*Forgotten Civilization* Robert M. Schoch, 2021-03-02 Updated throughout with recent developments and additional illustrations Reveals how solar outbursts caused the end of the last ice age unleashed catastrophe upon ancient advanced civilizations and led to six millennia of a Solar Induced Dark Age Includes evidence from solar science geology oceanic circulation patterns the Sphinx the underground cities of Cappadocia the Easter Island rongorongo glyphs and the G bekli Tepe complex in Turkey In this newly revised and expanded edition updated throughout with recent developments geologist Robert Schoch builds upon his revolutionary theory that the origins of the Sphinx date back much further than 2500 BCE and examines scientific evidence of the catastrophe that destroyed early high culture nearly 12 000 years ago Combining evidence from multiple scientific disciplines Schoch makes the case that the abrupt end of the last ice age circa 9700 BCE was due to an agitated Sun Solar outbursts unleashed electrical plasma discharges upon Earth triggering dramatic climate change as well as increased earthquake and volcanic activity fires high radiation levels and massive floods Schoch explains how these events impacted the civilizations of the time set humanity back thousands of years and led to six millennia of a Solar Induced Dark Age SIDA Applying the SIDA framework to ancient history he explores how many megalithic monuments petroglyphs indigenous traditions and legends fall logically into place including the underground cities of Cappadocia the Easter Island rongorongo glyphs and the G bekli Tepe complex in Turkey He also reveals that our Sun is a much more unstable star than previously believed suggesting that history could repeat itself with a solar outburst powerful enough to devastate modern society Weaving together a new view of the origins and antiquity of civilization and the dynamics of the planet we live on Schoch maintains we must heed the megalithic warning of the past and collectively prepare for future events

**Forgotten Civilization** Robert M. Schoch, 2012-08-22 Scientific confirmation of advanced civilization at the end of the last ice age the solar catastrophe that destroyed it and what the evidence means for our future Demonstrates based on the 12 000 year old megalithic complex of G bekli Tepe that advanced civilization extends thousands of years further back than generally acknowledged Examines the catastrophic solar outbursts that ended the last ice age wiping out antediluvian civilization and incinerating much of the evidence of that period Reveals data that show solar outbursts powerful enough to devastate modern society could return in the future Building upon his revolutionary theory that the Sphinx dates back much further than 2500 BCE geologist Robert Schoch reveals scientific evidence of advanced civilization predating ancient Egypt Sumeria and Greece as well as the catastrophe that destroyed it nearly 12 000 years ago and what its legacy can teach us about our own future Combining evidence from multiple scientific disciplines Schoch shows how the last ice age ended abruptly in 9700 BCE due to coronal mass ejections from the Sun These solar outbursts unleashed electrical plasma discharges upon Earth and triggered volcanic activity earthquakes fires and massive floods as glaciers melted and lightning strikes released torrential rains from the oceans He explains how these events eradicated the civilization of the time and set

humanity back thousands of years only to reemerge around 3500 BCE with scattered memories and nascent abilities He explores within this framework how many megalithic monuments underground cities and ancient legends fall logically into place as well as the reinterpreted Easter Island rongorongo texts and the intentional burial 10 000 years ago of the G bekli Tepe complex in Turkey Schoch reveals scientific evidence that shows how history could repeat itself with a coronal mass ejection powerful enough to devastate modern society Weaving together a new view of the origins of civilization the truths behind ancient wisdom and the dynamics of the planet we live on Schoch maintains we must heed the megalithic warning of the past and collectively prepare for future events

**The Vatican Heresy** Robert Bauval, Chiara Hohenzollern, 2014-03-01 Reveals how the largest Sun Temple in the world built according to Hermetic principles is located at one of Christianity s holiest sites the Vatican Shows how famous Renaissance philosophers and scientists called for a Hermetic reformation of Christianity by building a magical Temple of the Sun in Rome Explains how the Vatican architect Bernini designed St Peter s Square to reflect heliocentric and Hermetic principles Reveals how the design was masterminded by Bernini Jesuit scholars the mystical Queen Christine of Sweden and several popes In 16th century Italy in the midst of the Renaissance two powerful movements took hold The first the Hermetic Movement was inspired by an ancient set of books housed in the library of Cosimo de Medici and written by the Egyptian sage Hermes Trismegistus The movement expounded the return of the true religion of the world based on a form of natural magic that could draw down the powers of the heavens and incorporate them into statues and physical structures The other movement the Heliocentric Movement launched by Copernicus was a direct challenge to the Vatican s biblical interpretation of a geocentric world system Declared a heresy by the Pope those who promoted it risked the full force of the Inquisition Exploring the meeting point of these two movements authors Robert Bauval and Chiara Hohenzollern reveal how the most outspoken and famous philosophers alchemists and scientists of the Renaissance such as Giordano Bruno and Marsilio Ficino called for a Hermetic reformation of the Christian religion by building a magical utopic city an architectural version of the heliocentric system Using contemporary documents and the

