Bye Bye Babylon Beirut 1975 1979:

Bye Bye Babylon Lamia Ziadé, 2012-01-01 Beirut in the 1970s is a paradise. Wealthy families ride escalators and fill shopping carts with imported food and luxury products from Paris and New York. Lamia Ziadé, seven years old, dreams of banana splits, American candy flying on Pan Am Airways, and visiting the local cinema. Considered by the elite the Paris, Las Vegas, or Monaco of the Middle East, Beirut was in reality a powder keg waiting for a spark. On April 13, 1975, Lamia and her family returned from lunch in the countryside to find a city in flames. Looking back on the golden days before the war and its immediate devastating effects, *Bye Bye Babylon* positions an elegiac and shocking narrative next to a child's perspective of the years 1975-79 of consumer icons next to burning buildings, scenes of violence, and sparkling new weapons painted in vivid Technicolor war as pop. It is a unique graphic memoir and an important visual record of a terrible war. **Bye Bye Babylon** Lamia Ziadé, 2011. In 1975 I was seven years old and loved the Bazooka bubble gums my mother would buy for Walid and me in Spinney's supermarket. Beirut in the 1970s is a paradise. Lamia Ziadé, seven years old, dreams of banana splits, American candy flying on Pan Am Airways, and visiting the local cinema. It is both a lament for a home transformed by a destructive madness and an inventory of the concrete objects of her childhood: the objects, details, and fragments of memory which combine to capture the impossible reality of war. Part artist's sketchbook, part travel notebook, and part family album, *Bye Bye Babylon* is a unique graphic memoir and an important addition to the Cape list. **Bye bye Babylon** Lamia Ziadé, 2013. *Bye Bye Babylon* Lamia Ziadé, 2011. *The Cambridge History of the Graphic Novel* Jan Baetens, Hugo Frey, Stephen E. Tabachnick, 2018-07-19. The Cambridge History of the Graphic Novel provides the complete history of the graphic novel from its origins in the nineteenth century to its rise and startling success in the twentieth and twenty-first century. It includes original discussion on the current state of the graphic novel and analyzes how American, European, Middle Eastern, and Japanese renditions have shaped the field. Thirty-five leading scholars and historians unpack both forgotten trajectories as well as the famous key episodes and explain how comics transitioned from being marketed as children's entertainment. Essays address the masters of the form, including Art Spiegelman, Alan Moore, and Marjane Satrapi, and reflect on their publishing history as well as their social and political effects. This ambitious history offers an extensive, detailed, and expansive scholarly account of the graphic novel and will be a key resource for scholars and students. *Hotel* Robert A. The Comics of Rutu Modan Kevin Haworth, 2019-03-07 Best known for her Eisner Award winning graphic novels *Exit Wounds* and *The Property* Rutu Modan's richly colored compositions invite readers into complex Israeli society opening up a world too often defined only by news headlines Her strong female protagonists stick out in a comics scene still too dominated by men as she combines a mystery novelist's plotting with a memoirist's insights into psychology and trauma *The Comics of Rutu Modan* War Love and Secrets conducts a close reading of her work and examines her role in creating a comics arts scene in Israel Drawing upon archival research Kevin Haworth traces the history of Israeli comics from its beginning as 1930s cheap children's stories through the counterculture movement of the 1970s to the burst of creativity that began in the 1990s and continues full force today Based on new interviews with Modan b 1966 and other comics artists Haworth indicates the key role of Actus Tragicus the collective that changed Israeli comics forever and launched her career Haworth shows how Modan's work grew from experimental minicomics to critically acclaimed graphic novels delving into the creative process behind *Exit Wounds* and *The Property* He analyzes how the recurring themes of family secrets and absence weave through her stories and how she adapts the famous clear line illustration style to her morally complex tales Though still relatively young Modan has produced a remarkably varied oeuvre Identifying influences from the United States and Europe Haworth illustrates how Modan's work is global in its appeal even as it forms a core of the thriving Israeli cultural scene

Contexts of Violence in Comics Ian Hague, Ian Horton, Nina Mickwitz, 2019-08-01 This book is part of a nuanced two volume examination of the ways in which violence in comics is presented in different texts genres cultures and contexts *Contexts of Violence in Comics* asks the reader to consider the ways in which violence and its representations may be enabled or restricted by the contexts in which they take place It analyzes how structures and organising principles be they cultural historical legal political or spatial might encourage demand or prevent violence It deals with the issue of scale violence in the context of war versus violence in the context of an individual murder and provides insights into the context of war and peace ethnic and identity based violence as well as examining issues of justice and memory This will be a key text and essential reference for scholars and students at all levels in Comics Studies and Cultural and Media Studies more generally

