Anastassia V. Obydenkova, Alexander Libman, 2019-05-02 The interconnection between international organizations IOs membership and democratization has become a topic of intense debate However the main focus of the literature so far has been on IOs created by democratic states and comprised mostly of democracies for examples the European Union In contrast to existing studies this book focuses on another group of regional IOs referred to as non democratic IOs which are organizations founded by autocracies How do these newly emerged organizations interrelate and interact with the outside world How do they counteract and confront the danger of democratization in their own member states and neighboring states This book aims to address these questions by developing a new theory of authoritarian regionalism and by combining both quantitative and qualitative analysis to test it The quantitative analysis uses a large dataset of all regional organizations worldwide for the post World War II period with the aim of defining historical trends in development and the modification of regionalism over the last seven decades 1945 2015 Qualitative analysis refines and develops the argument by looking at the case of post Soviet Eurasia The book uncovers a new type of regionalism authoritarian regionalism and traces its historical roots as well as its implications for modern politics The book is the first attempt to systematically investigate the functioning and the impact of authoritarian regionalism as a new phenomenon as well as its implications for democratization world wide The book contributes to the theory of regionalism international organizations studies of autocracies foreign policy and democratization world wide **Global Environmental Politics and International Organizations** Anastassia

Obydenkova, 2024-05-07 The literature on environmental politics and regional governance has mainly been dedicated to the role played by the European Union EU The analysis of environmental agenda and politics of other regional international organisations IOs and banks remained in the shadows compared to studies of European actors This book aims to address the following questions How do various actors such as regional IOs matter in promoting an environmental agenda What challenges do they face The first perspective developed in this book investigates European IOs e g the EU the European Bank for Reconstruction and Development and newly emerged Eurasian IOs e g the Eurasian Economic Union the Asian Infrastructure Investment Bank The second perspective unfolds various environmental issues within the EU and across post Communist EU members and candidate states e g in Serbia Latvia Hungary The analysis of these two perspectives discloses multiple dimensions in the impact of the EU and other regional and non regional IOs on sustainable development The book aspires to shed more light on the nexus of political and economic developments and to contribute to better understanding of the role of a variety of IOs in sustainable development in Europe and Eurasia The chapters in this book were originally published as a special issue of Post Communist Economies *Tunisia and Egypt after the Arab Spring* Valeria

Resta, 2023-09-22 This book examines the processes of transition from authoritarian rule in Tunisia and Egypt between 2011

and 2014 arguing that differences between the two countries can be explained by the conduct of their respective political parties Drawing on a new conceptualization of political parties agency that considers their unique nature as intermediate and intermediary institutions the book allows for the identification of those factors driving political parties choices in processes of transition Moreover thanks to the employment of quantitative text analysis on the electoral manifestos of the parties involved this work presents new data for the study of party systems in Tunisia and Egypt Presenting a new toolkit for analysis Tunisia and Egypt after the Arab Spring ultimately reveals how differing legacies of authoritarian repression across the two countries can help explain why the Tunisian transition culminated with the 2014 democratic constitution and the Egyptian transition with the 2013 military coup Conceptually the book will appeal to those working in comparative politics and those interested in processes of democratization and authoritarian resilience Nonetheless the focus on Tunisia and Egypt makes the book suitable reading for anyone interested in Arab politics and the MENA region generally

The Quality of Democracy in Korea Hannes B. Mosler, Eun-Jeung Lee, Hak-Jae Kim, 2017-11-15 This edited volume assesses the quality of democracy in the Republic of Korea three decades after its formal democratization in 1987 It has been argued that Korea's two subsequent power turnovers prove that its democracy has been successfully consolidated despite its tremendous progress however recent developments show signs of deterioration and retreat Therefore drawing on the recent quality of democracy literature this volume sets out to answer the question Where does Korea's democratic quality stand today The three chapters in first section of the book focus on aspects related to the presidency political parties and organized labor also including the perspective of governance and human security as well as on the rule of law regarding the role and function of the prosecution This is followed by a set of four chapters in section two that address the dimensions of democratic quality such as participation freedom equality and responsiveness The final third section includes contributions on related inter Korean policy issues This book is an invaluable resource for political and social scientist working on democratic quality and at the same for scholars in Asian or Korean Studies at faculty level as well as on graduate student level

The Tunisian Revolution and Democratic Transition Mohammad Dawood Sofi, 2021-11-29 Drawing on the history of post independence Tunisia the book studies the evolution of al Nah ah as a political party in Tunisia and its role in a protracted struggle to shape the post authoritarian order along democratic lines It explores al Nah ah's relationship with the Tunisian state society and beyond that resulted in shaping its fluctuating expressions of ideology and practices State repression political participation or internal differentiation among other factors place an Islamic movement in this case al Nah ah in such a situation that demands a perpetual self re evaluation as well as implementation of ideology objectives and political programmes The study explains how the socio political setting in Tunisia demanded various ideologically opposite currents Islamic liberal or leftist to endure cross ideological cooperation either to contest authoritarian regimes or to engage in the political process It more importantly analyzes the trajectory of a gradual democratization process in the country and provides evidence explaining the

