a lowly overlooked servant into a princess who attracts everyone's gaze has become a powerful trope within many cultures. Inspired by the Cinderella archive of books and collectables at the University of Bedfordshire, the essays in this collection demonstrate how the story remains active in various different societies where social and family relationships are adapting to modern culture. The volume explores the social arenas of dating apps and prom nights as well as contemporary issues about women's roles in the home and gender identity. Cinderella's cultural translation is seen through the contributors' international perspectives from Irish folklore to the Colombian Cenicienta, to a Cinderella of the coast and Spanish literary history. Its transdisciplinarity ranges from fashion in Charles Perrault and the Brothers Grimm's publications to a comparison of Cinderella and Galatea on film and essays on British authors Nancy Spain, Anne Thackeray Ritchie, and Frances Hodgson Burnett.