Urban Comics Dominic Davies, 2019-02-21 *Urban Comics* Infrastructure and the Global City in Contemporary Graphic Narratives makes an important and timely contribution both to comics studies and urban studies offering a decolonisation and reconfiguration of both of these already interdisciplinary fields With chapter length discussions of comics from cities such as Cairo Cape Town New Orleans Delhi and Beirut this book shows how artistic collectives and urban social movements working across the global South are producing some of the most exciting and formally innovative graphic narratives of the contemporary moment Throughout the author reads an expansive range of graphic narratives through the vocabulary of urban studies to argue that these formal innovations should be thought of as a kind of infrastructure This

infrastructural form allows urban comics to reveal that the built environments of our cities are not static banal or depoliticised but rather highly charged material spaces that allow some forms of social life to exist while also prohibiting others Built from a formal infrastructure of grids gutters and panels and capable of volumetric multi scalar perspectives this book shows how urban comics are able to represent repair and even rebuild contemporary global cities toward more socially just and sustainable ends Operating at the intersection of comics studies and urban studies and offering large global surveys alongside close textual and visual analyses this book explores and opens up the fascinating relationship between comics and graphic narratives on the one hand and cities and urban spaces on the other The Hotel Robert A. Davidson,2018-11-05

The Hotel Occupied Space explores the hotel as both symbol and space through the concept of occupancy By examining the various ways in which the hotel is manifested in art photography and film this book offers a timely critique of a crucial modern space As a site of occupancy the hotel has provided continued creative inspiration for artists from Monet and Hopper to genre filmmakers like Hitchcock and Sofia Coppola While the rich symbolic importance of the hotel means that the visual arts and cinema are especially fruitful the hotel s varied structural purposes as well as its historical and political uses also provide ample ground for new and timely discussion In addition to inspiring painters photographers and filmmakers the hotel has played an important role during wartime and more recently as a site of accommodation for displaced people whether they be detainees or refugees seeking sanctuary Shedding light on the diverse ways that the hotel functions as a structure Robert A Davidson argues that the hotel is both a fundamental modern space and a constantly adaptable structure dependent on the circumstances in which it appears and plays a part *Muslim Textualities* Jean M. Kane,2022-03-14 In the first decade of the twenty first century Muslim women writers located in Europe and America entered the cultural mainstream Literary and visual productions negotiated static visual emblems of Islam most prominently the veil They did so not by rejecting veiling practices but by adapting Muslim resources concepts and visual tradition to empowerment narratives in popular media Mainstream reception of their works has often overlooked or misread these negotiations Muslim Textualities argues for more flexible and capacious interpretation with particular attention to visibility as a metaphor for political agency and to knowledge of cultural contexts This provocative volume aims to articulate Muslim female agency through clear and accessible analysis of the theory and concepts driving the interpretation of these works Scholars interested in the working representations of Muslim women feminist subjectivities and the complexities of gender roles patriarchy and feminism will find this volume of particular interest *Comics and Graphic Novels - International Perspectives, Education, and Culture* Adam Attwood,2024-09-11 Comics and graphic novels are important components of popular culture and have international influence They engage readers across all age groups and across fiction and non fiction genres They address many cultural and social ideas histories languages and concepts with engaging stories and narratives This book provides international perspectives on comics and graphic novels in various contexts for education that may inform social cognition curriculum

theory and cultural studies Interdisciplinary perspectives are highlighted to showcase research theory and practices in the use of comics and graphic novels Complexity within this genre is discussed to provide new and updated perspectives on the theory and practice of comics and graphic novels for their reflection of and influence on culture their multimodal role in content area literacy and their influence across social contexts Disaster Drawn Hillary L. Chute, 2016-01-12 In hard hitting accounts of Auschwitz Bosnia Palestine and Hiroshima's Ground Zero comics have shown a stunning capacity to bear witness to trauma Hillary Chute explores the ways graphic narratives by diverse artists including Jacques Callot Francisco Goya Keiji Nakazawa Art Spiegelman and Joe Sacco document the disasters of war **Bye bye Babylon** Lamia Ziadé, 2012

War My Great Arab Melancholy is a beautiful elegiac and award winning book from Lebanese writer and illustrator Lamia Ziad. Blending the author's years of research, personal memoir and more than 300 illustrations, this compelling history of the modern Arab world explores the major thinkers, struggles and turning points that have shaped the Middle East as we know it today. Ziad begins in South Lebanon, land of martyrs, ruins and passion, before taking the reader on a journey through Beirut, Jerusalem, Cairo and Baghdad. The book moves from the beginning of the twentieth century to the present day, tracing the Arab world's tragedies and the derailing of dreams and possibilities caused in large part by Western imperialism and the conquest of Palestine. Within these pages, there are the blasts of explosions, blood and tears, cemeteries, wreaths and ribbons, martyrs and paradise. Ziad unearths the buried memory of resistance fighters and their lost ideals. In haunting prose and unforgettable images, she celebrates the progressive, bold, revolutionary moments and figures of the Arab world's recent past. Lamia Ziad is a Lebanese author, illustrator and visual artist. Born in Beirut in 1968 and raised during the Lebanese Civil War, she moved to Paris at 18 to study graphic arts. She then worked as a designer for Jean Paul Gaultier, exhibited her art in numerous galleries internationally and went on to publish several illustrated books, including *My Port of Beirut* (1975) and *nuit mes yeux* (1979).
