Getting There Getting There:

Getting There Cynthia Lee A. Pemberton, Rima Karami Akkary, Donna M. Beegle, Eileen Casey White, Wangeci M. Gatimu, 2012-10-13 This book chronicles the lived experience educational journeys of women who found themselves moving forward together pursuing doctoral degrees in Educational Leadership Grounded in the realities of women's lives these inspirational first person narratives have the potential to raise awareness regarding women's socialization expectations and the role interpersonal and community connections play in the lived female experience This book provides a potential resource for those considering how relationships and support groups impact life's journey and their importance in overcoming barriers to educational attainment and success In her book *Flux* Peggy Orenstein encourages women to share their experiences and talk across lines of age and circumstance p 292 This book does that bringing into focus the complicated and convoluted knotty thorny messy realities of women's lives Seeing clearly the forest and the trees the grass the shrubs and dirt the fully fleshed out realities we as educators can more fully and accurately see and appreciate the conflicting competing chaos that characterizes and often monopolizes women's lives and from there establish a foundation of understanding from which to begin retooling higher education to better meet the life and learning needs of all our students In the end Orenstein says there is no single path to a textured satisfying life nor should there be p 293 and indeed as this book reveals there is not Despite geographical and generational differences these women's independent and intersecting lives created and even today supports and sustains their ongoing connection empowerment and achievements and as such not only leaves a legacy for others but a blueprint of and for hope

The Way Home - And How to Get There Jonathan W. Koontz, 2008 This is a book of essays They are about the journey we all take through life All of us are heading toward a real goal home We will each know our own home when we get there When these essays started coming out of my computer I did not know they were going to be essays I was totally astonished when *His Eye Is On The Sparrow* showed up fully formed needing only slight tweaking to assume its final shape I looked it over This was an essay It could not be anything else Carrying on with my writing I saw essay after essay appear on the screen of my computer Some came out of my brain and heart almost as fully formed as the first Some required much work I believe the work was worthwhile I believe the book is worthwhile I stand proudly behind every idea in this book I do not stand behind every word Every major idea here is transformational and liberating I do not know how many major liberating transformational ideas there are in the world but as I write this I can think of maybe 20 or 30 no more On the other hand there are more than a half a million words in the three books You may find words with which you disagree I hope you do But it would be a step in the wrong direction for you to disagree with the ideas If you are completely satisfied with your current ideas about life if you know all you want to know about leading a joy filled life full of spirituality but devoid of empty religiosity if you are happy with your relationships with all the people who mean something to you if you have not thought about these things in many years and really don't care to think about them now If all this is true

for you please close this book and stop reading immediately The Way Home is really three books in one cover Each of the three is a complete unit but each book gains strength from the other two There are forty one essays in The Way Home and each essay is complete in itself but is also part of a unified whole Book One provides an overview for the special person who will want to read a serious book of essays about how to lead life Book Two is for those who might want to know more about the author and how he became the person he is Book Three is for those who understand the first two These fortunate few will already be conscious citizens of the new world already emerging from the ashes of the complete failure of western civilization They know where they are going and how to get there They will have gained a sense of direction for everything they do and they will know how to regain balanced movement if they are ever threatened Most of them will be able to do this because of a new religion they have adopted It may be called by the same name as the religion they have always had but it will be a new and intensely personal view of that religion This personal religion will use some of the language of the religion into which the person was born that is Christians may use mostly the words of Jesus Jews will not use Jesus words at all the different sects of the Moslem world will find different sections of the Koran to emphasize and Indians will quote the Upanishads Remarkably there will be no disagreement although each religion will be unique to one person alone You Can Get There From Here Bob Stanhope,2017-12-11 I d always wanted to travel except that I didn t know it After graduating from college getting a job and setting out on my own I made some sporadic attempts to see some of the world It took a while to figure out how and it was only after I got married that the two of us came upon a strategy that worked for us This book is a collection of stories about my mostly modest opportunities to travel This is not a how to book There will be no listings of the best places to go You will not find even a slightly comprehensive guide to locations National Parks interesting cities countries or anything else particularly useful However I hope you will find some interesting and amusing stories about surprises that we encountered along the way *Getting There* Luis A. Martínez,2010-07-14 Are you frustrated in your current job Are you unemployed Does your employer recognize your personal value proposition Do you recognize it The process outlined in this book has been used successfully by hundreds of clients who came to recognize their worth and then made significant changes in their lives Your book was really great Ive read many books on this topic including What Color is Your Parachute Rites of Passage etc and yours is the most succinct easiest to use very enjoyable to read and extremely helpful Diane Wiley Senior Professional in Human Resources Luis your unique personal stories are the differentiating factor from everyone else out there that does what you do Pam Sherman Recovering Lawyer Actor Coach Author The Suburban Outlaw Getting There Carleton "Holly" Hollister,2020-11-04 Everyone wants to be Better We are all striving to improve some aspect of our lives From our first day on the job until our last we are each trying to improve skills our personality and our relationships Some things are easy while others seem impossible With the right plan combined with a little help and direction deep down we know it can be done Getting There is designed to be the roadmap you have been looking for You will relate to the useful applications for everyday

