Girl In Need Of A Tourniquet:

Girl in Need of a Tourniquet Merri Lisa Johnson, 2010-07 An honest and compelling memoir *Girl in Need of a Tourniquet* is Merri Lisa Johnson's account of her borderline personality disorder and how it has affected her life and relationships. Johnson describes the feeling of bleeding out, unable to tell where she stopped and where her partner began. A self-confessed psycho girlfriend, she was influenced by many emotional factors from her past. She recalls her path through a dysfunctional, destructive relationship while recounting the experiences that brought her to her breaking point. In recognizing her struggle with borderline personality disorder, Johnson is ultimately able to seek help, embarking on a soul-searching healing process. It is a path that is painful, difficult, and at times heart-wrenching, but ultimately makes her more able to love and coexist in healthy relationships.

Epidemic Wanda Landry, 2014-12-09 Dear Reader, The events and characters in *Epidemic* are fiction. The story imitates life as difficulties strike in rapid fire of each other. Unexpected problems surface without neatly waiting for previous troubles to be resolved. Every circumstance connects to the next. Even situations that seem meaningless play a vast role in taking characters to necessary physical and emotional destinations. When life is moving along paths I would rather not take, it is encouraging to remember God's promises. May God Bless You. Wanda Landry. Romans 8:28. And we know that in all things God works for the good of those who love him, who have been called according to his purpose. NIV
