

KS2 Circus Lesson Plan Ideas

English

Descriptive Writing - Show the children a picture of a circus scene or let the children get their own ideas. Ask them to write a story about what they might see and what they might do. If you can get a small picture for them, ask them to imagine they are writing a story. They could also draw a picture of what they see and write a story about it.

Presentations - Show the children a picture of a circus scene. The children can write a story about it. They could also write a story about what they might see and what they might do. If you can get a small picture for them, ask them to imagine they are writing a story. They could also draw a picture of what they see and write a story about it.

Non-sequential writing - Ask the children to write a story about a circus scene. The children can write a story about it. They could also write a story about what they might see and what they might do. If you can get a small picture for them, ask them to imagine they are writing a story. They could also draw a picture of what they see and write a story about it.

Writing Skills - Ask the children to write a story about a circus scene. The children can write a story about it. They could also write a story about what they might see and what they might do. If you can get a small picture for them, ask them to imagine they are writing a story. They could also draw a picture of what they see and write a story about it.

Science

Forces - Look at different circus performers and discuss what movements they do. Find a video to show the skills of circus performers and show them examples of different forces. After showing them a few get them to try and point out some to you. Get the children to get different circus acts into groups, pairs, trios and squares and explain how to speed up or slow down the process.

Look at a balance scale and investigate whether or not the pans they hold need the same weight at each end of the pole to balance. Look at balanced forces. They can easily be done with wooden sticks balanced on a wall and putting unequal and equal weights on the ends of the sticks. If it could be done with putting weights on a seesaw and getting it to balance.

Jugglers use balls in the circus to combat the **resistance** on different surfaces and the effect it has on how far the ball rolls. Then get them to enter it up with the help of the **velocity**.

Look at gravity and the effect it has on some of the circus acts, for example the jugglers and the trapeze artists. Do an experiment with pendulums and see if the trapeze artists and look at the effect gravity has on the pendulum and how the mass of the pendulum affects the motion of the ball.

Drama

Mime - Do some work with the class on doing mime. Look at a video of mime and get the children in groups to come up with their own routines.

PSHE

How can we make a difference to the world? Discuss what a circus is and how it can be used to make a difference to the world. Get the children to write a story about it.

Non-sequential writing - Ask the children to write a story about a circus scene. The children can write a story about it. They could also write a story about what they might see and what they might do. If you can get a small picture for them, ask them to imagine they are writing a story. They could also draw a picture of what they see and write a story about it.

Art

Look at old-fashioned circus posters and recreate them. Paint each other's faces to look like clowns.

Geography

Look at a map of the world and see if you can find a circus. If it is not there, try to find one. Get the children to write a story about it. They could also write a story about what they might see and what they might do. If you can get a small picture for them, ask them to imagine they are writing a story. They could also draw a picture of what they see and write a story about it.
