Charles Taliaferro

Forgiveness A Theology Cascade Companions:

Forgiveness Anthony Bash, 2015-05-11 Many endorse the idea of personal forgiveness without fully understanding its complexity and subtlety This book is a careful and detailed theological exploration of personal forgiveness It sets forgiveness in its ancient and biblical context as well as drawing on contemporary debates among philosophers psychological therapists and international relations theorists Forgiveness is written in a clear accessible style for both the specialist and the non specialist and even the most difficult issues are clearly explained and their significance explored Anthony Bash seeks to restore forgiveness to the center of Christian doctrine and practice and to defend its place in personal and public life

Why Is It so Difficult to Forgive from a Biblical Perspective? Robert E. Gaines Sr PhD, 2020-09-29 The process of forgiveness is often complicated but it can be rewarding when completed Forgiveness may not be easy for many but it is essential for spiritual maturity To do so we must understand what forgiveness means or entails as well as what it does not At one point or another all human beings especially Christians must forgive and be forgiven This study presents a journey through the scriptures to discover why it is so hard to forgive and what can be done to accomplish it from a biblical perspective Building on personal insight and strategies author Robert E Gaines Sr PhD first focuses on the misconceptions about forgiveness and explores its meaning He then considers the Christian motivation to forgive and reveals the freedom found in forgiveness Then the discussion moves to the process of forgiveness and the benefits of completing the process of forgiving Encouraging and inspiring this biblical study examines all aspects of forgiveness from a biblical perspective and proposes ways for Christians to embrace the freedom that it brings **Cascade Companion to Evil** Charles

Taliaferro, 2020-12-08 A guide to evil from a Christian point of view In this wide ranging and concise study philosopher Charles Taliaferro explores the idea that evil is the destruction or privation of what is good sin divine commands redemption from evil hell and heaven the problem of evil and the multiple ways Christians seek to overcome evil with good

Progressive Creation and the Struggles of Humanity in the Bible Zoltan Dornyei, 2018-03-22 Why does the Christian walk often feel like an ongoing struggle and why does God's creation include imperfection let alone forces that are intent on thwarting God's creative work In seeking a response to these questions this book argues that the biblical accounts describe creation in terms of a progressive transformation process whereby the initially incomplete created order will reach perfection only in the fulfillment of new creation The following discussion then outlines a comprehensive framework for the biblical theology of humanity's struggles centered on three key themes corporeal temptation deficient social structures and the much debated notion of spiritual warfare The book presents an overarching canonical narrative that threads together a series of diverse biblical topics from Job's temptation to the Atonement The final part surveys biblical teaching on how human conduct can be aligned with God's creative purpose and discusses three assignments from Jesus to believers to celebrate the Eucharist to pray the Lord's Prayer and to fulfill the Great Commission Remember Their Sin No More? David J.

Shepherd, Richard S. Briggs, 2022-09-21 In a world in which genuine forgiveness seems as rare a commodity as ever this collection of essays offers an opportunity to explore where and in what forms forgiveness may be found in the Hebrew Bible a text which is foundational for Western religions and the cultures they have influenced over the last two millennia In the wake of renewed interest in forgiveness in antiquity and recent suggestions that it bears little resemblance to modern conceptions this book investigates the ways in which the Hebrew Bible Old Testament itself conceptualizes forgiveness How and in what ways does God forgive Where if at all do we see reconciliation between people in the Old Testament and what does it look like

The Integrity of the Body of Christ Arden Mahlberg, Craig L. Nessan, 2016-05-23 For religious communities to have integrity and credibility they must flourish as places of love and respect Every aspect of church life is defined and protected by essential boundaries boundaries around space time thought speech will emotion and behavior both for clergy and church members Lack of awareness and attention to boundary keeping diminishes the integrity of the church and harms its mission whereas insight and vigilance about best practices lend freedom and energy to the calling of the church to care for others and to reach out to the world In a flourishing Christian community a wide array of boundaries must be recognized celebrated and navigated from the boundaries that define and protect us as individual persons to role boundaries and the boundaries that define essential communal functions such as worship This book is no conventional account of boundaries It takes a comprehensive approach to the challenge of understanding and creating healthy boundaries It applies the lessons from the emerging field of behavioral ethics to the rich and rewarding complexity of boundaries in church life helping us to be more loving and responsible in how we think speak and act so that the church can be true to its identity and mission

A Companion to the Mercersburg Theology William B. Evans, 2019-05-09 This volume tells the story of a mid nineteenth century theological movement emanating from the small German Reformed Seminary in Mercersburg Pennsylvania where John Williamson Nevin and Philip Schaff taught There they explored themes such as the centrality of the incarnation for theology the importance of the church as the body of Christ and the sphere of salvation liturgical and sacramental worship and the organic historical development of the church and its doctrines that continue to resonate today with many who seek a deeper and more historically informed expression of the Christian faith that is both evangelical and catholic

