

A photograph of a tall skyscraper at night, illuminated from within. The building's facade is a grid of windows, many of which are lit up, creating a warm glow against the dark blue night sky. The Citi logo, consisting of a red arc above the word "citi" in white lowercase letters, is prominently displayed on the upper part of the building. The building's structure is dark, and the overall scene is a classic urban night shot.

Citibank Wealth Management:

The Despot's Guide to Wealth Management J. C. Sharman, 2017-03-07 An unprecedented new international moral and legal rule forbids one state from hosting money stolen by the leaders of another state The aim is to counter grand corruption or kleptocracy rule by thieves when leaders of poorer countries such as Marcos in the Philippines Mobutu in the Congo and more recently those overthrown in revolutions in the Arab world and Ukraine loot billions of dollars at the expense of their own citizens This money tends to end up hosted in rich countries These host states now have a duty to block trace freeze and seize these illicit funds and hand them back to the countries from which they were stolen In *The Despot's Guide to Wealth Management* J C Sharman asks how this anti kleptocracy regime came about how well it is working and how it could work better Although there have been some real achievements the international campaign against grand corruption has run into major obstacles The vested interests of banks lawyers and even law enforcement often favor turning a blind eye to foreign corruption proceeds Recovering and returning looted assets is a long complicated and expensive process Sharman used a private investigator participated in and observed anti corruption policy and conducted more than a hundred interviews with key players He also draws on various journalistic exposés whistle blower accounts and government investigations to inform his comparison of the anti kleptocracy records of the United States Britain Switzerland and Australia Sharman calls for better policing preventative measures and use of gatekeepers like bankers lawyers and real estate agents He also recommends giving nongovernmental organizations and for profit firms more scope to independently investigate corruption and seize stolen assets [Additional Reforms to the Securities Investor Protection Act](#) United States.