latest cutting edge theses the authors show that this Temple of the Sun was built in Rome directly in front of the Vatican's Basilica of St Peter They explain how the Vatican architect Bernini designed St Peter's Square to reflect the esoteric principles of the Hermetica and how the square is a detailed representation of the heliocentric system Revealing the magical architectural plan masterminded by the Renaissance's greatest minds including Bernini Jesuit scholars Queen Christine of Sweden and several popes the authors expose the ultimate heresy of all time blessed by the Vatican itself

**Origins of the Sphinx** Robert M. Schoch,Robert Bauval,2017-03-16 New research and evidence that the Sphinx is thousands of years older than previously thought Contrasts what Egyptologists claim about the Sphinx with historical accounts and new research including reanalysis of seismic studies and updates to Schoch's water weathering research and Bauval's Orion Correlation Theory Examines how the Sphinx is contemporaneous

with G bekli Tepe aligned with the constellation Leo and was recarved during the Old Kingdom era of Egypt Reveals that the Sphinx was built during the actual historical Golden Age of ancient Egypt the period known in legend as Zep Tepi No other monument in the world evokes mystery like the Great Sphinx of Giza It has survived the harsh climate of Egypt for thousands of years and will remain long after our own civilization is gone According to orthodox Egyptology the Sphinx was built around 2500 BCE as a memorial to the pharaoh Khafre Yet this fact has scant to no supportive evidence When was the Sphinx really built and most importantly why In this provocative collaboration from two Egyptology outsiders Robert M Schoch Ph D and Robert Bauval combine their decades of research to show how the Sphinx is thousands of years older than the conventional Egyptological timeline and was built by a long forgotten pre Pharaonic civilization They examine the known history of the Sphinx contrasting what Egyptologists claim with prominent historical accounts and new research including updates to Schoch s geological water weathering research and reanalysis of seismic studies Building on Bauval s Orion Correlation Theory they investigate the archaeoastronomical alignments of the monuments of the Giza Plateau and reveal how the pyramids and Sphinx were built to align with the constellations of Orion and Leo Analyzing the evidence for a significantly older construction phase at Giza and the restoration and recarving of the Sphinx during the Old Kingdom era they assert that the Sphinx was first built by an advanced pre Pharaonic civilization that existed circa 12 000 years ago on the Giza Plateau contemporaneous with the sophisticated G bekli Tepe complex The authors examine how the monuments at Giza memorialize Zep Tepi the Golden Age of legend shown here to be an actual historical time period from roughly 10 500 BCE through 9700 BCE Moving us closer to an understanding of the true age and purpose of the Great Sphinx Schoch and Bauval provide evidence of an early high civilization witnessed by the Great Sphinx before the end of the last ice age

*End Times to 2019* David Montaigne, 2013-01-09 Does the end of the Mayan Calendar start the countdown to Judgment Day Biblical and historical researcher David Montaigne concludes that this is the case He says that the end of the Mayan Long Count is the official start of the Bible s seven year tribulation both were focused on the same astronomical events that occur from 2012 to 2019 The world as we know it will be gone by 2020 Texts from ancient India tell us about great cycles of destruction The Egyptians told the same basic story with different names The Maya reveal another version of the story and were very clear about the timing of events from December 2012 to 2019 Your average American is no expert on these cultures but most people do have a Bible at home and the clearest details on what is about to happen can be found in the Bible if you don t let someone else tell you

which parts you should focus on No this isn't what you were taught in Sunday school Religious leaders guide us between the raindrops of curious comments in the Bible We are discouraged from focusing on the parts they say we weren't meant to understand But if we stop glossing over these important passages we will understand a flood of details about the End Times Our leaders are not ignorant of these events The elite already know what is about to happen and they have made preparations most rational people would not believe because evidence is suppressed to avoid chaos They want us to remain ignorant or at least to believe that the details are secrets that cannot be known But the coming events and their timing are not secrets Years ago this book's publication would not have been tolerated by those in power But by now it doesn't matter much their plans are not going to be interfered with at this point Your plans however can still be formulated if you make the choice to understand Topics include Bible Prophecy Matthew 24 36 Knowing the hour and the day The Mayan Calendar and Mythology Pole Shifts Galactic Superwaves Ancient Egypt Ancient India World Mythology The Georgia Guidestones The real Star of Bethlehem and the exact birthday of Christ Calculating the Second Coming and Judgment Day more