Haggai, Zechariah, and Malachi Jack R. Lundbom, 2025-06-30 This book introduces readers to Hebrew prophets of the sixth and fifth centuries BC providing detailed discussion of Haggai s prophecy of selected prophecies from I and II Zechariah and of Malachi s prophecy After a survey of the historical background of the period and brief introductions to each prophet prophecies are translated their rhetorical and compositional nature is noted then discussed in detail Questions for reflection are provided making the book suitable for Bible study and small group discussions

Zephaniah, Nahum, and Habakkuk Jack R. Lundbom, 2025-01-28 This book introduces readers to three Hebrew prophets of the seventh century BCE Zephaniah Nahum and Habakkuk After a survey of the historical background of the period and a brief introduction to each prophet all

prophecies are translated their rhetorical and compositional nature noted and each is then discussed in detail At the conclusion of each passage questions are provided for reflection making the book suitable for Bible study and small group discussions

The Art of Forgiveness Myk Habets, Philip Halstead, 2018-10-31 Forgiveness is at the heart of the Christian Gospel It goes hand in hand with love mercy and grace the fundamental theological virtues However forgiveness is easier to define than it is to embody This unique collection of essays brings together theologians ethicists and ministry practitioners into a constructive dialog which explores the complex and crucial concept of forgiveness what it is where it is to be found and how it might be practiced These essays reflect the perspectives of those from various traditions who nonetheless take the Christian Scriptures seriously believe that forgiveness is central to living out the Gospel and are creative in the ways in which forgiveness can be practiced Forgiveness is an art and not simply a science as such it requires trust skill and hope alongside love mercy and grace if it is to be embodied This volume offers a unique window into the art of forgiveness and the faithful and innovative ways in which it is to be understood embodied and cultivated

A Primer in Ecotheology Celia E. Deane-Drummond, 2017-09-22 This book serves as an introduction to the burgeoning field of ecotheology illustrating both its variety and its commonality across different Christian theological divides Some of the questions addressed in this short book include the following How can the Bible still make sense in the context of climate change and biodiversity loss Who on earth is Jesus Christ and what does he mean for us in today s world How can Christians be faithful to their traditions while responding to pressing calls to be engaged in environmental activism What is the relationship between theory and practice and local as well as global demands and how is this relationship expressed in different ecclesial settings How can we encourage each other to develop a sense of the earth as divine gift Written in clear accessible style this book walks readers through difficult concepts and shows the way different sources in Christian theology have responded to one of the most significant cultural issues of our time

Ulrich Zwingli Peter Opitz, 2024-05-23 Ulrich Zwingli can be regarded as the father of the Reformed Church and Reformed theology He stands at the beginning of the Reformed confessional tradition and many Reformers like Martin Bucer Heinrich Bullinger and John Calvin were heavily influenced by his views Nevertheless he is lesser known than Luther and Calvin For one thing many of his works are written in the Swiss German of the sixteenth century Further the time of his activity was short and marked by conflict So his writings address specific questions that confronted him He did not have time to develop his theological thought in peace or to write biblical commentaries This book aims to lessen his relative anonymity by offering a short introduction to Zwingli s life and times and a concise summation of his basic theological ideas

Understanding the Free-Will Controversy Thomas Talbott, 2022-08-16 What is free will and do humans possess it While these questions appear simple they have tied some of our greatest minds in knots over the millennia This little book seeks to clarify for an audience of educated non specialists some of the issues that often arise in philosophical disputes over the existence and the nature of human free will Beyond that it proposes a particular solution to

the puzzles Many philosophers have argued that free will is incompatible with determinism and many have also argued that it is incompatible with indeterminism So is free will simply an incoherent concept Talbott argues that the best way out of this quagmire requires that we come to appreciate why certain conditions essential to our emergence as free moral agents conditions such as indeterminism ignorance and a context of ambiguity and misperception are themselves obstacles to a fully realized freedom For a fully realized freedom requires that as minimally rational individuals we have learned some important lessons for ourselves and once these lessons have been learned some of our freest choices may be such that we could not have chosen otherwise because so choosing would then seem to us utterly unthinkable and irrational

Virtue Ethics in Christian Perspective Robert C. Roberts, 2024-10-29 Virtue Ethics in Christian Perspective proposes and illustrates an activity of philosophical ethics whose purpose is to engender the love of wisdom and thus the love of virtue and so to refine the moral character of its practitioners Avoiding philosophical jargon and making rich use of examples Robert C Roberts draws on ancient Greek philosophy especially Aristotle both to understand the virtues and to compare Christian virtues with virtues based in a different outlook Roberts argues that from a biblical philosophical perspective the good is two sided 1 it is that order of peace that is called shalom the kingdom of God or eternal life and 2 it is the battery of character traits that equip human beings to participate in and enjoy that order of peace

