**Civil Society Networks in China and Vietnam** A. Wells-Dang, 2012-07-31 This book brings a fresh original approach to understand social action in China and Vietnam through the conceptual lens of informal environmental and health networks It shows how citizens in non democratic states actively create informal pathways for advocacy and the development of functioning civil societies

Routledge Handbook of Chinese Culture and Society Kevin Latham, 2020-02-27 The Routledge Handbook of Chinese Culture and Society is an interdisciplinary resource that offers a comprehensive overview of contemporary Chinese social and cultural issues in the twenty first century Bringing together experts in their respective fields this cutting edge survey of the significant phenomena and directions in China today covers a range of issues including the following State privatisation and civil society Family and education Urban and rural life Gender and sexuality and reproduction Popular culture and the media Religion and ethnicity Forming an accessible and fascinating insight into Chinese culture and society this handbook will be invaluable to students and scholars across a range of disciplines including anthropology sociology area studies history politics and cultural and media studies

**The advocacy trap** Stephen Noakes, 2017-12-27 What does China's rise mean for transnational civil society What happens when global activist networks engage a powerful and norm resistant new hegemon This book combines detailed ethnographic research with cross case comparisons to identify key factors underpinning variation in the results and processes of advocacy on a range of issues affecting both China and the world including global warming intellectual property rights HIV AIDS treatment the use of capital punishment suppression of the Falun Gong religious movement and Tibetan independence Built on a unique blend of comparative and international theory it advances the notion of advocacy drift a process whereby the objectives and principled beliefs of activists are transformed through interaction with the Chinese state The book offers a timely reassessment of transnational civil society including its power to persuade and to leverage the policies of national governments

*China's Great Leap* Minky Worden, 2011-01-04 With contributions from some of the most well respected and experienced Chinese writers journalists and organizers China's Great Leap examines the People's Republic of China as its government and 1.3 billion people prepare for the 2008 Olympic Games When Beijing first sought the Games China was still recovering from the upheavals of Maoist rule and adapting to a market revolution Today China wants to engage with the outside world while fully controlling the engagement How will the new leaders in Beijing manage the Olympic process and the internal and external pressures for reform it creates China's Great Leap will illuminate China's recent history and outline how domestic and international pressures in the context of the Olympics could achieve human rights change Learn about key areas for human rights reform and how the Olympics could represent a possible great leap forward for the people of China and for the world

*The Unfinished Revolution* Minky Worden, 2012-07-04 CUSTOMERS IN NORTH AMERICA COPIES ARE

AVAILABLE FROM WWW SEVENSTORIES COM Women s rights have progressed significantly in the last two decades but major challenges remain in order to end global gender discrimination The unfinished revolution Voices from the global fight for women s rights outlines the recent history of the battle to secure basic rights for women and girls including in the Middle East where the hopes raised by the Arab Spring are yet to be fulfilled This anthology opens with a foreword by Christiane Amanpour and features essays by more than 30 writers activists policymakers and human rights experts including Nobel laureates Shirin Ebadi and Jody Williams Most important are contributions from women who have fought against human rights abuses and have become agents of change Contributors propose new workable solutions to ongoing rights violations including human trafficking and harmful traditional practices such as child marriage and female genital mutilation As a whole the book shows that the struggle for women s equality is far from over and is essential reading for everyone involved in the fight to realise the full potential for half the world s population

*The Next Frontier* David T Johnson, Franklin E Zimring, 2009-02-02 Today two thirds of the world s nations have abolished the death penalty either officially or in practice due mainly to the campaign to end state executions led by Western European nations Will this success spread to Asia where over 95 percent of executions now occur Do Asian values and traditions support capital punishment or will development and democratization end executions in the world s most rapidly developing region David T Johnson an expert on law and society in Asia and Franklin E Zimring a senior authority on capital punishment combine detailed case studies of the death penalty in Asian nations with cross national comparisons to identify the critical factors for the future of Asian death penalty policy The clear trend is away from reliance on state execution and many nations with death penalties in their criminal codes rarely use it Only the hard line authoritarian regimes of China Vietnam Singapore and North Korea execute with any frequency and when authoritarian states experience democratic reforms the rate of executions drops sharply as in Taiwan and South Korea Debunking the myth of Asian values Johnson and Zimring demonstrate that politics rather than culture or tradition is the major obstacle to the end of executions Carefully researched and full of valuable lessons *The Next Frontier* is the authoritative resource on the death penalty in Asia for scholars policymakers and advocates around the world

