turned upside down when the Admiral seizes the world's oil supply. Economies crumble at a dizzying pace while others flourish depending upon their role in the new order. Watchdog finds himself in backroom politics with the Amir Harazi the Prime Minister of Israel who has plans of his own to bring a stop to the Iranian missiles that threaten to destroy his country in another Holocaust. You will be taken into the cockpits of Super Hornets and Lightning II's with the men and women who carry out the orders of world leaders. You will witness the agonizing decisions of generals and commanders who place their careers on the line carrying out the orders of presidents and prime ministers. Inevitably Watchdog runs head to head with the Admiral. Millions of lives hang in the balance as the world threatens to self-destruct from greed and power. This story is taken from tomorrow's headlines. It's a prophetic tale that will scare you with its chilling back room deals and double crosses. Who is friend? Who is foe? It's a good thing Watchdog is here to figure it all out and see that the Admiral's plan to hijack the world's oil is waylaid. Should he do it? Can he do it? Let's hope so. *Forty Days to Armageddon II* Reynold Jay, 2012-08-01

Forty Days to Armageddon II Watchdog and the Ghost Army. The excitement continues the story from the first Watchdog tale. Will one half billion people die? Thirty three days have expired and in the last seven days the stakes reach a fever pitch. In book one Iran is devastated by an oil spill of unimaginable proportions. This was brought about in a bold high seas mission by a Somali pirate Admiral Mahdi who was given stealth military hardware by the Russians. His actions create a massive ecological disaster that leaves Iran devastated. He and his B Wasys Somali Marines are given refuge in Venezuela where he intends to live out his life peaceably as the son of a fisherman. A ruthless cyber criminal Chris LE Blanc is sent to Jerusalem where he is directed to assist the Israelis in bringing the Iranian centrifuges to a grinding halt. Watchdog the right hand man to the POTUS works with the Russians and brings the two nations together hopefully in a new world of mutual friendship. The story continues. Iran is declared unsuitable for habitation and the citizens are dying for lack of food and substance. The Supreme Leader of Iran is now desperate to find new lands for his citizens and decides that Israel and the USA are his only course for settling in new lands. He trades with the DPRK for several atomic warheads with the hope that he can destroy the armies that hold the border and keep his people trapped inside Iran. All of this is followed by espionage, dirty deals and double crosses that need the attention of Watchdog. If the USA is to survive he must overcome all that is thrust upon him and try to save the USA from foreign intrusion. He must make new alliances and cast aside everything he has ever learned as the rulebook is thrown out the window. Chris LE Blanc a cyber criminal now takes center stage. Will he save the entire world from destruction? He refuses to cooperate and makes life difficult for the Israeli while the Iranians threaten to launch WMD's toward Palestine. And we will see the infamous Somali pirate Admiral Mahdi step up to the plate when the destruction of the USA is at stake. As the tale continues we can see he may very well be the most important man in the history. It is a world turned upside down overnight. Be prepared for a story that will leave you breathless and wishing for more Watchdog tales.
