Cicero Pro Sexto Roscio Cambridge Greek And Latin Classics:

Cicero: 'Pro Sexto Roscio' Andrew R. Dyck, 2010-04-29 Sextus Roscius was murdered in Rome some months after the official end of the Sullan proscriptions on 1 June 81 BC The case was tried early the following year with a young Cicero acting as defense counsel in his first criminal case for the accused son Though a novice Cicero was able to tap into the public anger over the uncontrolled killing and looting of the proscriptions and channel it against the men behind the prosecution T Roscius Magnus and T Roscius Capito Cicero won a career making victory establishing his reputation as a formidable advocate This 2010 book provides a Latin text and commentary updated to take account of advances in the study of the Latin language as well as Roman institutions law and society It is suitable for use with upper level undergraduates and graduate students

CICERO Marcus Tullius Cicero, 2010-04-29 A 2010 Latin text and commentary for Cicero's career making speech defending Sextus Roscius on the charge of murdering his father *Cicero's Law* Paul J. du Plessis, 2016-08-30 This volume brings together an international team of scholars to debate Cicero's role in the narrative of Roman law in the late Republic a role that has been minimised or overlooked in previous scholarship This reflects current research that opens a larger and more complex debate about the nature of law and of the legal profession in the last century of the Roman Republic

Reading Quintilian Laura Loporcaro, 2025-01-30 Reading Quintilian takes Quintilian's *Institutio oratoria* as a coherent literary work one worth reading in full This book examines how didactic authority is created and how readers are guided through the *Institutio* thanks to an overarching framework that holds it together This framework is composed of several leitmotifs the author's self staging statements of didactic intent and method the depiction of an ideal didactic constellation remarks suggesting that the work proceeds in parallel with the pupil's training and the author's life polemics against other authorities and proleptic strategies deflecting responsibility for students potential failures As *Reading Quintilian* shows the pervasiveness of that framework and the implementation in the *Institutio* of the same rhetorical strategies it describes indicate that the work is not a mere accumulation of precepts but an artfully crafted whole All the stops of rhetorical art are pulled out to engage readers and to persuade them that the teachings conveyed are valid Laura Loporcaro grounds her analysis of the leitmotifs in the discussion of central themes including Quintilian's reception of Cicero and Seneca the Younger his conception of the ideal orator and his polemic against corrupt oratory Combining a panoramic view with in depth study of single leitmotifs and themes *Reading Quintilian* investigates the construction goals and models of the *Institutio* thereby shedding new light on the treatise as a whole **Cicero and the Early Latin Poets** Hannah

Čulík-Baird, 2022-04-28 Examines Cicero's numerous citations of Latin poets within the cultural and intellectual trends of the late Roman Republic **Catalogue of Books Concerning the Greek and Latin Classics in the Central Public**

Catalogue of Macmillan & Co. 's Publications Macmillan ...,1894 *Religion and Memory in Tacitus' Annals* Kelly E. Shannon-Henderson,2018-12-12 Throughout his narrative of Julio Claudian Rome in the Annals Tacitus includes numerous references to the gods fate fortune astrology omens temples priests the emperor cult and other religious material Though scholars have long considered Tacitus discussion of religion of minor importance this volume demonstrates the significance of such references to an understanding of the work as a whole by analyzing them using cultural memory theory which views religious ritual as a key component in any society s efforts to create a lived version of the past that helps define cultural identity in the present Tacitus who was not only an historian but also a member of Rome s quindecimviral priesthood shows a marked interest in even the most detailed rituals of Roman religious life yet his portrayal of religious material also suggests that the system is under threat with the advent of the principate Some traditional rituals are forgotten as the shape of the Roman state changes while simultaneously a new form of cultic commemoration develops as deceased emperors are deified and the living emperor and his family members are treated in increasingly worshipful ways by his subjects This study traces the deployment of religious material throughout Tacitus narrative in order to show how he views the development of this cultic amnesia over time from the reign of the cryptic autocratic and oddly mystical Tiberius through Claudius failed attempts at reviving tradition to the final sacrilegious disasters of the impious Nero As the first book length treatment of religion in the Annals it reveals how these references are a key vehicle for his assessment of the principate as a system of government the activities of individual emperors and their impact on Roman society and cultural identity Urban Disasters and the Roman Imagination Virginia M. Closs,Elizabeth Keitel,2020-09-21 This book affords new perspectives on urban disasters in the ancient Roman context attending not just to the material and historical realities of such events but also to the imaginary and literary possibilities offered by urban disaster as a figure of thought Existential threats to the ancient city took many forms including military invasions natural disasters public health crises and gradual systemic collapses brought on by political or

