Lui,Rick Sarre,2019-04-01 Edited by two leading restorative justice scholars from the West and East this unique e book bridges a gap in the literature by bringing together new evidence on the application of restorative practices in educational settings The

book has two aims First it builds a bridge between the restorative justice world in the East with that of the West The volume demonstrates how similar the theoretical and practical experiences are in the two sides of the world It presents us with evidence of what works in policy research and practice and allows us to make comparisons for the future Secondly the book challenges restorative justice which is often seen through the narrow lenses of the criminal justice system BOOK REVIEW It is arrogant indeed to think that schools in the west have all the answers and we are somehow more advanced in our thinking and practice The scope of the chapters in this book travails many of the issues that face schools and systems everywhere This book is highly recommended for anyone practicing studying or legislating restorative justice in educational settings
