Anger and Forgiveness Martha C. Nussbaum, 2016-04-01 Anger is not just ubiquitous it is also popular Many people think it is impossible to care sufficiently for justice without anger at injustice Many believe that it is impossible for individuals to vindicate their own self respect or to move beyond an injury without anger To not feel anger in those cases would be considered suspect Is this how we should think about anger or is anger above all a disease deforming both the personal and the political In this wide ranging book Martha C Nussbaum one of our leading public intellectuals argues that anger is conceptually confused and normatively pernicious It assumes that the suffering of the wrongdoer restores the thing that was damaged and it betrays an all too lively interest in relative status and humiliation Studying anger in intimate relationships casual daily interactions the workplace the criminal justice system and movements for social transformation Nussbaum shows that anger s core ideas are both infantile and harmful Is forgiveness the best way of transcending anger Nussbaum examines different conceptions of this much sentimentalized notion both in the Jewish and Christian traditions and in secular morality Some forms of forgiveness are ethically promising she claims but others are subtle allies of retribution those that exact a performance of contrition and abasement as a condition of waiving angry feelings In general she argues a spirit of generosity combined in some cases with a reliance on impartial welfare oriented legal institutions is the best way to respond to injury Applied to the personal and the political realms Nussbaum s

profoundly insightful and erudite view of anger and forgiveness puts both in a startling new light **Memory, Narrative and Forgiveness** Pumla Gobodo-Madikizela, Chris N van der Merwe, 2009-03-26 The United Nations declaration of 2009 as the International Year of Reconciliation is testimony to the growing use of historical commissions as instruments of reconciliation in post conflict societies Since the South African Truth and Reconciliation Commission TRC has had a profound impact on international efforts to deal with the aftermath of mass violence and societal conflict this is an appropriate time for scholars to debate and reflect on the work of the TRC and the wide ranging scholarship it has inspired across disciplines With a foreword by Harvard Law Professor Martha Minow *Memory Narrative and Forgiveness Perspectives on the Unfinished Journeys of the Past* offers readers a front row seat where a team of scholars draw on both theoretical analysis and case studies from around the world to explore the themes of memory narrative forgiveness and apology and how these themes often interact in either mutually supportive or unsettling ways The book is a vibrant discussion by scholars in philosophy psychology psychoanalytic theory history literary theory and Holocaust studies The authors explore the complex interconnected issues of trauma and narrative testimonial and literary narrative and theatre as narrative mourning and the potential of forgiveness to heal the enduring effects of mass trauma and transgenerational trauma memory as a basis for dialogue and reconciliation in divided societies The authors go well beyond the South African TRC and address a wide range of historical events to explore the possibilities and the challenges that lie on the path of reconciliation and forgiveness between victims perpetrators and bystanders in societies with a history of violent conflict and unspeakable injustice The book provides readers with a cohesive theoretically well grounded analysis of the impact of traumatic memories in the personal and communal lives of survivors of trauma It explores how narrative may be creatively applied in processes of healing trauma and how public testimony can often restore the moral balance of societies ravaged by trauma The book deepens understanding of the ways in which lessons from the TRC might be developed and both usefully and cautiously applied in other post conflict situations **Forgiveness Confronts Race, Relationships, and the Social** Court D. Lewis, 2022-07-05 *Forgiveness Confronts Race Relationships and the Social* Volume V of Vernon Press's *The Philosophy of Forgiveness* series is an exercise in listening Listening to others and not just waiting for them to stop speaking requires a willingness to recognize the worth of the other and to believe that what they say is worthy of consideration Much like reading a book one must strive to quiet the constant voice in one's head in order to hear and process the information communicated Listening is not always easy and it takes considerable practice but it is one of the most effective means for developing understanding and growing as an intellectual and moral person Literature dealing with forgiveness lacks many important voices including those from First Peoples African American LatinX and LGBTQ and many others and the authors of *Forgiveness Confronts Race Relationships and the Social* begin the task of closing these gaps discussing topics from folk and other social and political issues to racism systems of oppression and religion The authors were asked to explore forgiveness from their own understandings of

underrepresented aspects of forgiveness and readers will hopefully be enlightened and inspired to make their own diverse voices of forgiveness heard creating a true dialogue of diversity and wisdom

