**Scorpio Ascendant Secrets** Saket Shah, 2020-01-05 There are times when people just can't identify with the attributes of their Sun or Moon sign In fact they may feel that they are an antithesis of their zodiac sign You may also have observed it Your Leo friend may not seek attention may be because he or she has a Capricorn ascendant Your Sagittarius friend is very possessive may be because he or she has a Scorpio Ascendant It is easy to understand why some people do not correspond to their Sun or Moon signs once you know about what is the rising sign or Ascendant in a horoscope Ascendant is the degree of the zodiac sign that was highest on the Eastern horizon at the time and place of birth When seen from Earth the sky seems to move so the entire zodiac can be observed in a span of 24 hours day which means the rising sign changes on the Eastern horizon every 2 hours because there are 12 zodiac signs People tend to associate their physical emotional and spiritual attributes more with rising sign at times

**32 Secrets of Birth Chart** Saket Shah, 2025-04-07 When I first began studying Vedic astrology I was searching for answers Why do we suffer certain patterns over and over Why do some people walk into our lives like fate only to leave like storms Why are some born with abundance while others carry invisible burdens I didn t just want to know when something would happen I wanted to know why it needed to happen In the sacred silence of the scriptures in the dusty margins of forgotten manuscripts in the heartbeat of my own chart I began to see glimpses of something deeper Hidden patterns Mysterious laws Secrets that weren t taught in mainstream texts but whispered through

experience devotion and inner knowing Thus this book was born not from a place of authority but from a place of wonder Each of the 32 secrets in this book is a doorway They come from classical Vedic astrology Jaimini s cryptic brilliance and deeper meditations on karma and consciousness But more than anything they come from years of living through my chart and helping others walk through theirs This is not a technical manual It s a spiritual map A mystical initiation For those who are tired of predictions and hungry for purpose If this book has awakened something in you some memory of who you were and what you came here to heal then it has fulfilled its purpose To the reader who sees themselves in these pages To the astrologer who senses truth beyond technique To the soul who is both seeker and secret This book was written for you With light devotion Saket Shah      Light on Life: An Introduction to the Astrology of India Dr. Robert Svoboda,Hard de Fouw,2019-05-01 Light on Life brings the insight and wisdom of Indian astrology to the Western reader Jyotish or Indian astrology is an ancient and complex method of exploring the nature of time and space and its effect upon the individual Formerly a closed book to the West the subject has now been clarified and explained by Hart de Fouw and Dr Robert Svoboda two experts and long term practitioners In Light on Life they have created a complete and thorough handbook that can be appreciated and understood by those with very little knowledge of astrology      Medical Astrology for Beginners Arun Bansal, The diseases are the result of our past karmas and indicated by weak and afflicted planets This can be easily understood by an astrologer Therefore every book on astrology has discussed the diseases and yogas for these diseases are scattered throughout the astrological literature Some of these Yogas have been compiled in this book for the intelligent readers with the observations and experiences of author Author has used the astrology for the purpose of diagnosis as other laboratory tests MRI and CAT SCAN etc It gave good results to understand whether the chronic diseases are curable or not Moreover it has helped to understand the time period of onset of the disease which no other science can explain Therefore astrology is science of sciences One must be careful while predicting diseases because so many factors are involved in prediction Only the yoga for disease is not sufficient If the yoga is aspected by benefic planets the results will be nullification of malefic influence The disease depends on the strength of the disease producing planets Even if a disease may be indicated from a house from lagna but from Moon and navamsha lagna the same house is strong and lord is fortified the malefic influence may get cancelled Therefore while judging one must consider the house lord of house and karaka of the house rashish where the lord of house is posited i e dispositor and navamshesh the lord of house in navamsha chart where the lord of the house is posited and relationship in navamsha chart between lagna lord and lord of the house into consideration from lagna Moon navamsha lagna and nakshatra of the planet in which he is posited One must take into consideration the nature and qualities of the planets causing the disease functional benefic or malefic to the lagna house in which they are posited The benefic planet will certainly cause less harm than the malefic planet The relationship between the two planets also affects the disease producing capacity The relationship is also natural and functional The aspect and conjunction of the planets should

also be taken into consideration The retrograde malefic planet is more powerful in causing diseases than the normal malefic planet The retrograde benefic planet does not protect the native When a benefic planet is lord of maraka house and posited in that house it becomes strong maraka planet Keeping the above factors into consideration we can predict the timing of onset of diseases with the help of dasha system and Gochar The most common dasha system employed is Vimshottari dasha system Still we can divided the timing of diseases into 1 Yogas present in the horoscope 2 Dasha bhukti Paratyantar dasha 3 Transit Gochar 4 Horary All these factors have been discussed in this book in detail *Unlock Luck and Wealth with the Keys of Dharma* S. PRAKASH,2021-09-27 This book is about decoding Horoscope through a philosophical background with a unique amalgamation through mythological stories which gives us a clue as to how to atone for your sins In this book the author has covered all the Dhan Yogas Veeprit Raj Yogas and Neechbhang Raj Yogas with the timing of wealth We have the lock in the form of Luck which represents the Ninth house of Lakshmi in the Horoscope but sometimes we cannot find the right key to unlock the house of Luck Because of evil deeds or sinful acts done in the past life the native has Shrapit Dosh or curse which manifest in the present so a lock of Past can be unlocked by finding a right Key in Present as our Past has the clue of our Present in a Horoscope The intent of writing this book is not to claim to change someone s future but to help nurture and transform a native s future by doing karmic deeds so that natives can sail through easily in his her life This book is not about predictive astrology it is about sharing the philosophy of life that one has to adapt to lead a sin free life
