upon their domestic and international development It questions what the global shift in geographical location of mega events means for sports development and the business of sport what the attractions are for cities seeking to harness the hosting of a mega event and whether there may be longer term consequences for the bidding and hosting major sporting events in the wake of the widespread social unrest that accompanied the preparations in Brazil for hosting the FIFA World Cup 2014 and the summer Olympics 2016 and in Turkey where there was significant opposition to bid for the 2020 summer Olympiad