A Companion to the Book of Revelation David L. Mathewson, 2020-03-19 This book is meant to be a companion and guide through what many deem to be the most perplexing book of the New Testament As such it introduces the reader to the kind of literature Revelation is how to interpret its pervasive symbolism and sees it as a response to the unique circumstances of seven historical churches in first century Asia Minor living under the shadow of the Roman Empire This companion pays special attention to the literary context and flow of argument of John s unique book while also giving attention to the effect the visions would have had on the first churches It also pays attention to the more perplexing details of the text Revelation was primarily a book that called the churches to maintain their faithful witness in the face of a hostile environment It also continues to speak to the church today though perhaps not in the way we often think

Reading Galatians John Anthony Dunne, 2025-05-15 Galatians is simultaneously one of Paul s most well known and least understood letters At times Galatians is reduced down to a single concept like freedom or to a single passage about either justification by faith or the fruit of the Spirit and yet the personal and scriptural argument that Paul was making to his original readers is usually ignored in the process Instead of treating Galatians like a first draft of Romans as is also typically done Reading Galatians highlights the unique features of Galatians which make it peculiar among the writings of Paul It also overviews Paul s engagement with the Galatians from his initial ministry among them to what transpired after he left and all the way through to his multifaceted response what we can glean about their reaction to it and why it still matters to us today

Queer Theology Linn Marie Tonstad, 2018-07-26 What do Christianity and queerness have to do with each other Can Christianity be queered Queer Theology offers a readable introduction to a

difficult debate Summarizing the various apologetic arguments for the inclusion of queer people in Christianity Tonstad moves beyond inclusion to argue for a queer theology that builds on the interconnection of theology with sex and money Thoroughly grounded in queer theory as well as in Christian theology Queer Theology grapples with the fundamental challenges of the body sex and death as these are where queerness and Christianity find and maybe lose each other

Thomas a Kempis Greg Peters,2021-02-19 Given that Thomas Kempis Imitation of Christ is one of the most frequently translated and read late medieval books of devotion it is surprising that there are few studies of the work in English This book fills the void by offering an explication of Thomas spiritual theology in the Imitation while situating him in his late medieval monastic context and as someone familiar with and influenced by the Modern Devotion and the Sisters and Brothers of the Common Life Thomas emphasis on grace and his dependence on Augustine of Hippo show to some extent that he anticipated theological developments of the Protestant Reformation At the same time Thomas eucharistic spirituality so central to his overall spiritual theology is quintessentially medieval Thomas vision of the spiritual life was expansive and all inclusive rich and accessible for both the monk and the devout follower and imitator of Jesus Christ who lived in the world Thomas spirituality is for everyone a synthesis of Christian thought that steers away from the late medieval Scholastic theologies of the university towards a monastic theology and spirituality for anyone who desires to follow Jesus Christ devoutly His vision remains relevant for all twenty first century Christian believers **Lutheran Theology** Paul R.

Hinlicky,2020-05-06 In this book Lutheran theologian Paul Hinlicky makes the deeply conflicted origins of Lutheran theology fruitful for the future Exploring this intellectual and spiritual tradition of thought through its major historical chapters Hinlicky rejects essentialist projects exposing the debilitating binaries such programs engender and perpetuate to establish an authentic Luther theology or Lutheran theology Hinlicky excavates the ways that throughout a five hundred year tradition the legacy of Luther texts has been appropriated retooled subverted or developed Readers of this introduction will thus be critically equipped to make intellectually honest appropriations of the Luther legacy in the plurality of contemporary contexts in which this iteration of Christian theology will continue The Canaanites Mary Ellen Buck,2019-10-30 The term

Canaanite will be familiar to anyone who has even the most casual familiarity with the Bible Outside of the terminology for Israel itself the Canaanites are the most common ethnic group found in the Bible They are positioned as the foil of the nation of Israel and the land of Canaan is depicted as the promised allotment of Abraham and his descendants The terms Canaan and Canaanites are even evoked in modern political discourse indicating that their importance extends into the present With such prominent positioning it is important to gain a more complete and historically accurate perspective of the Canaanites their land history and rich cultural heritage So who were the Canaanites Where did they live what did they believe what do we know about their culture and history and why do they feature so prominently in the biblical narratives In this volume Mary Buck uses original textual and archaeological evidence to answer to these questions The book follows the history of the

Canaanites from their humble origins in the third millennium BCE to the rise of their massive fortified city states of the Bronze Age through until their disappearance from the pages of history in the Roman period only to find their legacy in the politics of the modern Middle East
