Gutierrez, 2021-10-26 It is not a matter of argument among the vast majority of scholars but of demonstrable fact White supremacy includes both individual prejudice and for instance the long history of the disproportionate incarceration of people of color It describes a legal system still predisposed towards racial inequality even when judge counsel and jurors abjure racism at the individual level It is collective and individual It is old and immediate Some white supremacists turn to violence but there are also a lot of people who are individually white supremacist some openly so and reject violence This Field Guide proposes that a better understanding of hate groups white supremacy and the ways that racism and patriarchy have braided into our laws and systems can help people to tell and understand better stories
