulted from the gifts endowed and power imparted along with the Holy Spirit Having given them either verbally uttered or

visibly performed gifts the Holy Spirit then moved believers towards practical demonstration through subjective experience. Believers' subjective experience took place only as a result of the objective gift of the Holy Spirit and the resulting endowment and empowerment. Thus in the objective content of his manifestation the Holy Spirit is the objective gift of God to indwell his people. In the subjective content of his manifestation the Holy Spirit endows people with audibly uttered or visibly performed gifts. The subjective experience of the Holy Spirit's presence therefore is an original theological input from God just like the objective impartation of the Holy Spirit. Practitioners were just objects of divine purpose and their subjective experience was divine provided and divine initiated genuine experience beyond their consciousness and calculation. Reception of the Holy Spirit therefore means equally an experience of his presence, gifts, power and works in the church and in with and through believers from Hosanna to Maranatha.

You will learn how to activate and receive the Holy Spirit's power in your life by totally surrendering. How to hear from Jesus and the Father through the power of the Holy Spirit. Find out your true purpose on Earth and who you were born to be. What is really going on in the invisible heavenly realms we cannot see. How evil spirits work and how to be delivered from them. How to experience the miracles of Jesus through the power of the Holy Spirit. In John 4:48 Jesus said, "Unless you see signs and wonders you will not believe." Understanding the anointing of the Holy Spirit Wayne Back, 1997-10-01

This book gives a solid biblical understanding of the operation of the anointing of the Holy Spirit. It is a teaching book. It is full of scriptures and explanation of how the power of the Spirit operates in people's lives. It includes: What is the anointing of the Holy Spirit? What is the anointing like? How to feel the anointing? What is the difference between the anointing and the presence of the Holy Spirit? What is the difference

between being born again and being anointed How to increase the anointing on your life The anointing of the sick for healing The anointing with oil How to lay hands on the sick for healing an other impartations Your relationship with God and the anointing The difference between anointing in Old Testament and New Testament Different levels of anointing Different types of anointing How to impart the anointing The natural and spiritual man What is the glory of God Faith and the anointing How the anointing manifests The limitations of your anointing Managing yourself with the anointing     *The Holy Spirit and the Renewal of All Things* T David Beck,2010-03-25 This book sets out to change the starting point for theological conversation about the work of the Holy Spirit Protestant theologians have associated the Spirit s work almost entirely with believers and or the church The Spirit s role is to apply Christ s atoning work to God s people In contrast early Christian reflection saw the Spirit s main role as bringing about the eschatological rule of God which reaches beyond individuals or even the church and extends to all creation This volumes explores the shape pneumatology takes when we develop the theology of the Holy Spirit within an eschatological framework that has a universal scope and an unlimited history When we do so we find that pneumatology deriving from questions about what the Spirit doesfor us needs to give way to pneumatology that derives from questions about how the Spirit can draw us into the saving history of the triune God     *The Holy Spirit as Person and Power* Rob Yule,2020-01-10 In just over one hundred years the Pentecostal charismatic movement has transformed world Christianity Noted for their rediscovery of spiritual gifts and commitment to world evangelization 700 million Pentecostals and charismatics now account for more than 27 percent of the global Christian movement The Pentecostal charismatic movement has been more noted for its activism than for theological reflection But this may be changing *The Holy Spirit as Person and Power* challenges traditional theology to take account of what has been disclosed in the dynamism and variety of charismatic experience The author is a theologically trained practitioner impacted in midlife by a transforming experience of the Holy Spirit He has been a hands on leader in the renewal movement Now in his later years he reflects on the meaning of the grace imparted to the church by the renewing activity of God s Spirit This is not the work of an enthusiast claiming a new revelation Rather the author draws attention to many nuances in the Bible s description of the Spirit that have been overlooked in traditional pneumatology By relating these insights to Orthodox Catholic Protestant and evangelical theology he has produced a book with ecumenical implications for all branches of world Christianity