Perspectives on Forgiveness Susie DiVietro, Jordan Kiper, 2018-01-29 Demands for forgiveness even in the face of horrific crimes were common to the late twentieth century and remain critical aspirations for persons and communities in the early twenty first century Research on forgiveness and revenge has nevertheless revealed that many people hold divergent moral and pragmatic beliefs about forgiving and most survivors express longstanding skepticism about when forgiveness is appropriate and when it is not By taking an interdisciplinary approach to these issues the current volume considers the complexities of forgiveness and revenge in the modern world The chapters address some of

the most critical inquiries today How is forgiveness facilitated or obstructed What is the role of truth restitution reparation or retribution When is forgiveness without restitution appropriate Is forgiveness in the true sense of the term even possible Through empirical theoretical and literary analyses this volume addresses the power of revenge and forgiveness in human affairs and offers a unique outlook on the benefits of interdisciplinary discussions for enhancing forgiveness and deterring revenge in multiple aspects of human life The Road Ahead Jane Seymour,2017-12-05 Each of us knows the absolute joy that a new relationship or the birth of a child or fulfilling your heart's desire can bring But it's the life events that aren't so euphoric that test how we weather those storms Jane Seymour learned from her mother that when your life is tough the road becomes easier when you help others In *The Road Ahead* she shares inspirational stories from readers around the world who've overcome when the happily ever after isn't Using a three-step process of o Acceptance o Unconditional forgiveness o Selfless acts of kindness you can take heart as you face your road ahead **The Freedom of Forgiveness** James Grace,2024-12-31 Are you carrying the weight of past hurts anger or resentment *The Freedom of Forgiveness* offers a pathway to letting go and reclaiming peace in your life This insightful book dives deep into the transformative power of forgiveness guiding you through personal stories practical steps and wisdom to release the emotional burdens that hold you back Whether you're struggling to forgive others or yourself this book shows you how forgiveness is the key to unlocking true inner peace Imagine a life free from the chains of bitterness and pain where you can find healing joy and emotional freedom *The Freedom of Forgiveness* empowers you to take that first step towards healing offering tools to rebuild relationships and restore your soul Ready to embrace the power of forgiveness Start your journey today with *The Freedom of Forgiveness* and experience the peace and healing you've been searching for *Choosing to Forgive* Diane DeLong Clark,2012-04-18 Growing up in Upstate New York during the 1940s and 1950s was idyllic in many ways with wintertime sledding and summer days spent on the shores of Lake Ontario But even though she was involved in school activities and had friends Diane harbored a painful secret her father was an alcoholic Often out of work he might explode with rage at the dinner table because someone chewed too loudly or accuse Dianne's mother of infidelity or pass out naked sprawled across his bed within sight of anyone who came to the front door Not surprisingly Diane learned to fear resent and mistrust her father Unfortunately there are many stories like Dianne's in which families are traumatized by abuse Hers could have ended there but thanks to a loving God it did not What makes Dianne's story different is that she learned about the power of forgiveness In *Choosing to Forgive* she shares her insights into this most precious but sometimes mysterious gift from God How do we forgive people when they have deeply wronged us What if we don't want to What does forgiveness look like in everyday life Diane has asked these questions and others in her journey toward forgiving the man who caused her such pain Intended for both those whose circumstances are similar to Dianne's and those simply want to learn more about forgiveness this moving memoir tells the story of how forgiveness freed her to have a rich and happy life The Ethics of Life Writing Paul John

Eakin,2004 Our lives are increasingly on display in public but the ethical issues involved in presenting such revelations remain largely unexamined How can life writing do good and how can it cause harm The eleven essays here explore such questions Love's Forgiveness John Lippitt,2020-09-25 Love s Forgiveness combines a discussion of the nature and ethics of forgiveness with a discussion inspired by Kierkegaard of the implications of considering interpersonal forgiveness as a work of love It introduces the reader to some key questions that have exercised recent philosophers of forgiveness discussing the relationship between forgiveness and an extended notion of resentment considering whether forgiveness should be conditional or unconditional showcasing a particular understanding of the latter and arguing that there are legitimate forms of third party forgiveness It then introduces the idea of forgiveness as a work of love through a discussion of Kierkegaard key New Testament passages on forgiveness and some contemporary work on the philosophy of love Drawing on both philosophy and the New Testament it offers an understanding of forgiveness that incorporates both agapic love and a proper concern for justice John Lippitt explores religious and secular uses of key metaphors for forgiveness and the idea of forgivingness as a character trait suggesting that seeking to correct for various cognitive biases is key to the development of such a virtue and connecting it to other putative virtues such as humility and hope Lippitt draws on both Kierkegaard s discourse literature and contemporary philosophical work on these latter characteristics before turning to a discussion of the nature of self forgiveness Throughout the book the philosophical and theological literature is rooted in a discussion of various forgiveness narratives including Helen Prejean s *Dead Man Walking* Thordis Elva and Tom Stranger s *South of Forgiveness* and Ian McEwan s *Atonement* *Nobody's Home* Dubravka Ugrešić,2008 In her long career Ugresic has published several novels e g *The Ministry of Pain* but she made her name with her essay collections which have caused controversy and earned her the admiration of writers and critics abroad In these latest musings written over the course of several years Ugresic leaves no stone unturned and no thought contained doing what she does best writing about the human condition through her own experience Refusing to establish a central theme she touches upon a wide range of topics the paradox of multiculturalism metaphors as our defense against nightmares the eerie similarities between capitalism and communism and ways in which we try to rise hopelessly above our less than perfect existence Along the way she pays homage to the works of literature that have influenced her own creative process in an effort to pay a symbolic literary tax on narcissism because writing is not the humblest of vocations Perhaps not but Ugresic certainly knows how to balance being a critic with being criticized Recommended for all libraries collecting cultural criticism Mirela Roncevic Library Journal Copyright Reed Business Information a division of Reed Elsevier Inc All rights reserved **Learning to Forgive** Walter R. Smith,2010-01-01 How do you forgive a person who has hurt you deeply Why forgive someone who does not deserve to be forgiven Forgiveness is not easy and often we discover that the person who needs to be forgiven the most is ourselves As we forgive others and ourselves we find that we are the ones who have benefited forgiveness brings a peace to our lives that no one can take away from us

