Judeans in Babylonia Tero Alstola, 2019-12-16 In *Judeans in Babylonia* Tero Alstola presents a comprehensive investigation of deportees in the sixth and fifth centuries BCE. By using cuneiform documents as his sources, he offers the first book-length social historical study of the Babylonian Exile, commonly regarded as a pivotal period in the development of Judaism. The results are considered in the light of the wider Babylonian society and contrasted against a comparison group of Neirabian deportees. Studying texts from the cities and countryside and tracking developments over time, Alstola shows that there was notable diversity in the Judeans' socio-economic status and integration into Babylonian society. **Inspired** Rachel Held Evans, 2018-06-12 If the Bible isn't a science book or an instruction manual, what is it? What do people mean when they say the Bible is inspired? When New York Times bestselling author Rachel Held Evans found herself asking these questions, she embarked on a journey to better understand what the Bible is and how it's meant to be read. What she discovered changed her, and it can change you too. Evans knows firsthand how a relationship with the Bible can be as real and as complicated as a relationship with a family member or close friend. In *Inspired*, Evans explores contradictions and questions from her own experiences with the Bible, including: If the Bible was supposed to explain the mysteries of life, why does it leave the reader with so many questions? What does it mean to be chosen by God? To what degree did the Holy Spirit guide the preservation of these narratives, and is there something sacred to be uncovered beneath all these human fingerprints? If the Bible has given voice to the oppressed, why is it also used as justification by their oppressors? Drawing on the best in biblical scholarship and using her well-honed literary expertise, Evans examines some of our favorite Bible stories and possible interpretations, retelling them through memoir, original poetry, short stories, and even a short screenplay. Undaunted by the Bible's most difficult passages and unafraid to ask the hard questions, Evans wrestles through the process of doubting, imagining, and debating the mysteries surrounding Scripture. Discover alongside Evans that the Bible is not a static text but a living, breathing, captivating, and confounding book that can equip us and inspire us to join God's loving and redemptive work in the world. *Digging Deeper* Eric H. Cline, 2020-11-03 From the bestselling author of *1177 B.C.*, an accessible primer to the archaeologist's craft. An archaeologist with more than thirty seasons of excavation experience, Eric H. Cline has conducted fieldwork around the world, from Greece and Crete to Egypt, Israel, and Jordan. In *Digging Deeper*, Cline answers the questions archaeologists are most frequently asked, such as: How do you know where to dig? How are excavations actually done? How do you know how old something is? Who gets to keep what is found? How do you know what people from the past ate, wore, and looked like? Adapted from Cline's acclaimed book *Three Stones Make a Wall*, this lively little volume is brimming with insights and practical advice about how archaeology really works. Whether you are an armchair archaeologist or embarking on your first excavation, *Digging Deeper* is an essential primer on the art of the dig. [Song of Exile](#) David W. Stowe, 2016-04-01 Oft referenced and frequently set to music, Psalm 137, which begins "By the rivers of Babylon, there we sat down, yea, we wept,"

when we remembered Zion has become something of a cultural touchstone for music and Christianity across the Atlantic world It has been a top single more than once in the 20th century from Don McLean's haunting Anglo American folk cover to Boney M's West Indian disco mix In Song of Exile David Stowe uses a wide ranging interdisciplinary approach that combines personal interviews historical overview and textual analysis to demonstrate the psalm's enduring place in popular culture The line that begins Psalm 137 one of the most lyrical of the Hebrew Bible has been used since its genesis to evoke the grief and protest of exiled displaced or marginalized communities Despite the psalm's popularity little has been written about its reception during the more than 2 500 years since the Babylonian exile Stowe locates its use in the American Revolution and the Civil Rights movement and internationally by anti colonial Jamaican Rastafari and immigrants from Ireland Korea and Cuba He studies musical references ranging from the Melodians Rivers of Babylon to the score in Kazakh film Tulpan Stowe concludes by exploring the presence and absence in modern culture of the often ignored final words Happy shall he be that taketh and dasheth thy little ones against the stones Usually excised from liturgy and forgotten by scholars Stowe finds these words echoed in modern occurrences of genocide and ethnic cleansing and more generally in the culture of vengeance that has existed in North America from the earliest conflicts with Native Americans Based on numerous interviews with musicians theologians and writers Stowe reconstructs the rich and varied reception history of this widely used yet mysterious text

The Spectacle Plays and Exhibitions of Imre Kiralfy, 1887-1914 Brendan Edward Gregory, 1988

Ethnographic Museums in Israel Noam Perry, Ruth Kark, 2017-02-23

Ethnographic Museums in Israel focuses on a new dimension of the Israeli museological landscape Since the 1970s Jewish ethnic groups that were dissatisfied with the way large scale museums had displayed or ignored their heritage began to erect museums dedicated to their own cultures These include museums dedicated exclusively to the cultural heritages of the Jews of Germany Hungary India Iraq Italy Libya Morocco Turkey Uzbekistan and Yemen depicting the glorious past of these ethnic

groups in parallel Arab including Bedouin Druze and Circassian minorities of Israel and Palestinians began creating museums that challenge the narrative portrayed in the museums of Jewish settlement and highlight their own cultural heritage. Taken as a whole these museums and heritage centers portray the ethnic diversity of Israeli society and preserve this diverse cultural heritage for future generations.

Newton, 1846 **Psalms In/On Jerusalem** Ilana Pardes, Ophir Münz-Manor, 2019-03-18 This volume explores the ways in which Jerusalem is represented in Psalms from its position in the context of liturgical and pilgrim songs to its role as metaphor. Jerusalem in the Book of Psalms is the site of scenes of redemption, joy and celebration of the proximity to God and the house of the Lord. But it is also the quintessential locus of loss marked by cries over the devastating destruction of the Temple. These two antithetical poles of Jerusalem are expressed in both personal terms as well as within a collective framework. The bulk of the articles are devoted to questions of reception to the ways in which the geographies of the Book of Psalms have travelled across their native bounds and entered other historical settings acquiring new forms and meanings.

The New Monthly Belle Assemblée, **Religious Education** Clive Erricker, 2010-04-12 The role of Religious Education in secondary schools is the subject of national and international debate. This book examines the current debates surrounding RE and puts forward a new approach to teaching the subject that is non-faith based and focused on conceptual enquiry and the development of a clear pedagogy. The book is based on the Living Difference learning model developed in Hampshire and adopted in other parts of the UK which is sparking international discussion and provides an effective approach to implementing the new secondary curriculum. The chapters include examinations of religious education and the curriculum, an interdisciplinary approach to religious education, the significance of pedagogy and learners' development, planning, progression, assessment and delivery, specific case studies and examples of good practice in schools, theoretical grounding and the future of RE, the effects of globalisation, post-modernity and multiculturalism. Providing a basis for developing thinking about Religious Education, its place in the curriculum and how it can be delivered effectively in schools, this book is essential reading for tutors, students and teachers.
