The Art of Matching Charts Gayatri Devi Vasudev, 2002-01-01

Matching of charts for marriage is a very important area of astrology. Matching becomes indispensable if we realise that there are more factors than meet the eye that go to make a marriage not only happy but also lasting. This volume on the important subject of horoscope matching is meant to give a correct idea of the complex process involved in it. It is a complete and comprehensive guide to the intricate art of matching charts. Nowhere in the world except perhaps in India have marriages survived lifelong for generations. This is solely because marriages are made on astrological factors. For the first time ever this book tells you what actually constitutes matching of charts and how to go about it. It shows you how to overcome the situation when charts show marriage breakdown due to premature death, severe incompatibility, mental and psychological aberrations, loss of spouse, infidelity. It contains practical examples from the author's case studies on good matching, poor matching, dosha-ridden matching, dosha-free matching. This book is a compilation of author's editorials that have appeared earlier in *The Astrological Magazine*. The illustrations and the questions and answers are additional and aimed at clearing some common doubts usually encountered while matching charts. It will help in removing many misconceptions on the subject amongst the laymen and in educating the students on the complex art of matching.

, *1000 Predictive Techniques* Saket Shah, 2021-09-17

Dear Reader, We know that Nadi astrology is one of the oldest forms of astrology, originated from the country of India. It is based on the belief that the past, present and future lives of all humans were foreseen by Hindu sages in ancient times. Nadi Astrology is like a mirror of your karmas in the previous birth(s). While this is not entirely accurate for simplicity's sake, let's say there are two options associated with your Karma. You either live out your mistakes or you can overcome them by performing corrective actions in a proactive manner. This goes for all living beings. In this book, I am going to give you 1000 predictive techniques which are mentioned in Nadi astrology. By using these techniques, you can use any horoscope and predict many things easily. We know what wonders Nadi astrology can do. These are very simple and accurate methods of prediction in astrology. I hope readers will enjoy this book and will find this book highly useful in prediction. I welcome all of you to my journey of astrology and divine knowledge. Regards, Saket Shah
