Imagining the Turkish House Carel Bertram, 2008-08-01 Houses can become poetic expressions of longing for a lost past voices of a lived present and dreams of an ideal future Carel Bertram discovered this truth when she went to Turkey in the 1990s and began asking people about their memories of the Turkish house The fondness and nostalgia with which people recalled the distinctive wooden houses that were once ubiquitous throughout the Ottoman Empire made her realize that the Turkish house carries rich symbolic meaning In this delightfully readable book Bertram considers representations of the Turkish house in literature art and architecture to understand why the idea of the house has become such a potent signifier of Turkish identity Bertram's exploration of the Turkish house shows how this feature of Ottoman culture took on symbolic meaning in the Turkish imagination as Turkey became more Westernized and secular in the early decades of the twentieth century She shows how artists writers and architects all drew on the memory of the Turkish house as a space where changing notions of spirituality modernity and identity as well as the social roles of women and the family could be approached contested revised or embraced during this period of tumultuous change **Imagining the Turkish House** Carel Bertram, 2013-05-01 Houses can become poetic expressions of longing for a lost past voices of a lived present and dreams of an ideal future Carel Bertram discovered this truth when she went to Turkey in the 1990s and began asking people about their memories of the Turkish house The fondness and nostalgia with which people recalled the distinctive wooden houses that were once ubiquitous throughout the Ottoman Empire made her realize that the Turkish house carries rich symbolic meaning In this delightfully readable book Bertram considers representations of the Turkish house in literature art and architecture to understand why the idea of the house has become such a potent signifier of Turkish identity Bertram s exploration of the Turkish house shows how this feature of Ottoman culture took on symbolic meaning in the Turkish imagination as Turkey became more Westernized and secular in the early decades of the twentieth century She shows how artists writers and architects all drew on the memory of the Turkish house as a space where changing notions of spirituality modernity and identity as well as the social roles of women and the family could be approached contested revised or embraced during this period of tumultuous change Social Trauma and Telecinematic Memory Pelin Başcı, 2017-10-24 This book explores responses to authoritarianism in Turkish society through popular culture by examining feature films and television serials produced between 1980 and 2010 about the 1980 coup Envisioned as an interdisciplinary study in cultural studies rather than a disciplinary work on cinema the book advocates for an understanding of popular culture in discerning emerging narratives of nationhood Through feature films and television serials directly dealing with the coup of 1980 the book exposes tropes and discursive continuities such as childhood and the child It argues that these conventional tropes enable popular debates on the modern nation's history and its myths of identity Pamuk's Istanbul Pallavi Narayan, 2022-04-28 This book reconstructs Istanbul through the prism of Orhan Pamuk's fiction It navigates the multiple

selves and layers of Istanbul to present how the city has shaped the writings of Pamuk and has in turn been shaped by it Through everyday objects and architecture it shows how Pamuk transforms the city into a living museum where different objects converse along with characters to present a rich tapestry across space and time Further the monograph explores the formation of communal and literary identity within and around nation building narratives informed by capitalism and modernization The book also examines how Pamuk uses the postmodern city to move beyond its postmodern confines and utilizes the theories and universes of Bakhtin Benjamin and Foucault to open up his fiction and radically challenge the idea of the novel The volume will be of great interest to scholars and researchers of literature literary theory museum studies architecture and cultural studies and especially appeal to readers of Orhan Pamuk **Cemberlitas Hamami in Istanbul** Nina Macaraig, 2018-11-14 Bathhouses hamams play a prominent role in Turkish culture because of their architectural value and social function as places of hygiene relaxation and interaction Continuously shaped by social and historical change the life story of Mimar Sinan's Cemberlitas HamamA in Istanbul provides an important example established in 1583 4 it was modernized during the Turkish Republic since 1923 and is now a tourist attraction As a social space shared by tourists and Turks it is a critical site through which to investigate how global tourism affects local traditions and how places provide a nucleus of cultural belonging in a globalized world This original study taking a biographical approach to tell the story of a Turkish bathhouse contributes to the fields of Islamic Ottoman and modern Turkish cultural architectural social and economic history The Middle East in the World Lucia Volk, 2015-02-11 The Middle East in the World offers students a fresh comprehensive multidisciplinary entry point to the broader Middle East After a brief introduction to the study of the region the early chapters of the book survey the essentials of Middle Eastern history important historical narratives and the region s languages religions and global connections Students are guided through the material with relevant maps resource boxes and text boxes that support and guide further independent exploration of the topics at hand The second half of the book presents interdisciplinary case studies each of which focuses on a specific country or sub region and a salient issue offering a taste of the cultural distinctiveness of the particular country while also drawing attention to global linkages Readers will come away from this book with an understanding of the larger historical political and cultural frameworks that shaped the Middle East as we know it today and of current issues that have relevance in the Middle East and beyond

