Ghosts From The Nursery Tracing The Roots Of Violence Paperback 1999:

Ghosts from the Nursery Robin Karr-Morse, Meredith S. Wiley, 2007-12-01 An ominous and persuasive study of when violence starts in child development and the preventive measures to stop it The New York Times Book Review This new revised edition incorporates significant advances in neurobiological research and includes a new introduction by Dr Vincent J Felitti a leading researcher in the field When *Ghosts from the Nursery Tracing the Roots of Violence* was first published it was lauded for providing scientific evidence that violence can originate in the womb and become entrenched in a child's brain by preschool The authors groundbreaking conclusions became even more relevant following the wave of school shootings across the nation including the tragedies at Columbine High School Sandy Hook Elementary School and shocking subsequent shootings Following each of these media coverage and public debate turned yet again to the usual suspects concerning the causes of violence widespread availability of guns and lack of mental health services for late stage treatment Discussion of the impact of trauma on human life especially early in life during chemical and structural formation of the brain is missing from the equation Karr Morse and Wiley continue to shift the conversation among parents and policy makers toward more fundamental preventative measures against violence Karr Morse and Wiley boldly raise some tough issues They start with a grim question why are children violent and they forge a passionate and cogent argument for focusing our collective energies on infancy and parenthood to stop the cycle of ruined lives The Seattle Times **And Words Can Hurt Forever** James Garbarino, Ellen deLara, 2003-09-02 Citing the pervasiveness of emotional violence in schools a guide for parents and educators identifies how schools unwittingly support hostile environments and explains why listening to teens is a key to addressing all forms of violence **Sex in Psychotherapy** Lawrence E. Hedges, 2011-01-19 provides an expert summary of three decades worth of research into perspectives on sexuality identity and gender *Rebuilding Attachments with Traumatized Children* Richard Kagan, 2014-09-25 Learn to build the trust you need to help children in crisis *Rebuilding Attachments with Traumatized Children* Healing from Losses Violence Abuse and Neglect is a therapeutic guide to helping troubled children move beyond the traumatic experiences that haunt them Author Dr Richard Kagan Director of Psychological Services for Parsons Child and Family Center in Albany New York presents comprehensive information on how to understand and surmount the impact of loss neglect separation and violence on children's development how to discover and foster strengths in children and their families and how to rebuild connections and hope for children who are at risk of harm to themselves and others This unique book is designed to be used in tandem with *Real Life Heroes A Life Storybook for Children* Haworth an innovative workbook that helps children develop the self esteem they need to overcome the worries and fears of their past through a creative arts approach that fosters positive values and a sense of pride *Rebuilding Attachments with Traumatized Children* helps children move from negative or suppressed memories to a more positive perspective not by denying hardships but by drawing strength from the supportive people in their lives Practitioners can use the book as a

framework and detailed guide to assessment engagement development of service plans and implementation of attachment and trauma therapy The book is a comprehensive model for working to build the trust necessary before other trauma therapy approaches can be successfully initiated Topics examined in Rebuilding Attachments with Traumatized Children include attachment theory and research types of attachment problems PTSD behaviors permanency work with children in placement ADHD bipolar and RAD cognitive behavioral therapies storytelling therapies the myth of perfection neuropsychological patterns and much more Rebuilding Attachments with Traumatized Children is a rich resource for practitioners academics parents adoptive parents foster parents grandparents and anyone working to show troubled children how to learn from the past resolve problems in the present and build a better future Violence in the Home Karel Kurst-Swanger, Jacqueline L. Petcosky, 2003-03-27 Violence in the home is one of the most damaging and widespread of social problems It is an issue that cuts across all socioeconomic racial ethnic gender and age boundaries This important book reviews the most current theoretical explanations of family violence and then links theory to practice It looks at the systems and institutions that interact with families which are mandated to provide protection and services and explores the current debates surrounding family violence and public policy In addition Kurst Swanger explores the role of power in abusive relationships and considers the short and long term consequences of abuse This insightful book will be a practical resource for professionals and of interest to all those concerned with the far reaching impact of family violence **The Ingenuity Gap** Thomas Homer-Dixon, 2010-01-29 Human beings have been smart enough to turn nature to their ends generate vast wealth for themselves and double their average life span But are they smart enough to solve the problems of the 21st century Thomas Homer Dixon In The Ingenuity Gap Thomas Homer Dixon global guru the Toronto Star asks is our world becoming too complex too fast paced to manage The challenges facing us converge intertwine and remain largely beyond our ken Most of suspect the experts don t really know what s going on that as a species we ve released forces that are neither managed nor manageable We are fast approaching a time when we may no longer be able to control a world that increasingly exceeds our grasp This is the ingenuity gap the term coined by Thomas Homer Dixon the critical gap between our need for practical innovative ideas to solve complex problems and our actual supply of those ideas Through gripping narrative stories and incidents that exemplify his arguments he takes us on a world tour that begins with a heartstopping description of the tragic crash of United Airlines Flight 232 from Denver to Chicago and includes Las Vegas in its desert a wilderness beach in British Columbia and his solitary search for a little girl in Patna India He shows how in our complex world while poor countries are particularly vulnerable to ingenuity gaps our own rich countries are not immune and we are caught between a requirement for ingenuity and an increasingly uncertain supply When the gap widens political disintegration and violent upheaval can result reaching into our own economies and daily lives in subtle ways In compelling lucid prose he makes real the problems we face and suggests how we might overcome them Ava's Bedside: Making Sense Through Attachment Nobo