life and the amazing stories of those who have succeeded You will find this book to be an enjoyable adventure towards accomplishing those things in your life that mean the most Do you want to be a better person parent or spouse Want to be a better boss or employee Do you want to lose weight go back to school or run a marathon Do you want to get out of debt and learn to save money This book is your GPS a realistic and consistent guide down the road to progress and happiness Please enjoy the ride

See You when We Get There Gregory Michie, 2005 Gregory Michie's first bestseller *Holler If You Hear Me* put him on the map as a compelling and passionate voice in urban education In his new book Michie turns his attention to young teachers of colour and once again provides readers with a unique and penetrating look inside public school classrooms Featuring portraits of five young teachers two African Americans two Latinas and one Asian American who are working for change Michie weaves the teachers' powerful voices with classroom vignettes and his own experiences Along the way he examines what motivates and sustains these teachers as well as what they see as the challenges and possibilities of public education In these times of national standards high stakes accountability and calls for reforming teacher education and preparation *See You When We Get There* is essential reading

Get There Early Bob Johansen a Institute for the Future, 2011 *Sensing the Future to Compete in the Present* Offers a proven approach for making sense out of future challenges and devising positive responses using methods developed by the respected Institute for the Future Features examples of how organizations like Procter Gamble Disney Reuters UPS and the Centers for Disease Control have put the approach into practice Includes the institute's ten year forecast of trends challenges and opportunities These days every leader struggles with a paradox you can't predict the future but you have to be able to make sense of it to thrive In the age of the Internet everyone knows what's new but to succeed you have to be able to sort out what's important devise strategies based on your own point of view and get there ahead of the crowd Bob Johansen shares techniques the Institute for the Future has been refining for nearly forty years to help leaders navigate what borrowing a term from the Army War College he calls the VUCA world a world characterized by volatility uncertainty complexity and ambiguity As the institute's ten year forecast makes clear leaders now face fewer problems with neat solutions and more dilemmas recurring complex messy and puzzling situations *Get There Early* lays out the institute's three step Foresight to Insight to Action Cycle that will allow readers to sense make sense of and win with dilemmas Johansen offers specific techniques ranging from storytelling to simulation gaming as well as real world examples to help readers turn the VUCA world on its head through creative use of vision understanding clarity and agility This book offers hope for leaders facing the constant tension a dilemma in itself between judging too soon and deciding too late

