One day, while Lily was playing in the park, she saw a short tree with a bird's nest resting on its branches. Lily tip-toed and investigated the nest and saw three pretty blue eggs.

As Lily curiously looked on, the eggs started quivering and cracking. Lily was thrilled! She saw tiny birds hatch out of the eggs slowly. Once they were out, they started chirping noisily. At once, the mother bird flew back to her nest and fed her chicks with some worms. As it was getting late, Lily returned home.

Every day, Lily stopped over at the park to check on the chicks. They grew stronger and bigger every day. One day, Lily went to visit the nest and found it empty. Where were the chicks?

Lily told her mother about the empty nest. Her mother explained that chicks learn to fly and would eventually leave their mother's nest to build a nest of their own. Lily was glad that the chicks had learnt to fly but was also glum that she could not see them anymore.