impact and importance of a vibrant civil society building alliances and sharing of power The book provides comparative analytical attention to the primary sources on these issues to create a critical historiography It thus adds to the body of literature on the state society and politics in the MENA region and particularly targets students scholars and social scientists interested in understanding the nature of power and politics in Tunisia and beyond *Participation without Democracy* Garry Rodan,2018-05-15 Over the past quarter century new ideologies of participation and representation have proliferated across democratic and non democratic regimes In *Participation without Democracy* Garry Rodan breaks new conceptual ground in examining the social forces that underpin the emergence of these innovations in Southeast Asia Rodan explains that there is however a central paradox in this recalibration of politics expanded political participation is serving to constrain contestation more than to enhance it *Participation without Democracy* uses Rodan s long term fieldwork in Singapore the Philippines and Malaysia to develop a modes of participation MOP framework that has general application across different regime types among both early developing and late developing capitalist societies His MOP framework is a sophisticated original and universally relevant way of analyzing this phenomenon Rodan uses MOP and his case studies to highlight important differences among social and political forces over the roles and forms of collective organization in political representation In addition he identifies and distinguishes hitherto neglected non democratic ideologies of representation and their influence within both democratic and authoritarian regimes *Participation without Democracy* suggests that to address the new politics that both provokes these institutional experiments and is affected by them we need to know who can participate how and on what issues and we need to take the non democratic institutions and ideologies as seriously as the democratic ones **Routledge Handbook on the Modern Maghrib** George Joffé,2023-11-20 This comprehensive Routledge Handbook on the Modern Maghrib introduces and analyses the region in its full complexity focussing on the countries of Morocco Tunisia Algeria and Libya as well as the regions of the northern and western Sahara In addition to country studies that provide historical and geopolitical background a series of thematic explorations engage with a range of social linguistic cultural and economic aspects providing a rich mosaic of current scholarship on the region Addressing important debates such as the volatile international relations among constituent states the role of women in society and the environmental impact of climate change the book considers natural resources music media and language and revisits the history of borders and social tribal structures What emerges is not only a variegated picture of the Maghrib as a complex and rapidly changing region but one marked by stark contrasts and divergences among its constituent states based on their Ottoman and colonial experiences their relationships with their Saharan and Mediterranean neighbours and their own political trajectories This Handbook fills an important gap in knowledge on a region increasingly significant in European and American affairs and will appeal to anyone interested in the history economies and societies of North Africa Governance and Democracy in the Asia-Pacific Stephen McCarthy,Mark R. Thompson,2020-03-17 This book explores the theoretical and

empirical relationship between democracy and governance in the Asia Pacific region Examining a variety of country cases and themes addressing the theoretical tension between governance and democracy it illuminates how this impacts political and civil societies across the region Analysing the character structure and current trajectories of polities in the Asia Pacific democratic or otherwise this book demonstrates that the role of civil society political society and governance has significantly differed in practice from what has been commonly assumed within the international community The book includes both theoretical investigations tracing the modern development of the concepts of governance development and democratization as well as regional and country specific observations of major issues presenting comprehensive country level studies of China Singapore Thailand Cambodia the Philippines Myanmar Fiji and the Solomon Islands Presenting fascinating insight into non democratic governance civil society and the rule of law in illiberal contexts Governance and Democracy in the Asia Pacific will prove to be of great use to students and scholars of Asian politics and society as well as international and comparative politics

The American Exceptionalism Revisited Marcello Fantoni, Leonardo Morlino, 2016-02-26T00:00:00+01:00 When looking at the US from a European perspective a sort of paradox immediately emerges On the one hand the American way of life has been penetrating in depth our everyday life and even more our Western culture through the music the movies the literature and all possible consumerist habits But on the other hand all recurrent statements have been emphasizing the American exceptionalism of political institutions that is how different and distant the North American institutions are from the European ones with regards to the government leadership the relationships between existing powers the connections with the citizens and even the very notion of democracy This book will not analyze the reasons of such exceptionalism It addresses a more salient and up to date question how much exceptionalism is today still present if we compare US democratic institutions to the European ones In other words has there been a convergence or are the differences still very strong and accentuated And if there has been convergence in what directions Or if resilient divergences on what aspects Moreover how to explain the convergence if there has been one

Illiberal Practices Jacqueline Behrend, Laurence Whitehead, 2016-06-15 What drives the uneven distribution of democratic practices at the subnational level Within subunits of a democratic federation lasting political practices that restrict choice limit debate and exclude or distort democratic participation have been analyzed in recent scholarship as subnational authoritarianism Once a critical number of citizens or regions band together in these practices they can leverage illiberal efforts at the federal level This timely data driven book compares federations that underwent transitions in the first second and third waves of democratization and offers a substantial expansion of the concept of subnational authoritarianism The eleven expert political scientists featured in this text examine the nature and scope of subnational democratic variations within six large federations including the United States India Mexico Brazil Argentina and Russia Illiberal Practices makes the case that subnational units are more likely to operate by means of illiberal structures and practices than as fully authoritarian regimes Detailed case studies examine