Learning to Forgive A Memoir of Doubt and Faith is the author's personal journey of forgiveness from a spiritual and psychological point of view The book shows the reader how they can use their relationship with God the resources of the Christian faith and their psychological understanding of themselves to learn how to forgive As readers see that pastors are not immune to the challenges of everyday life nor are they spared from abusive backgrounds they will be encouraged to embark on their own journeys of forgiveness or receive strength and hope for a journey already started Forgiveness from a Feminist Perspective Kathryn Norlock,2009-01-01 In the first philosophical book on forgiveness from an explicitly feminist point of view Kathryn Norlock discusses the critical importance of attending to gender when analyzing and recommending forgiveness in practice Norlock revises the definition and nature of forgiveness and forgivers showing that forgiveness is multidimensional and can be shown in many different ways **Memoir of Rev. Luther Rice, One of the First American Missionaries to the East** James Barnett Taylor,1840 *The Atrocity Paradigm* Claudia Card,2005 What distinguishes evils from ordinary wrongs Is hatred a necessarily evil Are some evils unforgivable Are there evils we should tolerate What can make evils hard to recognize Are evils inevitable How can we best respond to and live with evils Claudia Card offers a secular theory of evil that responds to these questions and more Evils according to her theory have two fundamental components One component is reasonably foreseeable intolerable harm harm that makes a life indecent and impossible or that makes a death indecent The other component is culpable wrongdoing Atrocities such as genocides slavery war rape torture and severe child abuse are Card's paradigms because in them these key elements are writ large Atrocities deserve more attention than secular philosophers have so far paid them They are distinguished from ordinary wrongs not by the psychological states of evildoers but by the seriousness of the harm that is done Evildoers need not be sadistic they may simply be negligent or unscrupulous in pursuing their goals Card's theory represents a compromise between classic utilitarian and stoic alternatives including Kant's theory of radical evil Utilitarians tend to reduce evils to their harms Stoics tend to reduce evils to the wickedness of perpetrators Card accepts neither reduction She also responds to Nietzsche's challenges about the worth of the concept of evil and she uses her theory to argue that evils are more important than merely unjust inequalities She applies the theory in explorations of war rape and violence against intimates She also takes up what Primo Levi called the gray zone where victims become complicit in perpetrating on others evils that threaten to engulf themselves While most past accounts of evil have focused on perpetrators Card begins instead from the position of the victims but then considers more generally how to respond to and live with evils as victims as perpetrators and as those who have become both **Making Sense of Forgiveness** Brad Hambrick,2021-10-04 Cliché's glib answers and quick solutions are shared all too often with those who are struggling to forgive or embrace forgiveness We know Jesus calls us to forgive but it can be hard to know what that looks like in complicated messy relationships Pastor and counselor Brad Hambrick helps readers to understand that forgiveness is the start A Poetics of Forgiveness J. Scott,2010-03-29 Despite recent interest in forgiveness and reconciliation relatively little

research has been conducted on forgiveness in literary studies A Poetics of Forgiveness explores the profound links between creativity and forgiveness and argues that creative production and interpretation can play a vital role in practices of forgiveness Developing a model of poetic forgiveness through the work of Julia Kristeva Jacques Derrida and Kelly Oliver A Poetics of Forgiveness asks how forgiveness is expressed in literature and other art forms and what creative works can bring to secular debates on forgiveness and conflict resolution Jill Scott explores these questions in a wide variety of historical and cultural contexts from Homer s Iliad to 9 11 novels from postwar Germany to post Apartheid South Africa in canonical texts and in diverse media including film photography and testimony **The Limits of Forgiveness** Maria Mayo,2015 Maria Mayo questions the contemporary idealization of unconditional forgiveness in three areas of contemporary life so called Victim Offender Mediation involving cases of criminal injury the work of the Truth and Reconciliation Commission in post apartheid South Africa and the pastoral care of victims of domestic violence She shows that an emphasis on unilateral and unconditional forgiveness puts disproportionate pressure on the victims of injustice or violence and misconstrues the very biblical passages especially in Jesus teaching and actions on which advocates of unconditional forgiveness rely
