## **Girl In Need Of A Tourniquet Memoir Of A Borderline Personality:**

Girl in Need of a Tourniquet Merri Lisa Johnson, 2010-07 An honest and compelling memoir *Girl in Need of a Tourniquet* is Merri Lisa Johnson's account of her borderline personality disorder and how it has affected her life and relationships. Johnson describes the feeling of bleeding out, unable to tell where she stopped and where her partner began. A self-confessed psycho girlfriend, she was influenced by many emotional factors from her past. She recalls her path through a dysfunctional destructive relationship while recounting the experiences that brought her to her breaking point. In recognizing her struggle with borderline personality disorder, Johnson is ultimately able to seek help, embarking on a soul-searching healing process. It is a path that is painful, difficult, and at times heart-wrenching, but ultimately makes her more able to love and coexist in healthy relationships.

*Borderline Personality Disorder* Barbara Stanley, Antonia S. New, 2018 Until recently, borderline personality disorder has been the stepchild of psychiatric disorders. Many researchers even questioned its existence. Clinicians have been reluctant to reveal the diagnosis to patients because of the stigma attached to it. But individuals with BPD suffer terribly, and a significant proportion die by suicide and engage in non-suicidal self-injury. This volume provides state-of-the-art information on clinical course, epidemiology, comorbidities, and specialized treatments.

The Buddha and the Borderline Kiera Van Gelder, 2010-08-01 Kiera Van Gelder's first suicide attempt at the age of twelve marked the onset of her struggles with drug addiction, depression, post-traumatic stress, self-harm, and chaotic romantic relationships, all of which eventually led to doctors' belated diagnosis of borderline personality disorder twenty years later. *The Buddha and the Borderline* is a window into this mysterious and debilitating condition, an unblinking portrayal of one woman's fight against the emotional devastation of borderline personality disorder. This haunting intimate memoir chronicles both the devastating period that led to Kiera's eventual diagnosis and her inspirational recovery through therapy, Buddhist spirituality, and a few online dates gone wrong. Kiera's story sheds light on the private struggle to transform suffering into compassion for herself and others and is essential reading for all seeking to understand what it truly means to recover and reclaim the desire to live.

Finding the plot: A Maternal Approach to Madness in Literature Megan Rigers, 2017-12-01 Over the past fifty years feminist literary criticism has become theoretical rather than practical severing any relationship between literary analysis and the real lived experiences of women An example of this disconnect is the way in which the madwoman in feminist literature has become a lauded icon of liberation when in reality her situation would be seen as anything but empowered Finding the Plot takes this example to task arguing that in fact any interpretation of women's madness as subversive reinforces the very gender stereotypes that feminist literary criticism should be calling into question
