THE SURPRISING LIFE OF A MEDIEVAL EMPIRE

"The best introduction to Byzantine history I've
seen ... this most intriguing of empires
is depicted so vividly and clearly"

PHILIP PULLMAN

Byzantium The Surprising Life Of A Medieval Empire

A. G. Roeber

Byzantium The Surprising Life Of A Medieval Empire:

Byzantium Judith Herrin, 2009-09-08 A captivating account of the legendary empire that made Western civilization possible Byzantium The name evokes grandeur and exoticism gold cunning and complexity In this unique book Judith Herrin unveils the riches of a quite different civilization Avoiding a standard chronological account of the Byzantine Empire's millennium long history she identifies the fundamental questions about Byzantium what it was and what special significance it holds for us today Bringing the latest scholarship to a general audience in accessible prose Herrin focuses each short chapter around a representative theme event monument or historical figure and examines it within the full sweep of Byzantine history from the foundation of Constantinople the magnificent capital city built by Constantine the Great to its capture by the Ottoman Turks She argues that Byzantium's crucial role as the eastern defender of Christendom against Muslim expansion during the early Middle Ages made Europe and the modern Western world possible Herrin captivates us with her discussions of all facets of Byzantine culture and society She walks us through the complex ceremonies of the imperial court She describes the transcendent beauty and power of the church of Hagia Sophia as well as chariot races monastic spirituality diplomacy and literature She reveals the fascinating worlds of military usurpers and ascetics eunuchs and courtesans and artisans who fashioned the silks icons ivories and mosaics so readily associated with Byzantine art An innovative history written by one of our foremost scholars Byzantium reveals this great civilization's rise to military and cultural supremacy its spectacular destruction by the Fourth Crusade and its revival and final conquest in 1453 **Women**

in Purple Judith Herrin, 2021-09-14 In the eighth and ninth centuries three Byzantine empresses Irene Euphrosyne and Theodora changed history Their combined efforts restored the veneration of icons saving Byzantium from a purely symbolic and decorative art and ensuring its influence for centuries to come In this exhilarating and highly entertaining account one of the foremost historians of the medieval period tells the story of how these fascinating women exercised imperial sovereignty with consummate skill and sometimes ruthless tactics Though they gained access to the all pervasive authority of the Byzantine ruling dynasty through marriage all three continued to wear the imperial purple and wield tremendous power as widows From Constantinople their own Queen City the empresses undermined competitors and governed like men They conducted diplomacy across the known world negotiating with the likes of Charlemagne Roman popes and the great Arab caliph Harun al Rashid Vehemently rejecting the ban on holy images instituted by their male relatives Irene and Theodora used craft and power to reverse the official iconoclasm and restore icons to their place of adoration in the Eastern Church In so doing they profoundly altered the course of history The art and not only the art of Byzantium of Islam and of the West would have been very different without them As Judith Herrin traces the surviving evidence she evokes the complex and deeply religious world of Constantinople in the aftermath of Arab conquest She brings to life its monuments and palaces its court ceremonies and rituals the role of eunuchs the third sex bride shows and the influence of warring monks and patriarchs

Based on new research and written for a general audience *Women in Purple* reshapes our understanding of an empire that lasted a thousand years and splashes fresh light on the relationship of women to power *Unrivalled Influence* Judith Herrin, 2013-03-11 Explores the exceptional roles that women played in the vibrant cultural and political life of medieval Byzantium Drawing on a diverse range of sources this title focuses on the importance of marriage in imperial statecraft the tense coexistence of empresses in the imperial court and the critical relationships of mothers and daughters *Margins and Metropolis* Judith Herrin, 2013-03-18 This volume explores the political cultural and ecclesiastical forces that linked the metropolis of Byzantium to the margins of its far flung empire Focusing on the provincial region of Hellas and Peloponnesos in central and southern Greece Judith Herrin shows how the prestige of Constantinople was reflected in the military civilian and ecclesiastical officials sent out to govern the provinces She evokes the ideology and culture of the center by examining different aspects of the imperial court including diplomacy ceremony intellectual life and relations with the church Particular topics treat the transmission of mathematical manuscripts the burning of offensive material and the church's role in distributing philanthropy Herrin contrasts life in the capital with provincial life tracing the adaptation of a largely rural population to rule by Constantinople from the early medieval period onward The letters of Michael Choniates archbishop of Athens from 1182 to 1205 offer a detailed account of how this highly educated cleric coped with life in an imperial backwater and demonstrate a synthesis of ancient Greek culture and medieval Christianity that was characteristic of the Byzantine elite This collection of essays spans the entirety of Herrin's influential career and draws together a significant body of scholarship on problems of empire It features a general introduction two previously unpublished essays and a concise introduction to each essay that describes how it came to be written and how it fits into her broader analysis of the unusual brilliance and longevity of Byzantium

The Formation of Christendom Judith Herrin, 1989-08-21 In a lucid history of what used to be termed the Dark Ages Judith Herrin outlines the origins of Europe from the end of late antiquity to the coronation of Charlemagne She shows that the clash between nascent Islam and stubborn Byzantium was the central contest that allowed Europe to develop and she thereby places the rise of the West in its true Mediterranean context Her inquiry centers on the notion of Christendom Instead of taking medieval beliefs for granted or separating theology from politics she treats the faith as a material force In a path breaking account of the arguments over Christian doctrine she shows how the northern sphere of the Roman world divided into two distinct and self conscious imperial units as the Arabs swept through the southern regions One of the most interesting strands of the author's argument concerns religious art and iconoclasm Her book shows how the impact of Islam's Judaic ban on graven images precipitated both the iconoclast crisis in Constantinople and the West's unique commitment to pictorial narrative as justified by Pope Gregory the Great *Ravenna* Judith Herrin, 2020-10-27 A riveting history of the city that led the West out of the ruins of the Roman Empire At the end of the fourth century as the power of Rome faded and Constantinople became the seat of empire a new capital city was rising in the West Here in

Ravenna on the coast of Italy Arian Goths and Catholic Romans competed to produce an unrivaled concentration of buildings and astonishing mosaics For three centuries the city attracted scholars lawyers craftsmen and religious luminaries becoming a true cultural and political capital Bringing this extraordinary history marvelously to life Judith Herrin rewrites the history of East and West in the Mediterranean world before the rise of Islam and shows how thanks to Byzantine influence Ravenna played a crucial role in the development of medieval Christendom Drawing on deep original research Herrin tells the personal stories of Ravenna while setting them in a sweeping synthesis of Mediterranean and Christian history She narrates the lives of the Empress Galla Placidia and the Gothic king Theoderic and describes the achievements of an amazing cosmographer and a doctor who revived Greek medical knowledge in Italy demolishing the idea that the West just descended into the medieval Dark Ages Beautifully illustrated and drawing on the latest archaeological findings this monumental book provides a bold new interpretation of Ravenna s lasting influence on the culture of Europe and the West [The Myth of the Andalusian Paradise](#) Darío Fernández-Morera,2016-02-09 Scholars journalists and politicians uphold Muslim ruled medieval Spain al Andalus as a multicultural paradise a place where Muslims Christians and Jews lived in harmony There is only one problem with this widely accepted account it is a myth In this groundbreaking book Northwestern University scholar Dar o Fern ndez Morera tells the full story of Islamic Spain The Myth of the Andalusian Paradise shines light on hidden features of this medieval culture by drawing on an abundance of primary sources that scholars have ignored as well as archaeological evidence only recently unearthed This supposed beacon of peaceful coexistence began of course with the Islamic Caliphate s conquest of Spain Far from a land of tolerance Islamic Spain was marked by religious and therefore cultural repression in all areas of life and by the marginalization of Christians and other groups all this in the service of social control by autocratic rulers and a class of religious authorities As professors politicians and pundits continue to celebrate Islamic Spain for its multiculturalism and diversity Fern ndez Morera sets the record straight showing that a politically useful myth is a myth nonetheless , **The Rise of Little Big Norway** John F. L. Ross,2019-11-30 The Rise of Little Big Norway explores the unlikely rise of Norway from peripherality to today s global steward with an enviable work life balance influential oil fund and Arctic front row seat Drawing on wide ranging source material John Ross s original approach combines astute observation thoughtful analysis and a flowing essay style leavened with the comparative insight that only a seasoned observer of the region can bring The book examines the settings histories and niche elements that lend Norway its distinctiveness and differentiate it from its Nordic neighbors It gives special attention to the northern and Arctic dimensions of Norwegian life and elaborates a connecting thematic thread the mobility that once took Vikings across the Atlantic in open boats and makes today s Norwegians the most traveled people on the planet The result is a carefully crafted general study of Norway a country long overlooked in favor of its Nordic neighbors but now a quiet force in its own right and a touchstone for twenty first century issues ranging from identity politics to the Arctic melt This book fills a major gap in the literature on Norway

and the Nordic region *Judaism and Imperial Ideology in Late Antiquity* Alexei M. Sivertsev, 2011-06-20 This book explores the influence of Roman imperialism on the development of Messianic themes in Judaism in the fifth through the eighth centuries CE. It pays special attention to the ways in which Roman imperial ideology and imperial eschatology influenced Jewish representations of the Messiah and Messianic age. Topics addressed in the book include representations of the Messianic kingdom of Israel as a successor to the Roman Empire, the theme of imperial renewal in Jewish eschatology and its Roman parallels, representations of the emperor in late antique literature and art and their influence on the representations of the Messiah, the mother of the Messiah in late antique and Byzantine cultural contexts and the figure of the last Roman Emperor in Christian and Jewish tradition.

Remembering Women Differently Lynée Lewis Gaillet, Helen Gaillet Bailey, 2019-05-23 An examination of women's work, rhetorical agency and the construction of female reputation. Before the full and honest tale of humanity can be told, it will be necessary to uncover the hidden roles of women in it and recover their voices from the forces that have diminished their contributions or even at times deliberately eclipsed them. The past half century has seen women rise to claim their equal portion of recognition and *Remembering Women Differently* addresses not only some of those neglected; it examines why they were deliberately erased from history. The contributors in this collection study the contributions of fourteen nearly forgotten women from around the globe working in fields that range from art to philosophy, from teaching to social welfare, from science to the military, and how and why those individuals became either marginalized or discounted in a mostly patriarchal world. These sterling contributors, scholars from a variety of disciplines, rhetoricians, historians, compositionists, and literary critics, employ feminist research methods in examining women's work, rhetorical agency, and the construction of female reputation. By recovering these voices and remembering the women whose contributions have made our civilization better and more whole, this work seeks to ensure that women's voices are never silenced again.

The Alexiad of Anna Komnene Penelope Buckley, 2014-03-27 This is the first full-scale study of the literary art of Anna Komnene's *Alexiad*. Her history of her father's reign is well known and much used by Byzantinists and historians of the First Crusade, but the art with which it shapes its central character has not been fully examined or understood. This book argues that the work is both history and tragedy; the characterization of Alexios I Komnenos is cumulative; it develops the models for his idealization; change much of the action takes place in his mind, and the narrative relays and amplifies his thought while building a dense picture of the world in which he acts. Engaging critically and responsively with other texts, Komnene uses the full range of current literary genres to portray the ideal culture of his rule. She matches her art of literary control to his of government over the adverse forces of his time.

Empires in World History Jane Burbank, Frederick Cooper, 2021-05-11 How empires have used diversity to shape the world order for more than two millennia. Empires' vast states of territories and peoples united by force and ambition have dominated the political landscape for more than two millennia. *Empires in World History* departs from conventional European and nation-centered perspectives to take a

remarkable look at how empires relied on diversity to shape the global order Beginning with ancient Rome and China and continuing across Asia Europe the Americas and Africa Jane Burbank and Frederick Cooper examine empires conquests rivalries and strategies of domination with an emphasis on how empires accommodated created and manipulated differences among populations Burbank and Cooper examine Rome and China from the third century BCE empires that sustained state power for centuries They delve into the militant monotheism of Byzantium the Islamic Caliphates and the short lived Carolingians as well as the pragmatically tolerant rule of the Mongols and Ottomans who combined religious protection with the politics of loyalty Burbank and Cooper discuss the influence of empire on capitalism and popular sovereignty the limitations and instability of Europe's colonial projects Russia's repertoire of exploitation and differentiation as well as the empire of liberty devised by American revolutionaries and later extended across a continent and beyond With its investigation into the relationship between diversity and imperial states *Empires in World History* offers a fresh approach to understanding the impact of empires on the past and present

Historical Dictionary of Catholicism William J.

Collinge, 2021-08-15 This work covers the whole history of Catholicism including the periods of Christian history prior to the present divisions into Catholic Orthodox and Protestant but within the earlier periods it focuses on the story line that leads to Catholicism in the Roman Rite and particularly to Roman Catholicism in the United States The *Historical Dictionary of Catholicism* Third Edition contains a chronology an introduction and an extensive bibliography The dictionary section has more than 500 cross referenced entries on important persons and places as well as themes such as baptism contraception labor church architecture the sexual abuse crisis Catholic history doctrine and theology spirituality and worship moral and social teaching and church structure This book is an excellent resource for students researchers and anyone wanting to know more about Catholicism

Orthodox Christians and the Rights Revolution in America A. G. Roeber, 2024-01-02 A distinctive and unrivaled examination of North American Eastern Orthodox Christians and their encounter with the rights revolution in a pluralistic American society From the civil rights movement of the 1950s to the culture wars of North America commentators have identified the partisans bent on pursuing different rights claims When religious identity surfaces as a key determinant in how the pursuit of rights occurs both the religious right and liberal believers remain the focus of how each contributes to making rights demands How Orthodox Christians in North America have navigated the rights revolution however remains largely unknown From the disagreements over the rights of the First Peoples of Alaska to arguments about the rights of transgender persons Orthodox Christians have engaged an Anglo American legal and constitutional rights tradition But they see rights claims through the lens of an inherited focus on the dignity of the human person In a pluralistic society and culture Orthodox Christians both converts and those with family roots in Orthodox countries share with non Orthodox fellow citizens the challenge of reconciling conflicting rights claims Those claims do pit religious liberty rights claims against perceived dangers from outside the Orthodox Church But internal disagreements about the rights of clergy and people within the

Church accompany the Orthodox Christian engagement with debates over gender sex and marriage as well as expanding political legal and human rights claims Despite their small numbers North American Orthodox remain highly visible and their struggles influential among the more than 280 million Orthodox worldwide Orthodox Christians and the Rights Revolution in America offers an historical analysis of this unfolding story **Christian History** Alister E. McGrath,2013-03-04 A major new introduction to the global history of Christianity written by one of the world s leading theologians and author of numerous bestselling textbooks Provides a truly global review by exploring the development of Christianity and related issues in Asia Latin America and Africa and not just focusing on Western concerns Spanning more than two millennia and combining elements of theology history and culture it traces the development of all three branches of Christianity Catholic Protestant and Orthodox providing context to Christianity s origins and its links to Judaism Looks beyond denominational history at Christianity s impact on individuals society politics and intellectual thought as well as on art architecture and the natural sciences Combines McGrath s acute historical sensibility with formidable organizational skill breaking the material down into accessible self contained historical periods Offers an accessible and student oriented text assuming little or no advance theological or historical knowledge on the part of the reader **Christianity** Diarmaid MacCulloch,2010-03-18 The New York Times bestseller and definitive history of Christianity for our time from the award winning author of The Reformation and Silence A product of electrifying scholarship conveyed with commanding skill Diarmaid MacCulloch s Christianity goes back to the origins of the Hebrew Bible and encompasses the globe It captures the major turning points in Catholic Protestant and Orthodox history and fills in often neglected accounts of conversion and confrontation in Africa Latin America and Asia MacCulloch introduces us to monks and crusaders heretics and reformers popes and abolitionists and discover Christianity s essential role in shaping human history and the intimate lives of men and women And he uncovers the roots of the faith that galvanized America charting the surprising beliefs of the founding fathers the rise of the Evangelical movement and of Pentecostalism and the recent crises within the Catholic Church Bursting with original insights and a great pleasure to read this monumental religious history will not soon be surpassed Bound to the Barbarian Carol Townend,2012 Sold into slavery maid servant Katerina promised one day to repay the princess who rescued her Now that time has come and Katerina must convince commanding warrior Ashfirth Saxon that she is her royal mistress Spending balmy days and long sultry nights with this man makes Katerina s task increasingly impossible How long will she be able to keep up her deception And how long before she finds herself willingly bedded by this proud barbarian **The Evolution of Law and the State in Europe** Spyridon Flogaitis,2014-11-06 Most books about public power and the state deal with their subject from the point of view of legal theory sociology or political science This book without claiming to deliver a comprehensive theory of law and state aims to inform by offering a fresh reading of history and institutions particularly as they have developed in continental Europe and European political and legal science Drawing on a remarkably wide range of

sources from both Western and Eastern Europe the author suggests that only by knowing the history of the state and state administration since the twelfth century can we begin to comprehend the continuing importance of the state and public powers in modern Europe In an era of globalization when the importance of international law and institutions frequently lead to the claim that the state either no longer exists or no longer matters the truth is in fact more complex We now live in an era where the balance is shifting away from the struggle to build states based on democratic values towards fundamental values existing above and beyond the borders of nations and states under the watchful gaze of judges bound by the rule of law

Chalcedon in Context Richard Price, Mary Whitby, 2009 This collection of essays has its origin in a conference held at Oxford in 2006 to mark the publication of the first English edition of the Acts of Chalcedon Its aim is to place Chalcedon in a broader context and bring out the importance of the acts of the early general councils from the fifth to the seventh century documents that because of their bulk and relative inaccessibility have received only limited attention till recently This volume is evidence that this situation is now rapidly changing as historians of late antiquity as well as specialists in the history of the Christian Church discover the richness of this material for the exploration of common concerns and tensions across the provinces of the Later Roman Empire language use networks of influence and cultural exchange and political manipulation at many different levels of society The extent to which the acts were instruments of propaganda and should not be read as a pure verbatim record of proceedings is brought out in a number of the essays which illustrate the fascinating literary problems raised by these texts

Byzantium The Surprising Life Of A Medieval Empire Introduction

In today's digital age, the availability of Byzantium The Surprising Life Of A Medieval Empire books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Byzantium The Surprising Life Of A Medieval Empire books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Byzantium The Surprising Life Of A Medieval Empire books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Byzantium The Surprising Life Of A Medieval Empire versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Byzantium The Surprising Life Of A Medieval Empire books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Byzantium The Surprising Life Of A Medieval Empire books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Byzantium The Surprising Life Of A Medieval Empire books and manuals is Open

Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Byzantium The Surprising Life Of A Medieval Empire books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Byzantium The Surprising Life Of A Medieval Empire books and manuals for download and embark on your journey of knowledge?

FAQs About Byzantium The Surprising Life Of A Medieval Empire Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks.