Domesticity and Consumer Culture in Iran Pamela Karimi, 2013-05-29 Examining Iran's recent history through the double lens of domesticity and consumer culture Domesticity and Consumer Culture in Iran demonstrates that a significant component of the modernization process in Iran advanced beyond political and public spheres On the cusp of Iran's entry into modernity the rules and tenets that had traditionally defined the Iranian home began to vanish and the influx of new household goods gradually led to the substantial physical expansion of the domestic milieu Subsequently architects designers and commercial advertisers shifted their attention from commercial and public architecture to the new home and its contents

Domesticity and consumer culture also became topics of interest among politicians Shiite religious scholars and the Left who communicated their respective views via the popular media and numerous other means In the interim ordinary Iranian families who were capable of selectively appropriating aspects of their immediate surroundings demonstrated their resistance toward the officially sanctioned transformations Through analyzing a series of case studies that elucidate such phenomena and appraising a wide range of objects and archival documents from furnishings appliances architectural blueprints and maps to photographs films TV series novels artworks scrapbooks work logs personal letters and reports this book highlights the significance of private life in social economic and political contexts of modern Iran Tackling the subject of home from a variety of perspectives Domesticity and Consumer Culture in Iran thus shows the interplay between local aspirations foreign influences gender roles consumer culture and women s education as they intersect with taste fashion domestic architecture and interior design Memory, Migration and Travel Sabine Marschall, 2018-05-16 Migration and forcible displacement are growing and impactful dynamics of the current global age These processes generate mobility flows travel patterns and touristic behaviour driven by personal and collective memories. The chapters in this book highlight the importance of travel and tourism for enabling such memories and memory based identity practices to unfold This book investigates how diasporic communities transnational migrants refugees and the internally displaced recreate home in their host place of residence through material culture performativity and social relations and how involuntary tangible and intangible stimuli evoke memories of home It explores an array of diverse geographical contexts balancing ethnographic vignettes of contemporary migrant societies with archival research providing historical accounts that reach back more than a century Memory Migration and Travel makes an original contribution by linking the emergent field of memory studies to the disciplines of tourism and migration diaspora studies and will be of interest to students and researchers in the fields of tourism geography migration diaspora studies anthropology and sociology Bibliographic Index ,2010 A House in the Homeland Carel Bertram, 2022-04-19 A powerful examination of soulful journeys made to recover memory and recuperate stolen pasts in the face of unspeakable histories Survivors of the Armenian Genocide of 1915 took refuge across the globe Traumatized by unspeakable brutalities the idea of returning to their homeland was unthinkable But decades later some children and grandchildren felt compelled to travel back having heard stories of family wholeness in beloved homes and of cherished ancestral towns and villages once in Ottoman Armenia today in the Republic of Turkey Hoping to satisfy spiritual yearnings this new generation called themselves pilgrims and their journeys pilgrimages Carel Bertram joined scores of these pilgrims on over a dozen pilgrimages and amassed accounts from hundreds more who made these journeys In telling their stories A House in the Homeland documents how pilgrims encountered the ancestral house village or town as both real and metaphorical centerpieces of family history Bertram recounts the moving restorative connections pilgrims made and illuminates how the ancestral house as a spiritual place offers an opening to a wellspring of humanity in sites that

might otherwise be defined solely by tragic loss As an exploration of the powerful links between memory and place house and homeland rupture and continuity these Armenian stories reflect the resilience of diaspora in the face of the savage reaches of trauma separation and exile in ways that each of us whatever our history can recognize