Komagata, Sachiko Komagata, 2008 How many of us are fully making sense of our lives Ava s Bedside introduces a fable in which a dying hippo struggles with this question Through conversation with other hippos she finally realizes what is missing from her life This book also contains a detailed commentary on the fable The commentary discusses the importance of secure child parent attachment for a meaningful life referring to ideas in attachment theory **Criminals in the Making** John Paul Wright, Stephen G. Tibbetts, Leah E. Daigle, 2008-05-16 This wide reaching text explores the origins and development of criminality from birth to adulthood *Learning Difficulties: Is Your Doom Sealed?* Barbara Koblenz, 2007-08-01 CHILDREN S DIFFICULTIES COULD BE ALLEVIATED and or ELIMINATED PRIOR TO PRE SCHOOL AGE The number of children suffering developmental and learning difficulties is growing by the day Developmental and Learning Difficulties are not generated in school instead the child is born with it This is the story of special toddlers including my own child that were able to overcome major difficulties while implementing my innovative model Developmental and Learning Difficulties are detectable and treatable in infancy The brain triples its weight during the first year of life This window of opportunity for neuro pathways building is open from birth to one year of age The proper intervention at this critical time will certainly mean a different quality of life for a child This book is a review of early intervention programs around the world and the presentation of my innovation to the field of education An innovation parents could have known about four years ago if only Resources in Education ,2000-10 *Domestic Violence and Child Abuse Sourcebook* Helene Henderson, 2000 Basic consumer health information about spousal partner child sibling parent and elder abuse covering physical emotional and sexual abuse teen dating violence and stalking includes information about hotlines safe houses safety plans and other resources for support and assistance community initiatives and reports on current directions in research and treatment along with a glossary sources for further reading and governmental and non governmental organizations contact information **Reaching the Vulnerable Child** Janie Rymaszewska, Terry Philpot, 2006 This guide to working with abused children and young people will be valued by professionals and therapists from a range of backgrounds including psychotherapists play therapists and arts therapists as well as those responsible for children s services BOOK JACKET Everyone Needs Attention Tamar Jacobson, 2018-08-07 Attention seeking is seen as misbehavior in young children and giving them the attention they need is often times interpreted as reinforcement of bad behavior Everyone Needs Attention focuses on how we as adults manage our emotions when children seek our attention including a how to chapter to help reflect about how the reader sought out attention when they were children This book includes conversations with teachers as well as some concrete steps to assist in self explorations Tamar Jacobson PhD includes her own life story suffering emotional neglect as well ask anecdotes of her work with teachers families and children over the past forty years as a preschool teacher professor mother and early childhood consultant **Subject Guide to Books in Print** ,2001 **Brain, Attachment, Personality** Susan Hart, 2018-05-08 This book is intended as an inspiration and as an introduction to what Susan Hart has called

neuroaffective developmental psychology As an underlying theme throughout the book she seeks to emphasize the importance of attachment for the formation of personality in all its diversity This book presents a merger of systems that are not normally brought together in a structured psychodynamic context Thus it operates on three levels a neurobiological level an intrapsychological level and an interpersonal level It also focuses on the brain structures that are essential for the formation of relationships personality development and emotions It attempts to provide an understanding of the way that the uniquely human nervous system develops capacities for empathy mentalization and reflection that enable us to address such aspects as past and present interpersonal relations ethics art and aesthetics Susan Hart has endeavoured to make the text meaningful and comprehensible in order to make the topic interesting and inspiring to the reader and to spark an interest in further studies *Everyday Parenting with Security and Love* Kim S. Golding, 2017-06-21 Beginning Attachments offers parents and carers an introduction to caring for children who struggle to form emotional bonds It provides an understanding of the challenges faced by these children and offers practical guidance on how to build and foster emotional connections
