## **Formation For Life Just Peacemaking And Twenty First Century Discipleship:**

**Formation for Life** Glen Stassen, Rodney L. Petersen, Timothy A. Norton, 2013-08-16 From all corners of the world both inside cities and in the remote countryside the cry for just peace rings out loud and strong But as many will note in this book the cry for just peace isn't enough for just peace requires active faith working hands and willing hearts Gathered in this volume are essays written from a wide variety of perspectives religious traditions nationalities and ages from a sixteen year old high school student to an eighty four year old senior professor that seek to offer insight toward answering one question How are just peacemaking faith formation and discipleship connected within a twenty first century context **The Highest**

**of All Mountains** Samuel K. Sarpiya, 2021-03-18 This book is for people who believe that the gospel is a message of peace and this gospel of peace is relevant for our time Peacemaking is a core part of our Christian discipleship just as we learn how to pray just as we learn how to love our neighbors just as we learn how to feed the hungry We can also learn how to be peacemakers Sarpiya believes that peacemaking is central to the Christian faith and practice This book will serve as a guide that will offer a scriptural guide with practical stories and applications Readers will be challenged by Scripture to take the call to peacemaking into their communities The fact that numerous peace treaties have collapsed serves to show how difficult it is to transcend cycles of violence and foster a sustained durable peace The one place that one could look to for answers about how to move toward peace is within faith communities and sometimes not just one faith acting alone but working alongside other faiths in concert with other faiths taking an interreligious approach The Highest of All Mountains shows how Sarpiya's Christian peacemaking backed by the interreligious approach brings the monotheistic faiths together as they all agreed on one denominator to their faith's origin Abraham *A Field Guide to Christian Nonviolence* David C. Cramer, Myles Werntz, 2022-02-08 Christian nonviolence is not a settled position but a vibrant and living tradition This book offers a concise introduction to diverse approaches to proponents of and resources for this tradition It explores the myriad biblical theological and practical dimensions of Christian nonviolence as represented by a variety of twentieth and twenty first century thinkers and movements including previously underrepresented voices The authors invite readers to explore this tradition and discover how they might live out the gospel in our modern world **Security after Christendom** John Heathershaw, 2024-02-13 We live in the wealthiest and most heavily defended world in history so why do we feel so insecure In a secular world what does Christian theology have to say about this problem Security after Christendom combines practical examples social scientific research and an ecumenical approach to political theology to answer these questions It argues that Christendom was a plural phenomenon of imagined security communities of East and West whose unravelling continues to have implications for global politics today as dramatically illustrated by Russia's war in Ukraine While notions of a new Christendom are idolatrous and delusional secular imaginaries of national security or the liberal international order are both destructive and unstable True security radical inclusion nonviolent protection and abundant provision is an

eschatological phenomenon inaugurated by Christ Security after Christendom is neither found in faithful government nor an exclusive church as polis approach but in relations of tension where the fallen powers are continuously confronted by prophetic practices A post Christendom community expresses its love for the world by seeking its security providentially limiting the disorders of the secular age and offering glimmers of a new earth      Serving a Crucified King Jesse Steven Wheeler,2021-11-11 Serving a Crucified King speaks to a growing crisis within the contemporary church one of misplaced allegiance and misguided discipleship If Jesus Christ is who we claim him to be then we must ask ourselves Are we truly conducting our lives and constructing our communities in light of that astonishing reality But as long as the contemporary church continues to act in a manner so seemingly at odds with the mission and message of Jesus it remains in a state of emergency Albeit a serious charge solving this crisis is of the utmost importance if we are to live once again in faithful obedience to Jesus Christ as king The magnitude of the problem necessitates the establishment of a movement of kingdom citizens devoted to the cruciform reign of Christ and committed to a wholesale transformation in thinking and practice within the church To this end Serving a Crucified King is a clarion call back to the real work of being a disciple of Jesus in our society Expect to have your thinking challenged your heart moved and your action re oriented      Deep Church Rising Andrew G. Walker,Robin A. Parry,2014-07-01 The major cultural changes in Western societies since the Reformation have created a serious challenge for the church Modernity in particular has been inhospitable to Christian orthodoxy and many have been tempted to reject classical versions of the faith This has led to a division within churches that Walker and Parry name the third schism a divide between those who believe and practice the central tenets of Christian tradition and those who do not The authors have adopted and adapted C S Lewis phrase deep church to highlight the necessity of remembering our past in order to recover historic Christian orthodoxy This book is a call to deep church to remember our future to make a half turn back to premodernity not in order to repeat or relive the past but in order to draw on its rich yet often forgotten resources for the here and now      **Chasing Religion in the Caribbean** Peter Marina,2016-09-11 Focusing on ten islands through the Caribbean this ethnography examines how charismatic religious leaders develop creative transnational religious networking strategies that help spread the movement and increase its potential to become a greater force in shaping the future in the English speaking Caribbean The large and explosive global Charismatic movement spread in powerful ways in the small and tranquil English speaking Caribbean It is here in the deep Caribbean world of demonic possessions spiritual demons and supernatural healers where the Charismatic movement continues to shape a resilient culture Placing the Charismatic movement in the realm of culture provides some highly surprising findings that reveal the potential of a religious movement and its ability for change in a late modern social world      *The Charismatic City and the Public Resurgence of Religion* N. Wariboko,2014-09-11 Two powerful and interrelated transnational cultural expressions mark our epoch Charismatic spirituality and global city This book demonstrates how these two forces can be used to inform ethical design of

