Women in Purple Judith Herrin, 2004-01-25 In the eighth and ninth centuries three Byzantine empresses Irene Euphrosyne and Theodora changed history Their combined efforts restored the veneration of icons saving Byzantium from a purely symbolic and decorative art and ensuring its influence for centuries to come In this exhilarating and highly entertaining account one of the foremost historians of the medieval period tells the story of how these fascinating women exercised imperial sovereignty with consummate skill and sometimes ruthless tactics Though they gained access to the all pervasive authority of the Byzantine ruling dynasty through marriage all three continued to wear the imperial purple and wield tremendous power as widows From Constantinople their own Queen City the empresses undermined competitors and governed like men They conducted diplomacy across the known world negotiating with the likes of Charlemagne Roman popes and the great Arab caliph Harun al Rashid Vehemently rejecting the ban on holy images instituted by their male relatives Irene and Theodora used craft and power to reverse the official iconoclasm and restore icons to their place of adoration in the Eastern Church In so doing they profoundly altered the course of history The art and not only the art of Byzantium of Islam and of the West would have been very different without them As Judith Herrin traces the surviving evidence she evokes the complex and deeply religious world of Constantinople in the aftermath of Arab conquest She brings to life its monuments and palaces its court ceremonies and rituals the role of eunuchs the third sex bride shows and the influence of warring monks and patriarchs Based on new research and written for a general audience Women in Purple reshapes our understanding of an empire that lasted a thousand years and splashes fresh light on the relationship of women to power

Ravenna Judith Herrin, 2020-08-27 Magisterial an outstanding book that shines a bright light one of the most important interesting and under studied cities in European history A masterpiece Peter Frankopan A wonderful new history of the Mediterranean from the fifth to eighth centuries through a lens focussed on Ravenna gracefully and clearly written which reconceptualises what was East and what was West Caroline Goodson A masterwork by one of our greatest historians of Byzantium and early Christianity Judith Herrin tells a story that is at once gripping and authoritative and full of wonderful detail about every element in the life of Ravenna Impossible to put down David Freedberg In 402 AD after invading tribes broke through the Alpine frontiers of Italy and threatened the imperial government in Milan the young Emperor Honorius made the momentous decision to move his capital to a small easy defensible city in the Po estuary Ravenna From then until 751 AD Ravenna was first the capital of the Western Roman Empire then that of the immense kingdom of Theoderic the Goth and finally the centre of Byzantine power in Italy In this engrossing account Judith Herrin explains how scholars lawyers doctors craftsmen cosmologists and religious luminaries were drawn to Ravenna where they created a cultural and political capital that dominated northern Italy and the Adriatic As she traces the lives of Ravenna's rulers chroniclers and inhabitants Herrin shows how the city became the pivot between East and West and the meeting place of Greek Latin Christian and

barbarian cultures The book offers a fresh account of the waning of Rome the Gothic and Lombard invasions the rise of Islam and the devastating divisions within Christianity It argues that the fifth to eighth centuries should not be perceived as a time of decline from antiquity but rather thanks to Byzantium as one of great creativity the period of Early Christendom These were the formative centuries of Europe While Ravenna's palaces have crumbled its churches have survived In them Catholic Romans and Arian Goths competed to produce an unrivalled concentration of spectacular mosaics many of which still astonish visitors today Beautifully illustrated with specially commissioned photographs and drawing on the latest archaeological and documentary discoveries Ravenna Capital of Empire Crucible of Europe brings the early Middle Ages to life through the history of this dazzling city *Women and the church in Byzantium* Judith Herrin, Byzantine Empresses Lynda Garland,1999 Byzantine Empresses provides a series of biographical portraits of the most significant Byzantine women who ruled or shared the throne between 527 and 1204 It presents and analyses the available historical data in order to outline what these empresses did what the sources thought they did and what they wanted to do The Imperial Feminine in Byzantium Judith Herrin,2000 **In Search of Byzantine Women** Judith Herrin,Averil Cameron,Amélie Kuhrt,1993

