## **Fortune Robert Drewe:**

Fortune, by Robert Drewe (large Print). Robert Drewe,1987    **Fortune** Robert Drewe,2001-09-03 A tale of passion and pursuit Fortune is the story of Don Spargo a modern explorer who finds a sunken treasure ship off the West Australian coast and becomes a folk hero a lover and a hunted and haunted man Suspenseful satirical and deeply moving this novel challenges the nature of reality and legend in those scenes of modern conflict from the media to art from politics to crime that have obsessed the Western individual since World War II    Westerly ,2006    European Perceptions of Terra Australis Alfred

Hiatt,Christopher Wortham,2016-04-22 Terra Australis the southern land was one of the most widespread concepts in European geography from the sixteenth to the eighteenth centuries although the notion of a land mass in the southern seas had been prevalent since classical antiquity Despite this fact there has been relatively little sustained scholarly work on European concepts of Terra Australis or the intellectual background to European voyages of discovery and exploration to Australia in the eighteenth and nineteenth centuries Through interdisciplinary scholarly contributions ranging across history the visual arts literature and popular culture this volume considers the continuities and discontinuities between the imagined space of Terra Australis and its subsequent manifestation It will shed new light on familiar texts people and events such as the Dutch and French explorations of Australia the Batavia shipwreck and the Baudin expedition by setting them in unexpected contexts and alongside unfamiliar texts and people The book will be of interest to among others intellectual and cultural historians literary scholars historians of cartography the visual arts women s and post colonial studies    APAIS