**Our African Unconscious** Edward Bruce Bynum, 2021-09-07 Examines the Oldawan the Ancient Soul of Africa and its correlation with what modern psychologists have defined as the collective unconscious Draws on archaeology DNA research history and depth psychology to reveal how the biological and spiritual roots of religion and science came out of Africa Explores the reflections of our African unconscious in the present confrontation in the Americas in the work of the Founding Fathers and in modern psychospirituality The fossil record confirms that humanity originated in Africa Yet somehow we have overlooked that Africa is also at the root of all that makes us human our spirituality civilization arts sciences philosophy and our conscious and unconscious minds In this extensive look at the unfolding of human history and culture Edward Bruce Bynum reveals how our collective unconscious is African Drawing on archaeology DNA research depth psychology and the biological and spiritual roots of religion and science he demonstrates how all modern human beings regardless of ethnic or racial categorizations share a common deeper identity both psychically and genetically a primordial African unconscious Exploring the beginning of early religions and mysticism in Africa the author looks at the Egyptian Nubian role in the rise of civilization the emergence of Kemetic Egypt and the Oldawan the Ancient Soul and its correlation with what modern psychologists have defined as the collective unconscious Revealing the spiritual and psychological ramifications of our shared African ancestry the author examines its reflections in the present confrontation in the Americas in the work of the Founding Fathers and in modern Black spirituality which arose from African diaspora religion and philosophy By recognizing our shared African unconscious the matrix that forms the deepest luminous core of human identity we learn that the differences between one person and another are merely superficial and ultimately there is no real separation between the material and the spiritual

Entheogens and the Development of Culture John A. Rush, 2013-07-30 Entheogens and the Development of Culture makes the radical proposition that mind altering substances have played a major part not only in cultural development but also in human brain development Researchers suggest that we have purposely enhanced receptor sites in the brain especially those for dopamine and serotonin through the use of plants and fungi over a long period of time The trade off for lowered functioning and potential drug abuse has been more creative thinking or a leap in consciousness Experiments in entheogen use led to the development of primitive medicine in which certain mind altering plants and fungi were imbibed to still fatigue pain or depression while others were taken to promote hunger and libido Our ancestors selected for our neural hardware and our propensity for seeking altered forms of consciousness as a survival strategy may be intimately bound to our decision making processes going back to the dawn of time Fourteen essays by a wide range of contributors including founding president of the American Anthropological Association s Anthropology of Religion section Michael Winkelman PhD Carl A P Ruck PhD Boston University professor of classics and an authority on the ecstatic rituals of the god Dionysus and world renowned botanist Dr Gaston Guzman member of the Colombian National Academy of Sciences and expert on hallucinogenic mushrooms demonstrate that altering consciousness continues to be an important part of human experience today Anthropologists cultural historians and anyone interested in the effects of mind altering substances on the human mind and soul will find this book deeply informative and inspiring

January/February 2018 J. Douglas Kenyon, In this Issue NASA CONCEDES PLANET 9 PROBABLY REAL The late Zecharia Sitchin is probably cheering these days In October 2017 NASA publicly conceded that in all likelihood the Solar System has a ninth planet Sitchin s scenario of a planet Nibiru making periodic returns to Earth s neighborhood to tinker with human history may not quite fit with NASA s view of a massive body on a vast orbital path as yet untracked Yet still many of the elements Sitchin said he had decoded from ancient Sumerian cuneiform texts seem to be present in the now favored ninth planet theory ARCHAEOLOGICAL SHOCKER FIRST AMERICANS WERE HERE OVER 130 THOUSAND YEARS AGO The idea