Representations of Early Byzantine Empresses A. McClanan,2016-04-30 This book reconsiders a wide array of images of Byzantine empresses on media as diverse as bronze coins and gold mosaic from the fifth through to the seventh centuries A D The representations have often been viewed in terms of individual personas but strong typological currents frame their medieval context Empress Theodora the target of political pornography has consumed the bulk of past interest but even her representations fit these patterns Methodological tools from fields as disparate as numismatics as well as cultural and gender studies help clarify the broader cultural significance of female imperial representation and patronage at this time **Five Women of Byzantium** Robert E. Englekirk,2020-02-18 The history of the pre 11th century Byzantine Empire introduces an important chapter in mankind's quest for a better future for it presents the courageous determined effort of the Byzantines to succeed and emphasizes the indomitable part of human nature Their acts were often not consistent with what we characterize as conforming to a reasonable moral standard but they do cater to an understood necessity They are demonstrably the morality required to attain a meaningful objective As a consequence the period has been swept into the Dark Ages where it does not belong for it truly was a period of Renaissance Women played a significant part in the evolution of mankind for they often saved mankind from disaster That their decisions were tough and not too different than those we must make today is clear **Female Founders in Byzantium and Beyond** Lioba Theis,Matthew Savage,Galina Fingarova,Michael Grünbart,Margaret Mullett,2013 This volume presents the results of a scholarly meeting which focused on the patronage of women in the Byzantine Empire In their scope the articles address broadly not only the founding or re founding of churches and monasteries but also their rich decoration as well as numerous smaller donations In spite of increased attention to gender research in recent years a comparative treatment of the legal and economic potential

that women in Byzantium could exercise in order to exert independent influence has been lacking thus a gender specific viewpoint for the volume was intentionally chosen

The Empresses of Constantinople Joseph McCabe, 2021-11-05 In *The Empresses of Constantinople* Joseph McCabe explores the intricate lives and significant influence of the women who held the title of Empress in the storied Byzantine capital McCabe's engaging narrative weaves together a rich tapestry of historical events political intrigue and personal tales presenting a vivid portrait of iconoclastic figures such as Theodora and Zoe His literary style merges scholarly rigor with accessibility offering a compelling yet informative depiction of these women's roles within a male dominated society all set against the backdrop of the waning Byzantine Empire McCabe's keen analysis reveals how these empresses shaped both the cultural and political landscapes of their time often defying conventions and exerting power in unexpected ways Joseph McCabe 1867-1955 a prolific writer and scholar dedicated much of his career to the study of religion philosophy and history which profoundly influenced his interest in the Byzantine period His background in skepticism and advocacy for rational thought positions his exploration of historical narratives as both an educational pursuit and a critical commentary on how history has often sidelined women's contributions This intersection of personal belief and historical inquiry prompted McCabe to illuminate the often overlooked stories of the empresses revealing their complex legacies I highly recommend *The Empresses of Constantinople* to anyone interested in Byzantine history or the roles of women in power McCabe's engaging prose does not merely recount the past it invites readers to critically engage with the intersections of gender power and culture This book is indispensable for historians students and casual readers alike who seek to appreciate the depth and breadth of women's influence throughout history

Theodora Paolo Cesaretti, 2004-05

This book is a gripping long overdue biography of one of the most intriguing and powerful female figures of Western history Theodora of Byzantium Ruthlessly criticized and reviled by her contemporaries Theodora the beautiful wife of Emperor Justinian began her life as the daughter of a bear keeper and rose to be Justinian's partner in politics as well as in life ruling from 527 to 548 She stood by his side in Constantinople as he built a second Rome waging battles against the Goths and Vandals quelling nationalist unrest in Egypt and suppressing a rebellion at their doorstep by mercilessly slaughtering 30 000 in Constantinople's stadium Theodora's political savvy saved Justinian's empire time and time again When the European editions of *Theodora* were published it was hailed as the Book of the Year Author Paolo Cesaretti received the Ginzano Cavour Prize for sifting through a vast range of documentary material to deliver a richly entertaining story of an ambitious and cunning woman who defied the conventions of her time and triumphed over those who sought to defame and destroy her

,1995 **Antonina** Paul Kastenellos,2012-06 In 531 AD the Roman general Flavious Belisarius married a one time prostitute named Antonina Belisarius was perhaps the noblest person ever to lead great armies and was one of the most successful commanders in history He loved and was faithful to Antonina their whole lives together Page 4 of cover **Why Eastern Women Matter** Nolen Andrew Bunker,2007 Abstract My research proposes that the imperial women of the east had an important and discernable influence on the royal women of the west In order to show this influence I examine the nature of western queenship by analyzing the Merovingian Carolingian and Ottonian dynasties I explore the varied roles of western queens as mothers religious patrons and regents After establishing the nature of queenship I analyze two ruling dynasties which had close and material ties to the Byzantine Empire the Carolingians and the Ottonians Through marriage proposals and ceremonial borrowing the Byzantines influenced the way Carolingian queens viewed and exercised their position When Otto II married the Byzantine princess Theophano he introduced an eastern empress into the western world an event that most assuredly shaped the exercise of power in the office In the end I hope my work will contribute to our understanding of queenship in Western Europe and the importance of Byzantine culture in the heritage of the west