We Get There Shauna Seliy, 2008-12-01 Over the course of one winter in 1974 in the coal-mining town of Banning, Pennsylvania, the youngest member of a large and boisterous Eastern European family gives himself a tall order: to find his mother, who recently disappeared without explanation. Lucas, an only child whose father died several years earlier in a coal-mine blast, lives with the legacy of loss. Despite his heavy inheritance, Lucas is still just a thirteen-year-old boy puzzling out the world around him. He shuttles between the homes of his family elders, whose old-world ways he can't quite understand. When Zoli, his mother's embittered admirer, takes it upon himself to find his lost love, violence and retribution escalate until no one, especially Lucas, is safe. As he struggles to find his place in this unsettling landscape, Lucas's extended family and close-knit ethnic community circle around him. Set against the collapse of the industry that has sustained the family and the town for generations, *When We Get There* is a startling tale of one family's long winter and the spring that eventually comes hard on winter's heels. *Dying to Get There* Comrie Palmer, 2011-09-20 At six years of age, Comrie Palmer was pronounced dead at the Hotel Dieu Hospital when her heart failed after surgery. Thirty-six years later, she died again for twenty-three minutes, also from heart failure. This is Comrie's account of the latter, amazing death journey. You will discover a different perspective on how to live your life after reading her detailed experience. Her description is so vivid that you can sense it. The Cosmic Mind zapped into her brain, penetrating it with a deep knowledge and understanding of things that Comrie knew nothing about beforehand. The experience transformed her as her intellect level skyrocketed. In this incredible recollection of her experience, Comrie Palmer delves deep into the Ceremony of Dying while sharing with us a Formula for Living. This is a thought-provoking testimony that will have you pondering your own life's actions. And you will discover that when love manifests, you receive the benefits. *Getting There by Design* Kenneth Allinson, 1997 In *Getting There by Design*, Allinson equips designers with an understanding of project management. The book begins by discussing the nature and features of project management before looking at the fundamental issues of planning and control. *You Can Get There* R. Preston Todd, 2018-01-18 You will find an easily followed blueprint about how you can change your location on your very own road map of life. Here you are

given a more simple view of spirituality everyone has like it or not Brand new items include the following There are three pieces of existence infinity reality and life Life acts as a referee between infinity and reality Your reality is determined by life before you return to infinity Some consciousness entities help Lessons are presented We use the roadmap of life introduced earlier in The Way It Is to shift to a better location You will find humorous comments here and there to keep anyone engaged

Africa Should Get There Too Alfani Sumaili Yoyo,2012-10 After having been stunned by untold evils making the order of each day in Africa and particularly in his country Alfani was compelled to address this in the form of a book The ideas he suggests to alleviate the situation is what he regards as alternative strategies to develop a crumbling continent Alfani believes that development should be given priority He laments that most of the continent s resources are misused by a handful of citizens and dumped in the most worthless personal luxuries and expenditures such as civil and religious wars About HIV AIDS in Africa he simply but firmly says that no matter how complicated the disease can be the chance is that it can be reversed if there ll be a systematic paradigm shift in people s minds From the experience of land reform in Zimbabwe as well as severe hunger caused by extremely low rate of food production in many African states he scoffs the continent s inability to invest in the land He also blames contemporary African leaders for their reluctance to embrace the breeze of development and accuses politicians of treating ordinary citizens cheaply In this book he offers a simple definition of the word development when he equates it to a walk from where people have been getting delayed to where they would like to be For Africa this means joining other continents or even taking an extra mile On the other hand he warns his readers not to take his book as a compilation of some absolute do s but to consider it as a guide or help The implementation of his suggestions is absolutely a personal issue Alfani s book is not only engaging but also informative *All You Have To Do Is Get There* Robert Heffner,2019-09-11 Calvin Lee Brown was a lanky raw boned youth on the edge of manhood Never having given much thought to his future he was suddenly obliged to consider his direction in life when his family was uprooted from their home in Missouri Having lost everything they owned in the wake of the Civil War they had fled west to Kansas In their exodus however the Brown family had sought not only refuge but also promise For the frontier as the handbills all proclaimed was a land of manifest destiny a land of opportunity a land where railroads were being built boom towns were springing up and gold was still being discovered It was a land of wide open spaces where people could get a fresh start and homesteads were being offered practically for free It was a land just waiting to be taken All you had to do was get there The Future of Truth (and How to Get There) Lindley Gooden,2025-04-04 Lindley s groundbreaking book tells the true story of mis and dis information why we ve fallen so hard for them both and how every one of us can fight back We re living in a time when nothing feels very true Where our timelines give us endless opinions and fiction disguised as fact So how can we build a clear picture of the world around us when false information and fake news is spread by our friends colleagues and classmates right up to world leaders The second edition of The Future of Truth and How to Get There unmasks the tell tale signs that

manipulation leaves behind even in a post truth world We build up an essential toolkit to stop step back from and sidestep misinformation and disinformation wherever our timelines take us We bring together neuroscience conspiracy beliefs journalism politics and AI on journey to alt reality and back to build a happier healthier future of truth For more information downloadable references or to join the conversation about information ethics just go to www.thefutureoftruth.info
