Evidence-Based Medical Consultation E-Book Daniel Steinberg, Jennifer S. Myers, Chitra Komal Jaipaul, 2007-10-30
Medical consultation is an integral part of the job description for many internal medicine specialists who practice in an inpatient setting. This concise pocket sized handbook helps you to provide timely and effective evidence based consultations for a full range of commonly encountered clinical situations. Each chapter provides evidence based answers to common medical consultation questions giving you the practical guidance you need to successfully manage hospitalized patients. A practical organization expedites access to the most relevant health concerns for every type of hospitalized patient. 2025 clinical questions for each patient type followed by brief evidence based answers address the most common clinical scenarios requiring medical consultation. A thorough and systematic search of current literature ensures that each clinical recommendation is based on the best available evidence.

Wilderness Medicine E-Book Paul S. Auerbach, 2011-10-31
Quickly and decisively manage any medical emergency you encounter in the great outdoors with Wilderness Medicine. World renowned authority and author Dr Paul Auerbach and a team of experts offer proven practical visual guidance for effectively diagnosing and treating the full range of emergencies and health problems encountered in situations where time and resources are scarce. Every day more and more people are venturing into the wilderness and extreme environments or are victims of horrific natural disasters and many are unprepared for the dangers and aftermath that come with these episodes. Whether these victims are stranded on mountaintops, lost in the desert, injured on a remote bike path or ill far out at sea, this indispensable resource now with online access at www.expertconsult.com for greater accessibility and portability equips rescuers and health care professionals to effectively address and prevent injury and illness in the wilderness. This textbook is widely referred to as The Bible of Wilderness Medicine. Be able to practice emergency medicine outside of the traditional hospital clinical setting whether you are in remote environments, underdeveloped but highly populated areas or disaster areas, are part of search and rescue operations or dealing with casualties from episodes of extreme sports and active lifestyle activities. Face any medical challenge in the wilderness with expert guidance. Dr Auerbach is a noted author and the world's leading authority on wilderness medicine. He is a founder and Past President of the Wilderness Medical Society, consultant to the Divers Alert Network and many other agencies and organizations, and a member of the National Medical Committee for the National Ski Patrol System. Handle everything from frostbite to infection by marine microbes, not to mention other diverse injuries, bites, stings, poisonous plant exposures, animal attacks and natural disasters. Grasp the essential aspects of search and rescue. Respond quickly and effectively by improvising with available materials. Improve your competency and readiness with the latest guidance on volcanic eruptions, extreme sports, splints and slings, wilderness cardiology, living off the land, aerospace medicine, mental health in the wilderness, tactical combat casualty care and much more. Meet the needs and special considerations of specific patient populations such as children, women, elders, persons with chronic medical conditions and the

disabled Make smart decisions about gear navigation nutrition and survival Be prepared for everything with expanded coverage on topics such as high altitude cold water immersion and poisonous and venomous plants and animals Get the skills you need now with new information on global humanitarian relief and expedition medicine plus expanded coverage of injury prevention and environmental preservation Get guidance on the go with fully searchable online text plus bonus images tables and video clips all available on ExpertConsult.com

Research Abuse Associate Professor Ralf Sundberg, 2020-10-19 In his book *Research abuse* how the food and drug industries pull the wool over your eyes Ralf Sundberg discusses questions regarding research in Nutrition from a biological social and economic perspective Today we understand that nutrition is not firstly to provide fuel but more importantly to provide building blocks for the renewal of our cells and tissues But nutritional science has from the fifties and on been surrounded by myths and misinterpretations of the prevalent data Policies and recommendations were formed in the absence of evidence often by experts tied to commercial and political interests In this book Dr Sundberg uses the examples of fat and cholesterol not only to illustrate historical mistakes in this area but also to demonstrate how we humans are subject to so many biases in so many areas In fact researchers as all humans are formed by emotions group thinking hope of success fears of many kinds which many times leads to misconceptions when put on print and regarded as facts and live on for decades Ralf Sundberg a former general and transplant surgeon conducted a remarkable career with transplant pioneers Folkert O Belzer at UW Madison in the mid eighties and with Thomas E Starz at the University of Pittsburgh in the early nineties Having retired from clinical work apart from book writing he is still active in research on diabetes fats and cholesterol He is the author of more than forty scientific papers many published in high ranked journals and has authored a number of books published in Sweden and Norway This is his first book to be published in English
