Ghost House The Ghost House Saga:

Ghost House Alexandra Adornetto, 2014 A new series from the New York Times bestselling author of the Halo trilogy begins After the loss of her mother Chloe Kennedy heads to her grandmother's country estate in the south of England where she get away from her grief and the spirits that haunt her Until she meets a mysterious stranger *The Curious Magics Saga* R. B. Fraser, 2021-06-15 It was commonly accepted that judging a book by its cover was just about the rudest and unwise thing you could do But that's not going to stop you is it And that's something I've always respected about you If the ideas of the trials and tribulations of a pair of wizards travelling through time and space do nothing for you then you've most likely already put this book down To those who remain may I just take a moment to introduce Kiko and Kara Kiko was a bookish kind but slightly bizarre human girl with a razor sharp intellect and Kara was the kind of Half Elf to punch me in the face if she heard me say anything bad about her so I won't be doing that Both girls lived a life of magic and mystery on the thirteenth paralleled Earth which was part of the Thirteenth parallel Universe which is where this book is set *Ghost Stories* Peter J.