cities and their common social lives to best support human flourishing spirituality and social and ecological wellbeing of their residents

**Religion and Public Policy** Sumner B. Twiss, Marian Gh. Simion, Rodney L. Petersen, 2015-02-26 This book pivots around two principal concerns in the modern world the nature and practice of human rights in relation to religion and the role of religion in perennial issues of war and peace It articulates a vision for achieving a liberal peace and a just society firmly grounded in respect for human rights while working in tandem with the constructive roles that religion can play even amid cultural difference It explores topics including the status and justification of human rights the meaning and significance of religious liberty whether human rights protections ought to be extended to other species how the comparative study of religious ethics ought to proceed and the nature limits and future development of just war thinking Featuring a group of distinguished contributors this is a distinctive contribution that shows a multifaceted and original exploration of cutting edge issues with regards to the aforementioned themes

The Palgrave Handbook of Mimetic Theory and Religion James Alison, Wolfgang Palaver, 2017-10-19 The Palgrave Handbook of Mimetic Theory and Religion draws on the expertise of leading scholars and thinkers to explore the violent origins of culture the meaning of ritual and the conjunction of theology and anthropology as well as secularization science and terrorism Authors assess the contributions of Ren Girard s mimetic theory to our understanding of sacrifice ancient tragedy and post modernity and apply its insights to religious cinema and the global economy This handbook serves as introduction and guide to a theory of religion and human behavior that has established itself as fertile terrain for scholarly research and intellectual reflection

**Can We Still Believe in God?** Craig L. Blomberg, 2020-06-16 People regularly give certain reasons for not believing in God but they are much less aware of what the New Testament actually teaches Although challenges to Christianity are perennial and have frequently been addressed they are noticeably more common today and are currently of particular interest among evangelicals Skeptics of Christianity often ask highly regarded biblical scholar and popular speaker Craig Blomberg how he can believe in a faith that seems so problematic How can God allow evil and suffering Isn t the Bible anti women anti gay and pro slavery Isn t the New Testament riddled with contradictions What about the nature of hell violence in Scripture and prayer and predestination Following the author s successful Can We Still Believe the Bible this succinct and readable book focuses on what the New Testament teaches about 10 key reasons people give for not believing in God

**Radical Discipleship** Jennifer M. McBride,2016-12-15 Reminiscent of Bonhoeffer's Discipleship Jennifer McBride's Radical Discipleship utilizes the liturgical seasons as a framework for engaging the social evils of mass incarceration capital punishment and homelessness arguing that to be faithful to the gospel Christians must become disciples of not simply believers in Jesus The book arises out of McBride's extensive experience teaching theology in a women's prison while participating in a residential Christian activist and worshipping community Arguing that disciples must take responsibility for the social evils that bar beloved community Martin Luther King's term for a just social order the promised kingdom of God McBride calls for a dual commitment to the works of mercy and the struggle for justice This work seeks to form readers into an understanding of the social and political character of the good news proclaimed in the Gospels Organically connecting liturgy with activism and theological reflection McBride argues that discipleship requires that privileged Christians place their bodies in spaces of social struggle and distress to reduce the distance between themselves and those who suffer injustice and stand in solidarity with those whom society deems guilty despises and rejects which makes discipleship radical as Christians take seriously the Jesus of the Gospels [The Wiley-Blackwell Companion to Religion and Social Justice](#)
