*Forex Trading* Heikin Ashi Trader, 2020-04-16 Forex Trading The Complete Series As is well known currency markets are determined by news However since news is rare most currency pairs move sideways 80% of the time In other words it is very difficult to trade currencies profitably with trend strategies The Forex Trading series therefore deals with strategies that are specifically designed for sideways markets Heikin Ashi Trader also discusses why traders who specialize in forex trading tend to trade only one strategy at a time They do this because they believe it is superior to other trading methods Unfortunately this approach makes them vulnerable to the ups and downs of this single strategy However by distributing profit and loss over several strategies the trader creates an indifference towards the series of losses of each single strategy If he looks at it as an investment security in his portfolio just like a stock or a fund he gets a more objective view on what is going on in the markets
