Sunlight on Shadows Lama Shenpen Drolma,2021-09 The spiritual principles and methods found in this book are at the heart of the path of the bodhisattva The bodhisattva is one who s committed to ending suffering and bringing about happiness for all beings throughout time and space This may sound like an impossible goal that has nothing to do with our daily lives But the way of the bodhisattva can be practiced by anyone anywhere at any time To the extent that we practice it we can be certain we ll be of true and lasting benefit to ourselves and others We ll learn how to do that in this book Everything the bodhisattva does comes from a heart of

wisdom and compassion To be able to do this the bodhisattva trains their mind in bodhicitta the wisdom mind of great compassion for the purpose of increasing their positive qualities and decreasing whatever stands in the way of their being of the greatest benefit This book is concerned with how we give rise to bodhicitta how we practice stabilize deepen and ultimately realize it This training is made accessible through extensive step by step teachings questions and answers from group retreats and over 50 meditation instructions that walk the contemporary reader through the 2500 year old training of the bodhisattva *The Middle Way*, 2004 Journal of American Indian Education, 2019 *American Book Publishing Record*, 2004 **The Publishers Weekly**, 2003 **The Heart of Compassion** Dilgo Khyentse, 2007-05-29 A Tibetan Buddhist master shares his commentary on Santideva's Way of the Bodhisattva illuminating the path to enlightenment and the meaning of true compassion What would be the practical implications of caring more about others than about yourself This is the radical theme of this extraordinary set of instructions a training manual composed in the fourteenth century by the Buddhist hermit Ngulchu Thogme here explained in detail by one of the great Tibetan Buddhist masters of the twentieth century Dilgo Khyentse In the Mahayana tradition those who have the courage to undertake the profound change of attitude required to develop true compassion are called bodhisattvas Their great resolve to consider others needs as paramount and thus to attain enlightenment for the sake of all living creatures carries them beyond the limits imposed by the illusions of I and mine culminating in the direct realization of reality transcending dualistic notions of self and other This classic text presents ways that we can work with our own hearts and minds starting wherever we find ourselves now to unravel our small minded preoccupations and discover our own potential for compassion love and wisdom Many generations of Buddhist practitioners have been inspired by these teachings and the great masters of all traditions have written numerous commentaries Dilgo Khyentse's commentary is probably his most extensive recorded teaching on Mahayana practice

Training in Tenderness Dzigar Kongtrul, 2018-05-22 Best Spirituality Books of 2018 Spirituality Practice A little guide to cultivating tsewa the loving warmth of heart from which the awakened mind arises from the popular Buddhist teacher and author of *The Intelligent Heart* This is a call to a revolution of heart In Tibetan Buddhism it is taught that one of the most essential qualities of enlightenment is tsewa a form of warm energy and openness of heart It is the warmth we express and receive through empathy with others especially those closest to us In this compact gem of a book Dzigar Kongtrul opens the door to this life changing energy and shows us how to transform our attitude toward ourselves and those around us through its practice And through its practice we can actually heal our fractured world This is a guide to the building blocks of compassion and the purest and deepest form of happiness And with these tools we can awaken the most powerful force in the world a tender open heart **The Heart of Unconditional Love** Tulku Thondup, 2015-03-31 A new four stage approach to the popular Buddhist practice known as loving kindness meditation with the aim of finding unconditional love in our own hearts in our relationships and in our perception of the world around us The unconditional love that we all long for in our

own lives and in the world around us can be awakened effectively with this unique approach to the Tibetan Buddhist practice of loving kindness meditation. Tulku Thondup gives detailed guidance for meditation prayers and visualization in four simple stages that can be practiced in as little as thirty minutes a session. The four stage format is a brand new approach being presented for the first time in English, distilled from the author's lifelong study and practice of authentic traditional teachings. What if we could experience not only our own body, mind and heart as a boundless source of loving kindness but every particle of the world around us as a beautiful realm filled with the blessing energies of the Buddhas and their celestial abodes? The whole environment would become a miraculous display of unconditional love, wisdom and power accompanied by the sweet music of holy prayers and inspirational teachings. This is not just a dream or a fantasy but an effective meditation practice that can bring relief from stress, healing to mind and body, healthier relationships and a positive new outlook on the world around you. Loving kindness meditations are a highly effective way to generate positive causation, bring true peace and love into our lives and release ourselves from habitual suffering. When we train ourselves to desire the happiness and well being of others with the unconditional love of a mother who cares wholeheartedly for her little ones, we find our whole world pervaded by the positive qualities of joy, peace and beauty. The training can be compared to sunbathing. As our body absorbs the sun's heat, it becomes warm and gradually emanates that warmth into our surroundings. In the same way, through devotion and trust in the Buddha of Loving Kindness, we immerse our mind in his unconditional love which we then radiate to those around us. *The Heart of Unconditional Love* presents this meditation in a new four stage format distilled from the author's lifelong study and practice of authentic traditional teachings. The meditation can be practiced in as little as thirty minutes a session. In the Outer Buddha Stage we open our heart with trust and devotion to the Buddha of Loving Kindness and enjoy his unconditional love. In the Inner Buddha Stage we experience the Buddha's unconditional love within and for ourselves. In the Universal Buddha Stage we learn to see, hear and feel the world around us as a blessed realm of unconditional love. In the Ultimate Buddha Stage we rest in the awareness of unconditional love, free from conceptual thinking. Designed to be accessible to newcomers as well as experienced meditators, this presentation is a brand new approach to loving kindness meditation, being published in English for the first time. *Peaceful Heart* Dzigar

In the Buddhist tradition, patience is our mind's ability to work positively with anything that bothers us, a vast spectrum of particulars that all boil down to not getting what we want or getting what we don't want. In fluid, accessible language, Dzigar Kongtrul expands on teachings by the ancient sage Shantideva that contain numerous powerful and surprising methods for preventing our minds from becoming consumed by what bothers us, especially in anger.