economic factors In Roman cities the memory of such events left lasting imprints on the city in psychological as well as in material terms Individual chapters explore historical disasters and their commemoration but others also consider of the effect of anticipated and imagined catastrophes They analyze the destruction of cities both as a threat to be forestalled and as a potentially regenerative agent of change and the ways in which destroyed cities are revisited and in a sense rebuilt in literary and social memory The contributors to this volume seek to explore the Roman conception of disaster in terms that are not exclusively literary or historical Instead they explore the connections between and among various elements in the assemblage of experiences texts and traditions touching upon the theme of urban disasters in the Roman world *The Classical Review* ,1902 This companion to the Classical Quarterly contains reviews of new work dealing with the literatures and civilizations of ancient Greece and Rome Over 300 books are reviewed each year Tacitus: Annals Book XV Tacitus,2018 Helps students and instructors read and appreciate this extraordinary piece of historical writing about Nero s infamous reign as emperor Exploring Latin: Structures, Functions, Meaning Lucie Pultrová,Martina Vaníková,2024-11-18 This two volume work contains a selection of papers first presented at the 22nd International Colloquium on Latin Linguistics held in Prague 2023 The papers address important issues in Latin linguistics with a variety of theoretical and methodological approaches The first volume Word contains texts concerning Latin phonology etymology flexion and derivation and lexical semantics both with respect to individual words and to entire word classes Both diachronic and synchronic perspectives are employed in the discussion of the various issues The second volume Clause and Discourse includes papers dealing with issues of syntax and semantics and with the structure of texts and pragmatic aspects One of the subchapters entitled Conversation and Dialogue contains papers presented at the conference in a separate workshop of the same name linked by a common methodological framework of Conversation Analysis This book provides essential texts for researchers in the field of Latin linguistics and may also be of use to linguists who work primarily with other languages *Educational Times* ,1880 Livy: Ab urbe condita Book XXII Livy,Simon Hornblower,2020-10-29 Treats a compelling narrative of two of history s most famous battles and assists translation and literary and historical appreciation **M. Tullii Ciceronis orationes Catilinam, in Gaium Verrem actio prima, et pro Archia poeta, with notes by T.H.L. Leary** Marcus Tullius Cicero,1878 A *Commentary on Panegyrici Latini II(12)* ,2023-11-02 The renowned Gallic poet Pacatus Drepanius journeyed to Rome in the summer of AD 389 to deliver a speech to the Emperor Theodosius both men stood for the first time before the Roman Senators It was a moment of high political charge The Latin speech survives and is here presented both in the original and with facing English translation the introduction and commentary capture the groundbreaking character of the work and set it in its historical rhetorical and literary contexts *Livy: Ab urbe condita Book XXII* John Briscoe,Simon Hornblower,2020-10-29 Livy s Ab urbe condita Book XXII narrates Hannibal s massive defeats of the Romans at Trasimene 217 BC and Cannae 216 BC It is Livy s best and most dramatic book and the one most likely to appeal to students at every

level Livy drew on the Greek historian Polybius but transformed his drier treatment into a rhetorical masterpiece which by a series of insistent thematic contrasts brings out the tensions between the delaying tactics of Fabius and the costly rashness of Flaminius Minucius and Varro A substantial and accessibly written introduction by two experienced commentators covers historical religious literary and linguistic matters including the place of Book XXII in the structure of Livy's long work A new text by Briscoe is followed by a full commentary covering literary and historical aspects and offering frequent help with translation The volume is suitable for undergraduates graduate students teachers and scholars **Bollettino di studi latini** ,2012
