UNIVERSAL REMOTE CONTROL

Your remote control can be programmed to operate up to two devices, such as a garage door opener, gate operator, or commercial door operator and has a SMART LEARN button. Each button on the remote control works independently of the other and must be programmed separately. The images throughout this manual are for reference only and your product may look different.

Read instructions thoroughly BEFORE beginning. If you are using this product with residential door openers, this product must be used only with door openers manufactured

starting January 1, 1993 that use photoelectric sensors located near the bottom of the door track.

IMPORTANT: The remote will activate your door or gate during programming. Be sure the door is clear of ALL obstructions. Start with the garage door closed. Make sure the garage door opener has a working light because it is a programming indicator.

WARNING: This product can expose you to chemicals including lead, which are known to the State of California to cause cancer or birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov
