The Dystopian Impulse in Modern Literature M. Keith Booker, 1994-05-17 A detailed discussion of literary dystopias as social criticism in Zamyatin's *We* Huxley's *Brave New World* Orwell's *1984* and in contemporary works

Dystopia(n) Matters Fátima Vieira, 2013-07-16 The volume is divided into two parts separated by an Intermezzo The first part *Dystopia Matters* benefits from the contribution of reputed scholars of the field of Utopian Studies who were asked to make a statement explaining why dystopia is important The Intermezzo completes this part and offers the reader an informed discussion of the concepts of utopia dystopia and anti utopia whilst providing ground for the case studies presented in the second part in the sections devoted to literature film and theatre In one way or another despite the variety of approaches all contributors argue for the idea that if dystopia has invaded most forms of contemporary discourse its sibling utopia has not been eradicated from the scene Furthermore the studies show that the tension between the two concepts is instrumental to our cautious conscious and tentative construction of the future

The Palgrave

Handbook of Cold War Literature Andrew Hammond, 2020-09-04 This book offers a comprehensive guide to global literary engagement with the Cold War. Eschewing the common focus on national cultures, the collection defines Cold War literature as an international current focused on the military and ideological conflicts of the age and characterised by styles and approaches that transcended national borders. Drawing on specialists from across the world, the volume analyses the period's fiction, poetry, drama, and autobiographical writings in three sections: dominant concerns (socialism, decolonisation, nuclearism, propaganda, censorship, espionage, common genres, postmodernism, socialism, realism, dystopianism, migrant poetry, science fiction, testimonial writing) and regional cultures (Asia, Africa, Oceania, Europe, and the Americas). In doing so, the volume forms a landmark contribution to Cold War literary studies which will appeal to all those working on literature of the 1945-1989 period, including specialists in comparative literature, postcolonial literature, contemporary literature, and regional literature.

Playing Dystopia Gerald Farca, 2018-11-05 Video games permeate our everyday existence. They immerse players in fascinating gameworlds and exciting experiences, often inviting them in various ways to reflect on the enacted events. Gerald Farca explores the genre of dystopian video games and the player's aesthetic response to their nightmarish gameworlds. Players, he argues, will gradually come to see similarities between the virtual dystopia and their own offline environment, thus learning to stay wary of social and political developments. In his analysis, Farca draws from a variety of research fields, such as literary theory and game studies, combining them into a coherent theory of aesthetic response to dystopian games.

Critical Terms for the Study of Gender Catharine R. Stimpson, Gilbert Herdt, 2014-07-11 Gender systems pervade and regulate human lives in law courts and operating rooms, ballparks and poker clubs, hair dressing salons and kitchens, classrooms and playgroups. Exactly how gender works varies from culture to culture and from historical period to historical period, but gender is very rarely not at work. Nor does gender operate in isolation. It is linked to other social structures and sources of identity. So write women's studies pioneer Catharine R. Stimpson and anthropologist Gilbert Herdt in their introduction to *Critical Terms for the Study of Gender*, laying out the wide-ranging nature of this interdisciplinary and rapidly changing field. The sixth in the series of *Critical Terms* books, this volume provides an indispensable introduction to the study of gender through an exploration of key terms that are a part of everyday discourse in this vital subject. Following Stimpson and Herdt's careful account of the evolution of gender studies and its relation to women's and sexuality studies, the twenty-one essays here cast an appropriately broad net, spanning the study of gender and sexuality across the humanities and social sciences. Written by a distinguished group of scholars, each essay presents students with a history of a given term, from bodies to utopia, and explains the conceptual baggage it carries and the kinds of critical work it can be made to do. The contributors offer incisive discussions of topics ranging from desire, identity, justice, and kinship to love, race, and religion, that suggest new directions for the understanding of gender studies. The result is an essential reference addressed to students studying gender in very different disciplinary contexts.

Utopias and Utopians Richard C.S. Trahair, 2013-10-31 Utopian ventures are

worth close attention to help us understand why some succeed and others fail for they offer hope for an improved life on earth Utopias and Utopians is a comprehensive guide to utopian communities and their founders Some works look at literary utopias or political utopias etc and others examine the utopias of only one country this work examines utopias from antiquity to the present and surveys utopian efforts around the world Of more than 600 alphabetically arranged entries roughly half are descriptions of utopian ventures the other half are biographies of those who were involved Entries are followed by a list of sources and a general bibliography concludes the volume Esthetic Experiments Marek Wojtaszek,2014-08-26

Contemporary American landscape is wrought with ongoing processes and phenomena of technicization observable at the intersections of multiple layers of society This book brings to attention their cultural and political aspects emphasizing timeliness and necessity of academic intervention into and evaluation of their specificity and ramifications Presenting critical and analytical account of cultural narratives which define speak of and use diverse technologies of writing sound media representations surveillance war the texts compiled in this volume investigate the coalescence between technological production on the one hand and the textual on the other The idea of the book responds to the current academic appeal inspired by postmodern questioning of the foundations and realized most importantly by deconstruction to dismantle one of the constitutive pillars of Western civilization namely between techne and episteme In their interpretative mode the texts proceed largely experimentally bridging the gap between techne and episteme In doing so they endeavor to reformulate and complexify an experience of American culture The book aims to clarify and exemplify that the junction of text and technology implies that meanings are embedded in a material Consequently the publication introduces and popularizes the assumption that American cultural experience emerges as a genuine experiment of an esthetic nature *The Unknown Cities* Abeer Elshater,2016-04-22 This book investigates the many relatively unknown Egyptian cities which research has largely ignored It seeks to enhance the livability of urban areas and stop the processes that turn residents into anti utopians and their cities into dystopias It examines urbanization patterns in what are currently rural or informal settlements It draws on concepts from Western and Arabic thought concerning idealism and utopianism linking anti utopianism with ideas such as loss of hope and residents right to the city It also investigates the epistemology and methodology of urban design using the descriptive analytical approach to evaluate methods of self criticism to address the problems and enhance urban planning and design The literature regarding ten minute neighborhoods is reviewed along with a comparative content analysis of online articles and the resultant principles are tested through site observation It is found that happiness can be promoted by the principle of ten minute pedestrian access to essential services which can viably guide the reformation of urban planning This work recommends that urban planning should be based on the ten minute neighborhood thus improving the future prospects of utopianism in Egypt's unknown cities Recently in the first decade of the twenty first century there was a definite human crisis that emerged in the Egyptian cities at the level of local urban communities which reflects on the whole city and the attached

ones The problem seems to be in the transformation of some urban sites in the metropolitan and small cities to become dystopian places regarding the dynamic impact of the anti utopian people The concept of anti utopians stands as an intermediate step between livable cities and dystopian communities through the transformation that occurs due to the lack of strategic plans by the administrators and or the experts with a special mention to the plans for poor people Therefore from our perspective there is an urgent need to say that the majority of Egyptian cities should be declared as domains of humanitarian disasters which are caused by human hazards rather than the natural disasters e g earthquakes volcanoes floods whirlwinds and hurricanes Thus the first headmost city that will announce its failure in the structural and human scene will get the self respect and worlds estimate as well

The Last of Us and Theology Peter Admirand,2024-05-29

Theology, Religion, and Dystopia Scott Donahue-Martens,Brandon Simonson,2022-09-08

Dystopia from the Greek dus and topos bad place is a revelatory genre and concept that has experienced a meteoric rise in popularity at the start of the twenty first century This book addresses approaches to the study of dystopia from the academic fields of theology and religious studies Following a co written chapter where Scott Donahue Martens and Brandon Simonson argue that dystopia can be understood as demythologized apocalyptic ten unique contributions each engage a work of popular culture such as a book movie or television show Topics across chapters range from the critical function of dystopia social location and identity violence apocalypse and the end of everything sacrifice catharsis and dystopian existentialism This volume responds to the need for theological and religious reflection on dystopia in a world increasingly threatened by climate change pandemics and global war

Science Fiction and Empire Patricia Kerslake,2007-04-01

This book is about the human desire to experiment with empire In the past it was done with real soldiers and expeditions and slaves and trade and misery and force In the future it will be done with generation ships and off world pioneers robots and invasion electronic sheep and people who just don t want to be pushed around any more Beginning with a discussion of who we are hopefully the good guys and who they are anyone who isn t us this narrative scans the lights of science fiction looking at the places where humans try to touch a variety of futures Is SF

designed to purge our dark imperialistic fantasies or is it a laboratory of mind experiments carefully considered trials of political social and economic scenarios Which tomorrow are we more likely to accept where the blood of empire is red or read Examining such classic SF texts as Lasswitz's Two Planets and Wells The War of the Worlds this book investigates Asimov's Robots and Heinlein's Moon as well as Robinson's Mars and Banks postcolonial Culture We see the rise and fall of empire through the eyes of Miller Clarke and Wyndham and the apparently inevitable failure of the imperial project as discussed in Solaris The Dispossessed and The Forever War This book offers an insight into the darkest power abuses of mankind where the oppression silencing and marginalisation of those who are not us continues and flourishes Who are the monsters of our future the Others invading from another planet or the unseen and unrecognised Other within

Scraps Of The Untainted Sky Thomas Moylan, 2018-03-05 Dystopian narrative is a product of the social ferment of the twentieth century A hundred years of war famine disease state terror genocide ecocide and the depletion of humanity through the buying and selling of everyday life provided fertile ground for this fictive underside of the utopian imagination From the classical works by E M Forster Yevgeny Zamyatin Aldous Huxley George Orwell and Margaret Atwood through the new maps of hell in postwar science fiction and most recently in the dystopian turn of the 1980s and 1990s this narrative machine has produced challenging cognitive maps of the given historical situation by way of imaginary societies which are even worse than those that lie outside their authors and readers doors In Scraps of the Untainted Sky Tom Moylan offers a thorough investigation of the history and aesthetics of dystopia To situate his study Moylan sets out the methodological paradigm that developed within the interdisciplinary fields of science fiction studies and utopian studies as they grow out of the oppositional political culture of the 1960 and 1970s the context that produced the project of cultural studies itself He then presents a thorough account of the textual structure and formal operations of the dystopian text From there he focuses on the new science fictional dystopias that emerged in the context of the economic political and cultural convulsions of the 1980s and 1990s and he examines in detail three of these new critical dystopias Kim Stanley Robinson's The Gold Coast Octavia Butler's The Parable of the Sower and Marge Piercy's He She and It With its detailed documented and yet accessible presentation Scraps of the Untainted Sky will be of interest to established scholars as well as students and general readers who are seeking an in depth introduction to this important area of cultural production

Global Failure and World Literature Karen Borg Cardona, 2023-10-24 While the contemporary era has witnessed a series of spectacular failures with severe and widespread global consequences failure is still broadly understood on an individual level while its broader causes and consequences receive little attention This book reconceptualises failure as a method for characterising and critiquing systems and institutions on both a global and a local level It defines global failure as comprising global inequality economic crisis and ecological disaster and as a condition which informs and is informed by localised failure It examines the negotiation between global and local failure in narratives of failed quests by four contemporary authors Cormac McCarthy

Julia Kristeva Michael Ondaatje and Basma Abdel Aziz As a genre the quest narrative is associated with the idea of hard won success The failed quest narrative or the narrative of the failed quest is therefore the ideal vehicle through which to examine the socio political and institutional conditions of failure Primarily a contribution to the field of world literature this book is also relevant to those with an interest in the contemporary novel failure studies and the quest narrative *Encyclopedia of the British Novel* Virginia Brackett,Victoria Gaydosik,2015-04-22 Praise for the print edition comprehensive Recommended

Ray Bradbury Robin Anne Reid,2000-09-30 Reviewers and critics have not always agreed on how well the science fiction label fit Ray Bradbury but the immense popularity of works like *The Martian Chronicles* and *The Illustrated Man* leaves no doubt as to the enduring status of this important writer This Critical Companion examines in a Literary Heritage chapter the situation of Bradbury s works within the science fiction genre and explores thematic concerns that set works like *Fahrenheit 451* and *Dandelion Wine* apart from conventional popular SF writings This introduction to Bradbury written especially for students traces Bradbury s interesting life examining his early literary efforts his forays into Hollywood and his recent writing projects Eight of Bradbury s major works are discussed at length each in its own chapter including two works published within the last ten years *A Graveyard for Lunatics* 1990 and *Green Shadows White Whale* 1992 Clear thoughtful analysis is also given for *The Martian Chronicles* *The Illustrated Man* *Something Wicked This Way Comes* and *Death Is a Lonely Business* In each chapter analysis of the important literary components is given plot setting characters and themes In addition the genesis critical reception and an alternate reading of each work is also discussed in clear terms for students and general readers Suggestions for further reading on Bradbury and his writings are also provided in a select yet extensive bibliography This volume is ideal both for students reading Bradbury for the first time and for dedicated Bradbury fans who wish to appreciate his work with a deeper critical perspective **Exploring the Utopian Impulse** Michael J. Griffin,Tom

Moylan,2007 A series of essays by an international and trans disciplinary group of contributors which explores the nature and extent of the utopian impulse Working across a range of historical periods and cultures the book investigates key aspects of utopian theory texts and socio political practices **Narratives of fear and safety** Kaisa Kaukiainen,Kaisa Kurikka,Hanna Mäkelä,Elise Nykänen,Sanna Nyqvist,Juha Raipola,Anne Riippa,Hanna Samola,2020-09-01 The essays in this edited volume written in English and French tackle the intriguing problems of fear and safety by analysing their various meanings and manifestations in literature and other narrative media The articles bring forth new cross cultural interpretations on fear and safety through examining what kinds of genre specific means of world making narratives use to express these two affectivities The articles also show how important it is to study these themes in order to understand challenges in times of global threats such as the climate crisis The main themes of the book are approached from various theoretical perspectives as related to their literary and cultural representations Recent trends in research such as affect and risk theory serve as the basis for the discussion The articles in the volume also draw from disciplines such as gender studies

and trauma studies to examine the threats posed by collective fears and aggression on individuals lives and propose ways of coping with fear These themes are addressed also in articles analysing new adaptations of old myths that retell stories of the past Many of the articles in the volume discuss apocalyptic and dystopian narratives that currently permeate the entire cultural landscape Dystopian narratives do not only deal with future threats such as totalitarianism technocracy or environmental disasters but also suggest alternative ways of being and new hopes in the form of political resistance

web the book of the duchess is a surreal poem that was presumably written as an elegy for blanche duchess of lancaster s the
wife of geoffrey chaucer s patron the royal duke of lancaster john of gaunt death in 1368 or 1369 the poem was written a few
years after the event and is widely regarded as flattering to both the duke and the duchess