*Americans in China* Terry Lautz, 2022-01-10 *Americans in China* tells the dramatic stories of individual women and men who encountered the People s Republic of China as adversaries and emissaries mediators and advocates interpreters and reporters soldiers scientists entrepreneurs and scholars In *Americans in China* Terry Lautz provides a series of biographical portraits of Americans who have lived and worked in China from before the Communist era to the present The pathbreaking experiences of these men and women provide unique insights and deeply human perspectives on issues that have shaped US engagement with the People s Republic politics diplomacy education business art law journalism and human rights For each of these Americans China was more than just another place it was an idea a cause a revolution a civilization Some of them grew up in China while others were motivated by curiosity and adventure Some believed Red China was an existential threat

while others looked to the People's Republic as a socialist utopia. Still others including a number of Chinese Americans worked to improve US-China relations for personal or professional reasons. Looming over their narratives is the quandary of whether divergent Chinese and Western worldviews could find common ground. Was it best to abide by Chinese norms taking into account China's unique history and culture? Or should individual civil and human rights be defended as universal? Would China move in the direction of Western-style liberal democracy? Or was the Communist Party destined to follow an authoritarian path? The figures in this book had distinctive answers to such questions. Their stories hold up a mirror to our two societies helping to explain how we have arrived at the present moment.

Examination Into the Abuse and Extralegal Detention of Legal Advocate Chen Guangcheng and His Family United States. Congressional-Executive Commission on China, 2012

**The Social Construction of SARS** John H. Powers, Xiaosui Xiao, 2008-11-12 When the SARS virus began its spread from southern China around the world in spring 2003 it caught regional and international health officials by surprise. The SARS epidemic itself lasted for only a few months whereas its treatment in communicative terms keeps providing us with important lessons that can prepare us all for the much larger pandemic that many are predicting will eventually occur. While the medical aspects of SARS are now relatively well understood the discursive rhetorical dimensions are much less so. As an international epidemic SARS arrived in a number of distinctive societies with the result that different communities handled the crisis in different ways some far more effectively than others. Accordingly the 12 chapters in *The Social Construction of SARS* are studies of how a major health-related crisis was understood and dealt with from a communicative perspective in such diverse places as Hong Kong mainland China Singapore Taiwan Canada and the United States during the SARS outbreak.

An Awkward Embrace Dan Blumenthal, Phillip Swagel, 2012 In *Awkward Embrace* Phillip Swagel applies his experience at the Treasury Department to show the reader why America's economic relationship with China has been a beneficial one and details what needs to happen for this trend to continue. Daniel Blumenthal a former official specializing in Asia at the Department of Defense is far less optimistic when examining the military diplomatic and security ties the United States has or lacks with China. China's overall view of the West and especially of America is one of hostility and suspicion. Furthermore China has engaged in military diplomatic and human rights actions that are objectionable to a nation such as the United States which seeks to encourage the establishment of responsible government worldwide. The tension here is real: how can the United States manage this relationship in a way that keeps its economic engagement with China on a steady course but likewise protects its national security interests? Blumenthal and Swagel offer three possible paths for the U.S.-China relationship. In all of them they strive to demonstrate how internal forces are shaping China's interactions with other nations and furthermore how US leaders can attempt to attain a world order that includes a strong China that contributes positively while nonetheless preparing for the worst case scenario of China engaging in more assertive and destabilizing behavior.

Gender Equality, Citizenship and Human Rights Pauline Stoltz, Marina Svensson, 2010-04-05 This comparative

volume examines the ways in which current controversies and political legal and social struggles for gender equality raise conceptual questions and challenge our thinking on political theories of equality citizenship and human rights Bringing together scholars and activists who reflect upon challenges to gender equality citizenship and human rights in their respective societies it combines theoretical insights with empirically grounded studies The volume contextualises feminist political theory in China and the Nordic countries and subsequently puts it into a global perspective It tackles a complex set of tensions across a dense and shifting landscape and addresses issues including labour health democracy homosexuality migration and racism By cutting across geographical and disciplinary boundaries this book will be of interest to students and scholars of comparative politics gender studies human rights and also those interested in Scandinavian and Asian politics