that modern humans or even Neanderthals could have been present in America over twelve thousand years ago has long been controversial and discoveries which support that argument have been denied discredited or disregarded by conventional science Extraordinary new findings in California however are making the case that more than 130 thousand years ago someone used stone tools to break the bones of mastodons The intent it is speculated would have been to extract the nutritious bone marrow According to archaeologist Steven Holen as reported by the prestigious science website NewScientist com the evidence is fairly conclusive CANADIANS OVER 13 THOUSAND Score another point for mythology over science For thousands of years the indigenous Heiltsuk Nation of British Columbia has relayed an oral tradition from generation to generation that its ancestors escaped the harsh conditions of the Ice Age on a temperate island off the coast of Canada Now archaeologists once convinced that no humans were in North America before 12 000 years ago are facing powerful new evidence that the Heiltsuk may have been right all along TASMANIAN TIGERS STILL AROUND While public debate over the existence of bigfoot rages on see Todd Prescott s article on page 32 in this issue another species declared extinct by the powers that be is making signs of reappearing CYBORG EYES In the 1984 movie The Terminator a Cyborg a being with both organic and biomechatronic body parts from the future played by Arnold Swartzenegger searches for the mother of a yet to be born hero who will be a scourge to the robots who rule that world to come It was all science fiction of course but the memorable artificial eyes of the Terminator could turn out to be more fact than fiction IS CHINA MAKING IMPOSSIBLE SPACE DRIVE In the race to develop the EM Drive China may have moved ahead of the U S The mysterious and some would say impossible space drive technology successfully tested recently by NASA has been converted by Chinese scientists into a working prototype That at least is the claim of the Chinese propaganda ministry AMERICANS BELIEVE IN ADVANCED ANCIENT CIVILIZATION For anyone wondering how a magazine like Atlantis Rising could even exist the answer may be found in a new survey from Chapman University In an October 2017 poll on Paranormal Beliefs Chapman found that 55% of the public agree or strongly agree with the statement Ancient advanced civilizations such as Atlantis once existed ALTERNATIVE SCIENCE GLOBAL WEIRDING Catastrophic Weather Global Warming BY SUSAN B MARTINEZ Ph D Here in Georgia the lights went out on September 11 when Hurricane Irma came roaring through Not only were they back to back storms Harvey Irma Jose Maria etc but in those same terrifying weeks Mexico was hit with three mighty earthquakes All too predictably the hurricanes were blamed on global warming But could they also blame the quakes on warming They ve tried ANCIENT MYSTERIES ATLANTIS THE RELIGIOUS Do We Know What the Natives Believed BY FRANK JOSEPH Atlantis Rising readers have learned much over the last twenty three years about the geological fate and checkered history of the sunken civilization from which our magazine derives its name But no less significant were less appreciated religious convictions that it is said characterized the lost kingdom because they not only survived its destruction but were carried by its survivors to the outside world where they influenced the belief systems of post deluge cultures even to the present day

ANCIENT WISDOM EGYPTIAN MYSTERIES TURIN S GOLDEN RULE The Ancient Geometers Were Far Ahead of Their Time and of Ours BY THOMAS DIETRICH An obscure Egyptian artifact in the Egyptian museum of Turin Italy provides remarkable evidence that the builders of the Great Pyramid whoever they were possessed deep insight into the meaning of the Golden Rule PUBLISHER S LETTER BY J DOUGLAS KENYON RECLAIMING THE LOST SECRETS OF A GODDESS In Atlantis Rising 124 July August 2017 author Steven Sora made the point that the myth of Hercules was probably based on some real person who made his heroic mark before the dawn of recorded history as we know it Steve described a number of elements in the Hercules story that seem to imply it has a factual basis Homer s tale of Ulysses for example has been connected to the twelve labors of Hercules Both stories feature special links to the stars suggesting that in some forgotten civilization from before the end of the Ice Age Atlantis perhaps both heroes might have been the same person **Restarting Genesis; A Covenant**

**View of Creation** F. Michael Colacuori, 2020-10-12 Does the Bible seem difficult to understand Have you switched to a modern translation to make it easier Literary devices such as hyperbole and apocalyptic language appear frequently and may limit our understanding more than the translation Most of the Bible is expressed in terms of covenant an important concept that is also not well understood and which is seldom explained by our churches If we fail to understand such concepts we will be unlikely to fully appreciate the entire Bible Those who would applaud our difficulty and would like to dismantle our belief system entirely may have attempted to discredit early Genesis more than any other portion of scripture If Genesis 1 1 is not true where does that leave the rest of the Bible Did Jesus actually die for my sins Is God himself a myth If apparent conflicts go unresolved it becomes easier to question the relevance of the entire Bible The resolution of much of the difficulty lies in gaining an understanding of covenant creation If you have ever thought that the Bible is full of errors think again It was not written to people in the culture of the 21st century western world It was written to a people who lived 2 000 or more years ago in a culture which had a different way of thinking of using words and even numbers I hope to show that the Bible is highly accurate and relevant for today s reader To understand it the way the original hearers would have we must get inside the mind of the ancient near easterner This book attempts to bring the Bible into focus for today It is not necessary to change its teaching or to alter doctrine However gaining an understanding for today requires a new way of looking at it I hope to make that possible for you today s 21st century western reader *Atlantis Rising Magazine - 132 November/December 2018*
