Dutch Medicine 1900-1974 G.A. Lindeboom, 2012-12-06 I In some periods of the past Netherlands medicine has played a major role in the evolution of European medicine today its history still enjoys much interest even at the other side of the Ocean In this bibliography it has been my endeavour to compile references for all that has been written on the history of Dutch medicine in our country and elsewhere in our age The main concern of this work is with the medicine of the Northern Netherlands However before the end of the sixteenth century the Northern and Southern Netherlands were not yet divided into two separate countries they were still politically one and for the greater part spoke the same Flemish language So before their separation the present day Belgium and Netherlands also had a common medical history Therefore many entries have been included which bear on early and sometimes later Flemish medicine but it has not been the intention to strive for completeness in this respect *Acta Historiae Neerlandicae* J. Eclipsed Entrepôts of the Western Pacific John E. Wills Jr.,2024-12-11 Among the great entrepôts around the Pacific there were some which had such great advantages of location that for many centuries there always was a trade center somewhere in the vicinity Others rose to prominence for a time when the political and economic conditions were right but then were eclipsed and almost forgotten In the 1600s Taiwan was a vortex of world trade and great power rivalry but then became a remote frontier of the great Qing Empire Hoi An in central Vietnam was another major center of foreign trade strongly encouraged by the local Nguyen rulers from the 1500s to the 1770s but then was shattered by the Tayson Rebellion and revived only in very different form under the 19th century Nguyen dynasty This volume offers access to the scattered but excellent scholarship on these two intriguing cases which help throw light on the success of other centers such as Macao or Manila
